

The background of the slide is an abstract composition of numerous overlapping, irregular blobs. These blobs are arranged in a roughly concentric pattern, with the innermost blobs being a deep forest green and the outermost blobs being a lighter, yellowish-green. The overall effect is a textured, organic, and somewhat hypnotic visual field.

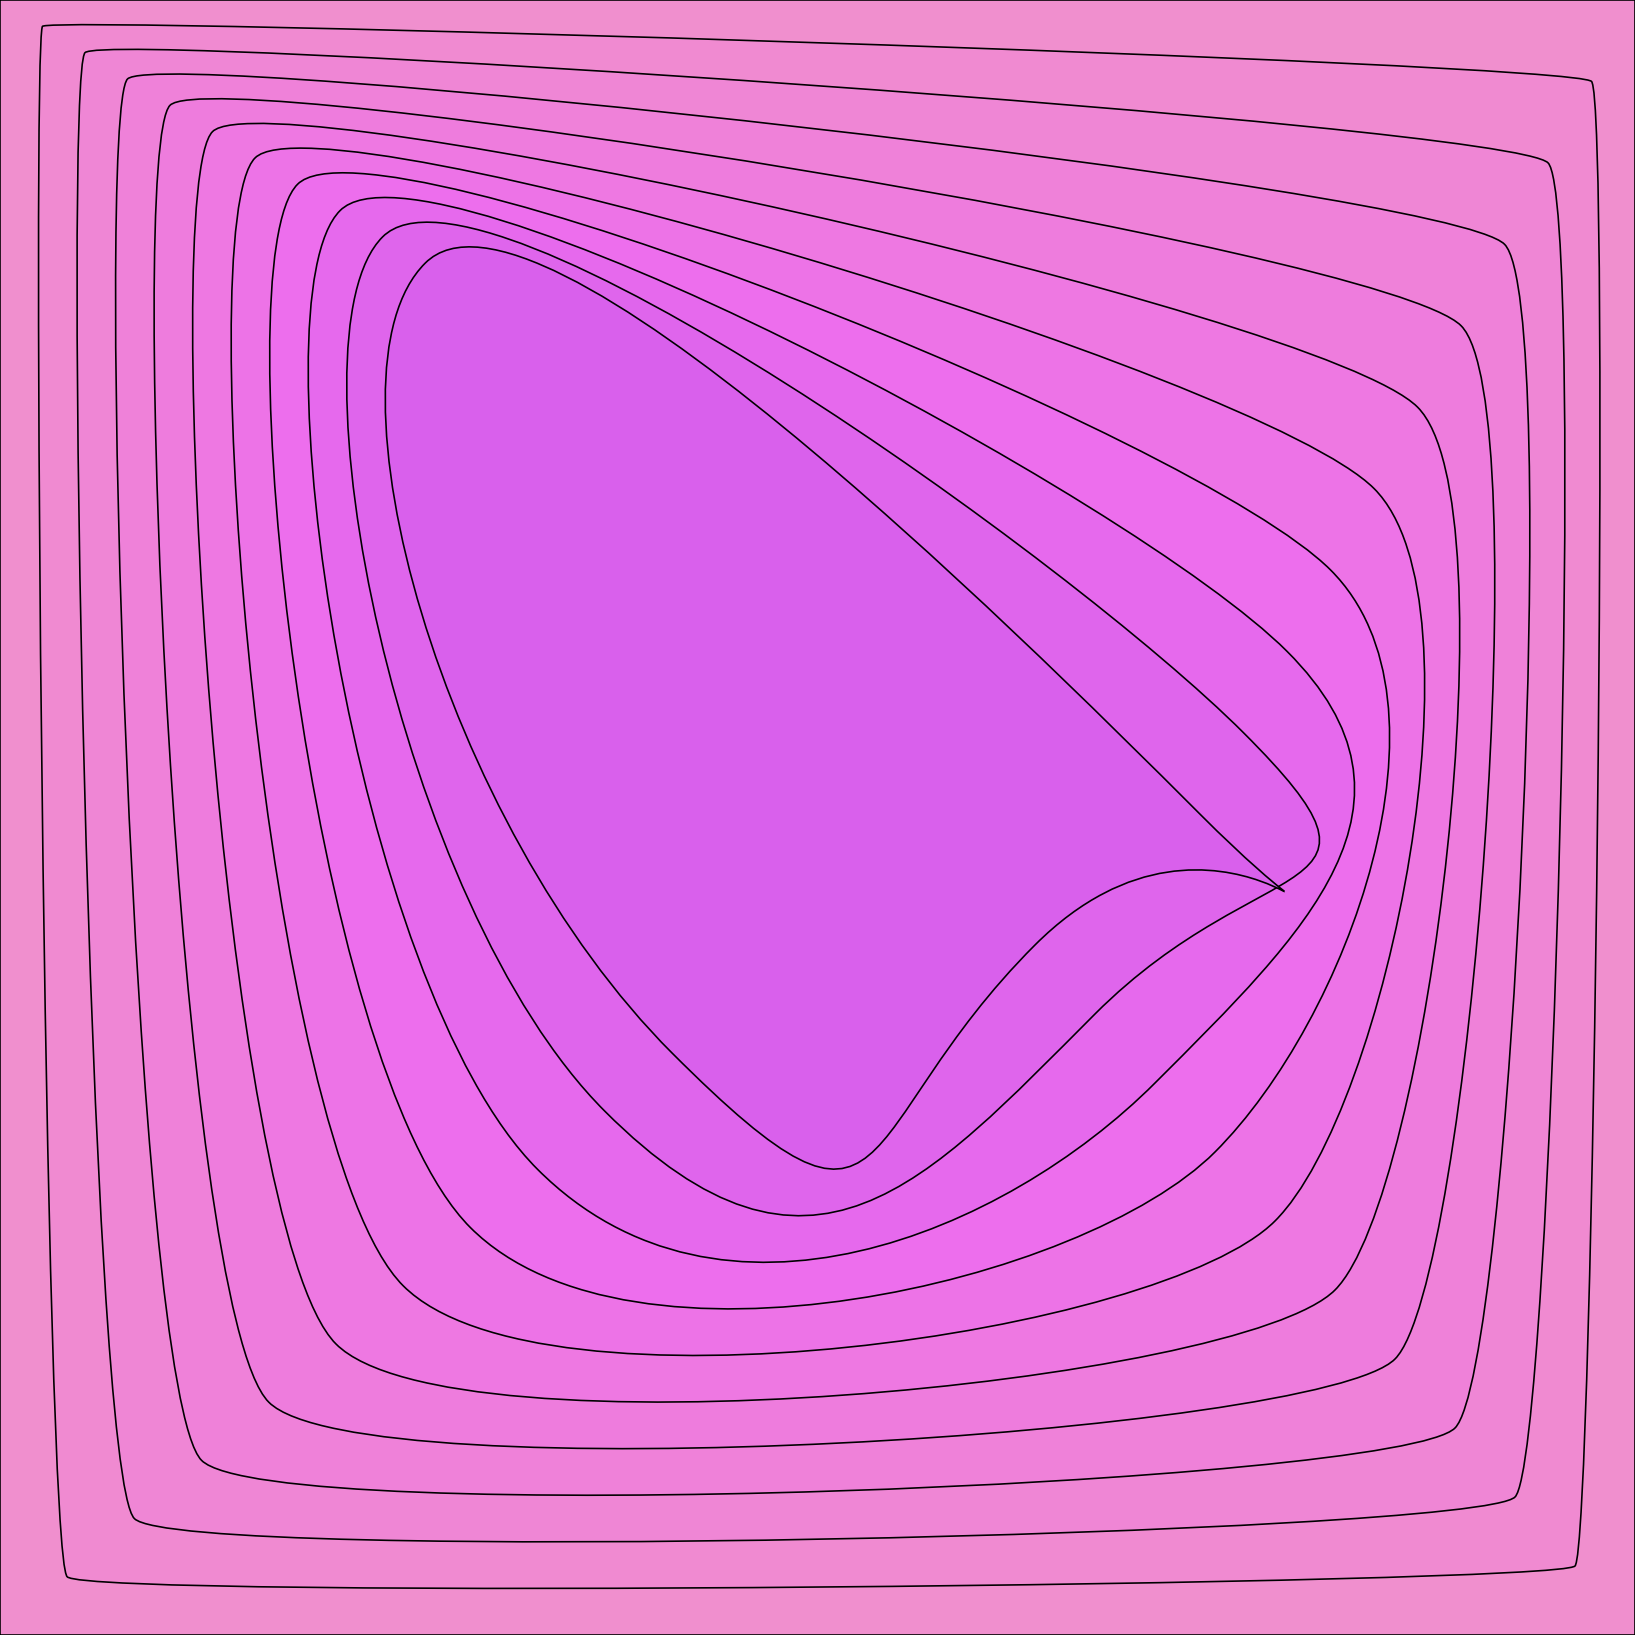

100 random blobs

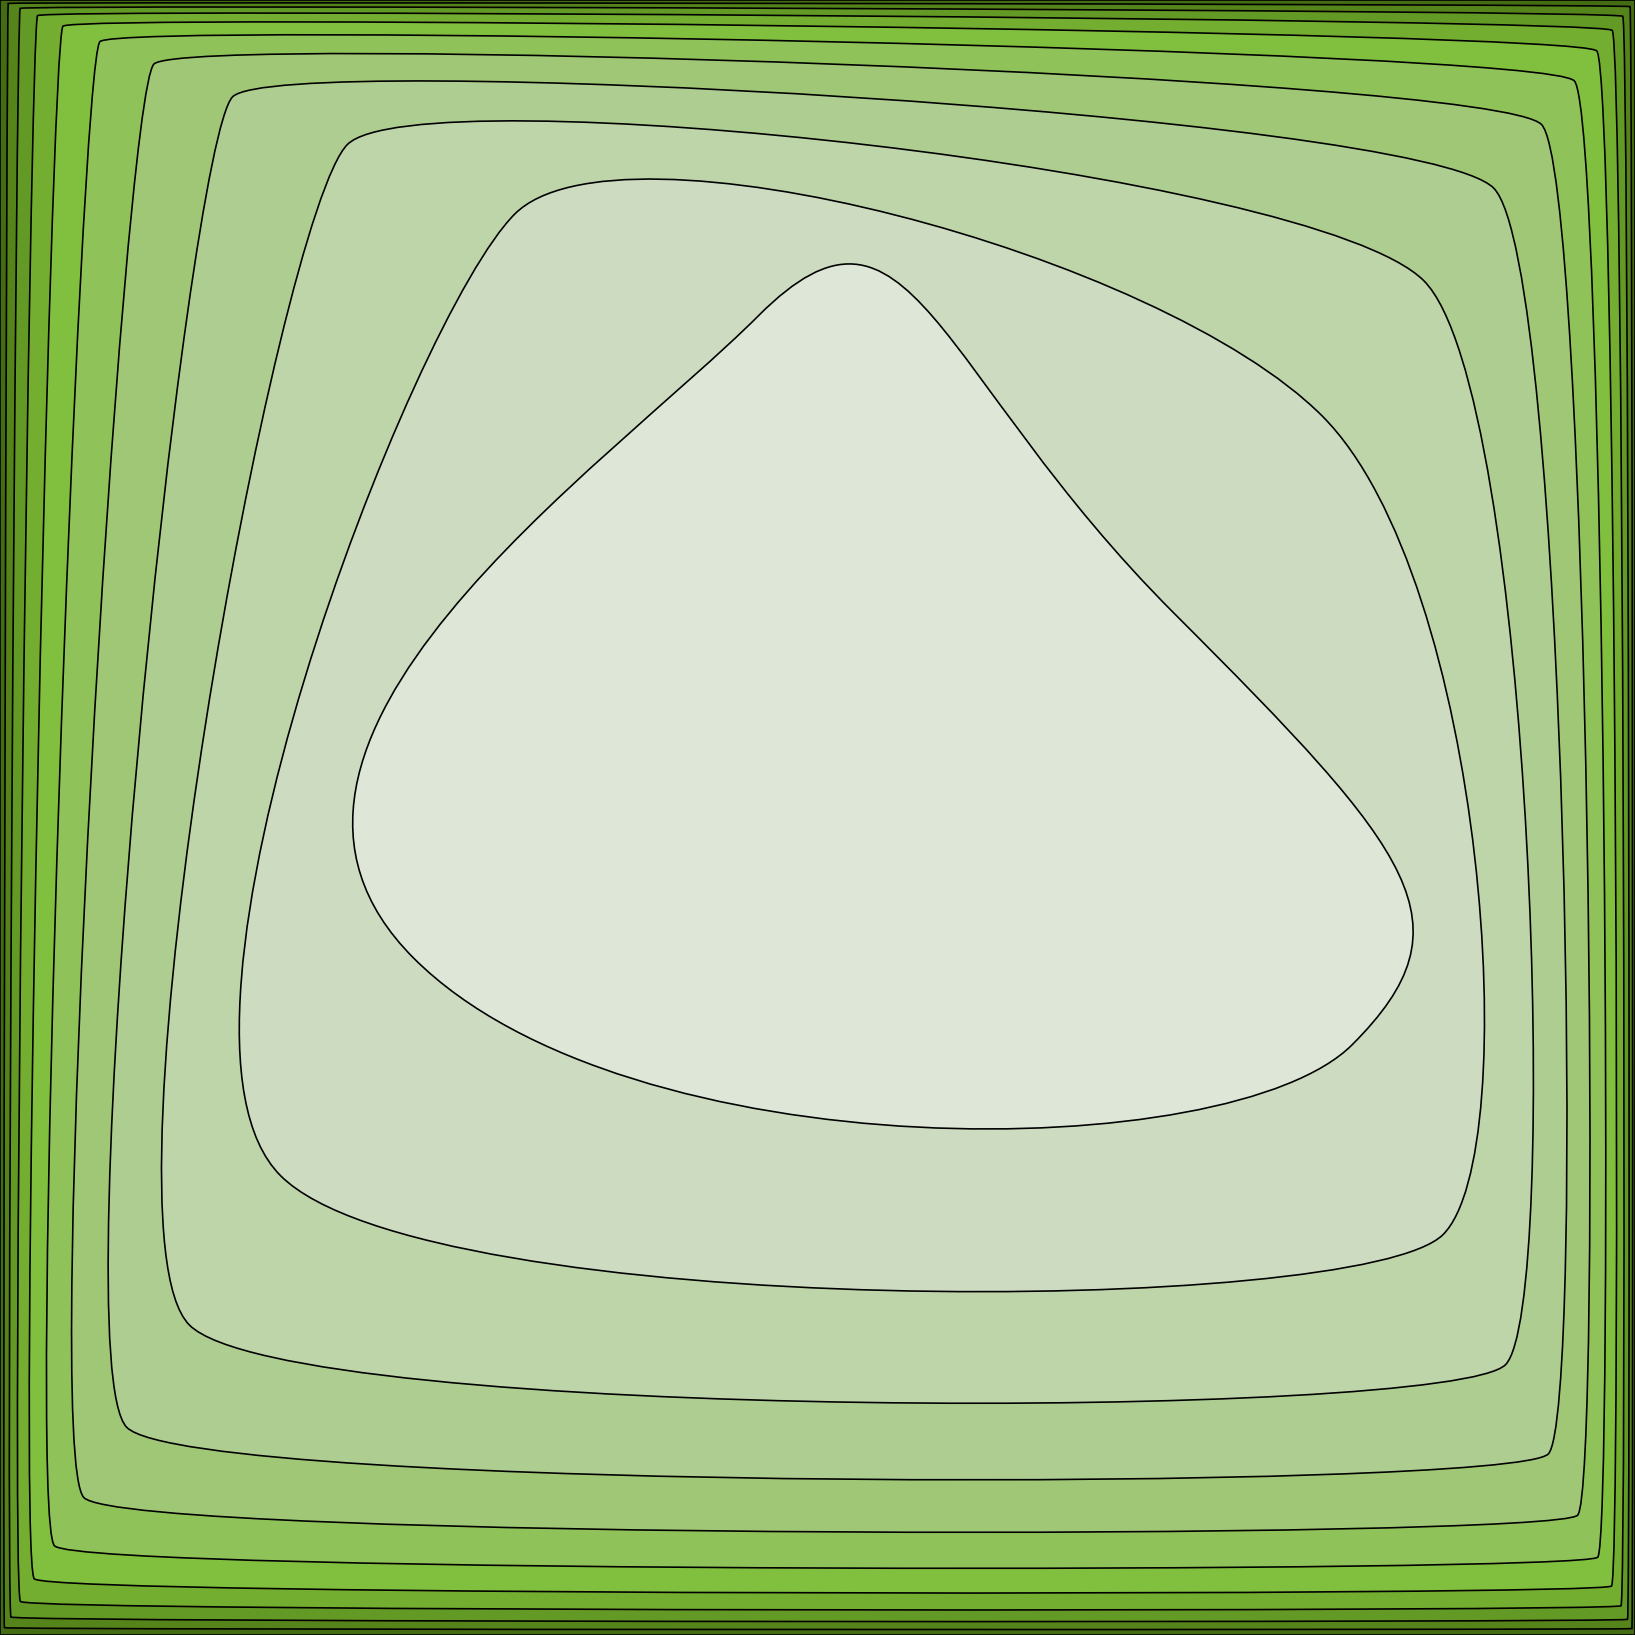

July the 22nd, 2016 — Vasilis van Gemert

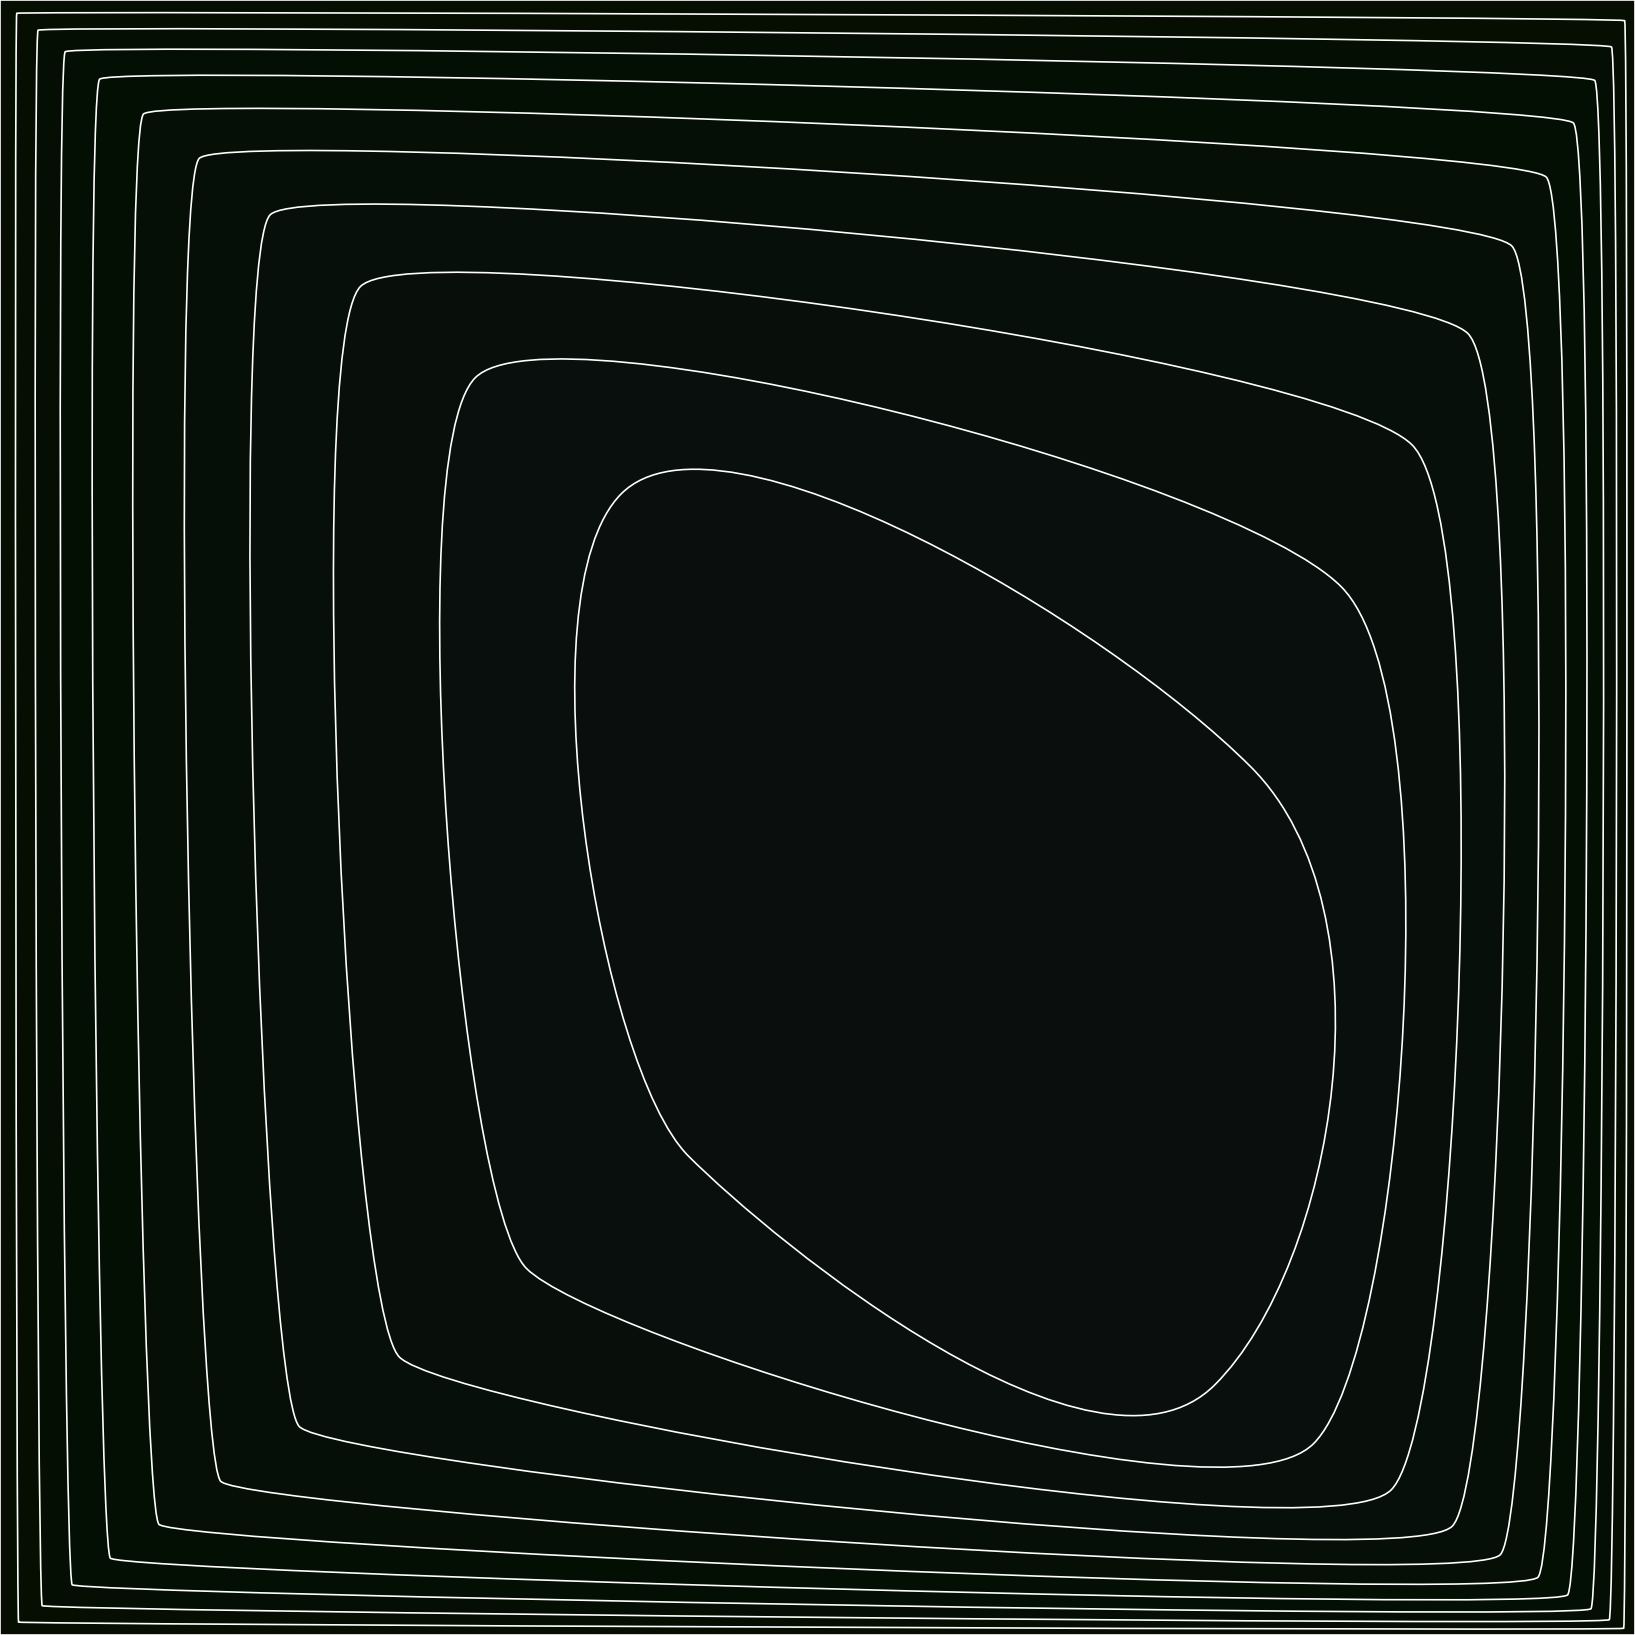

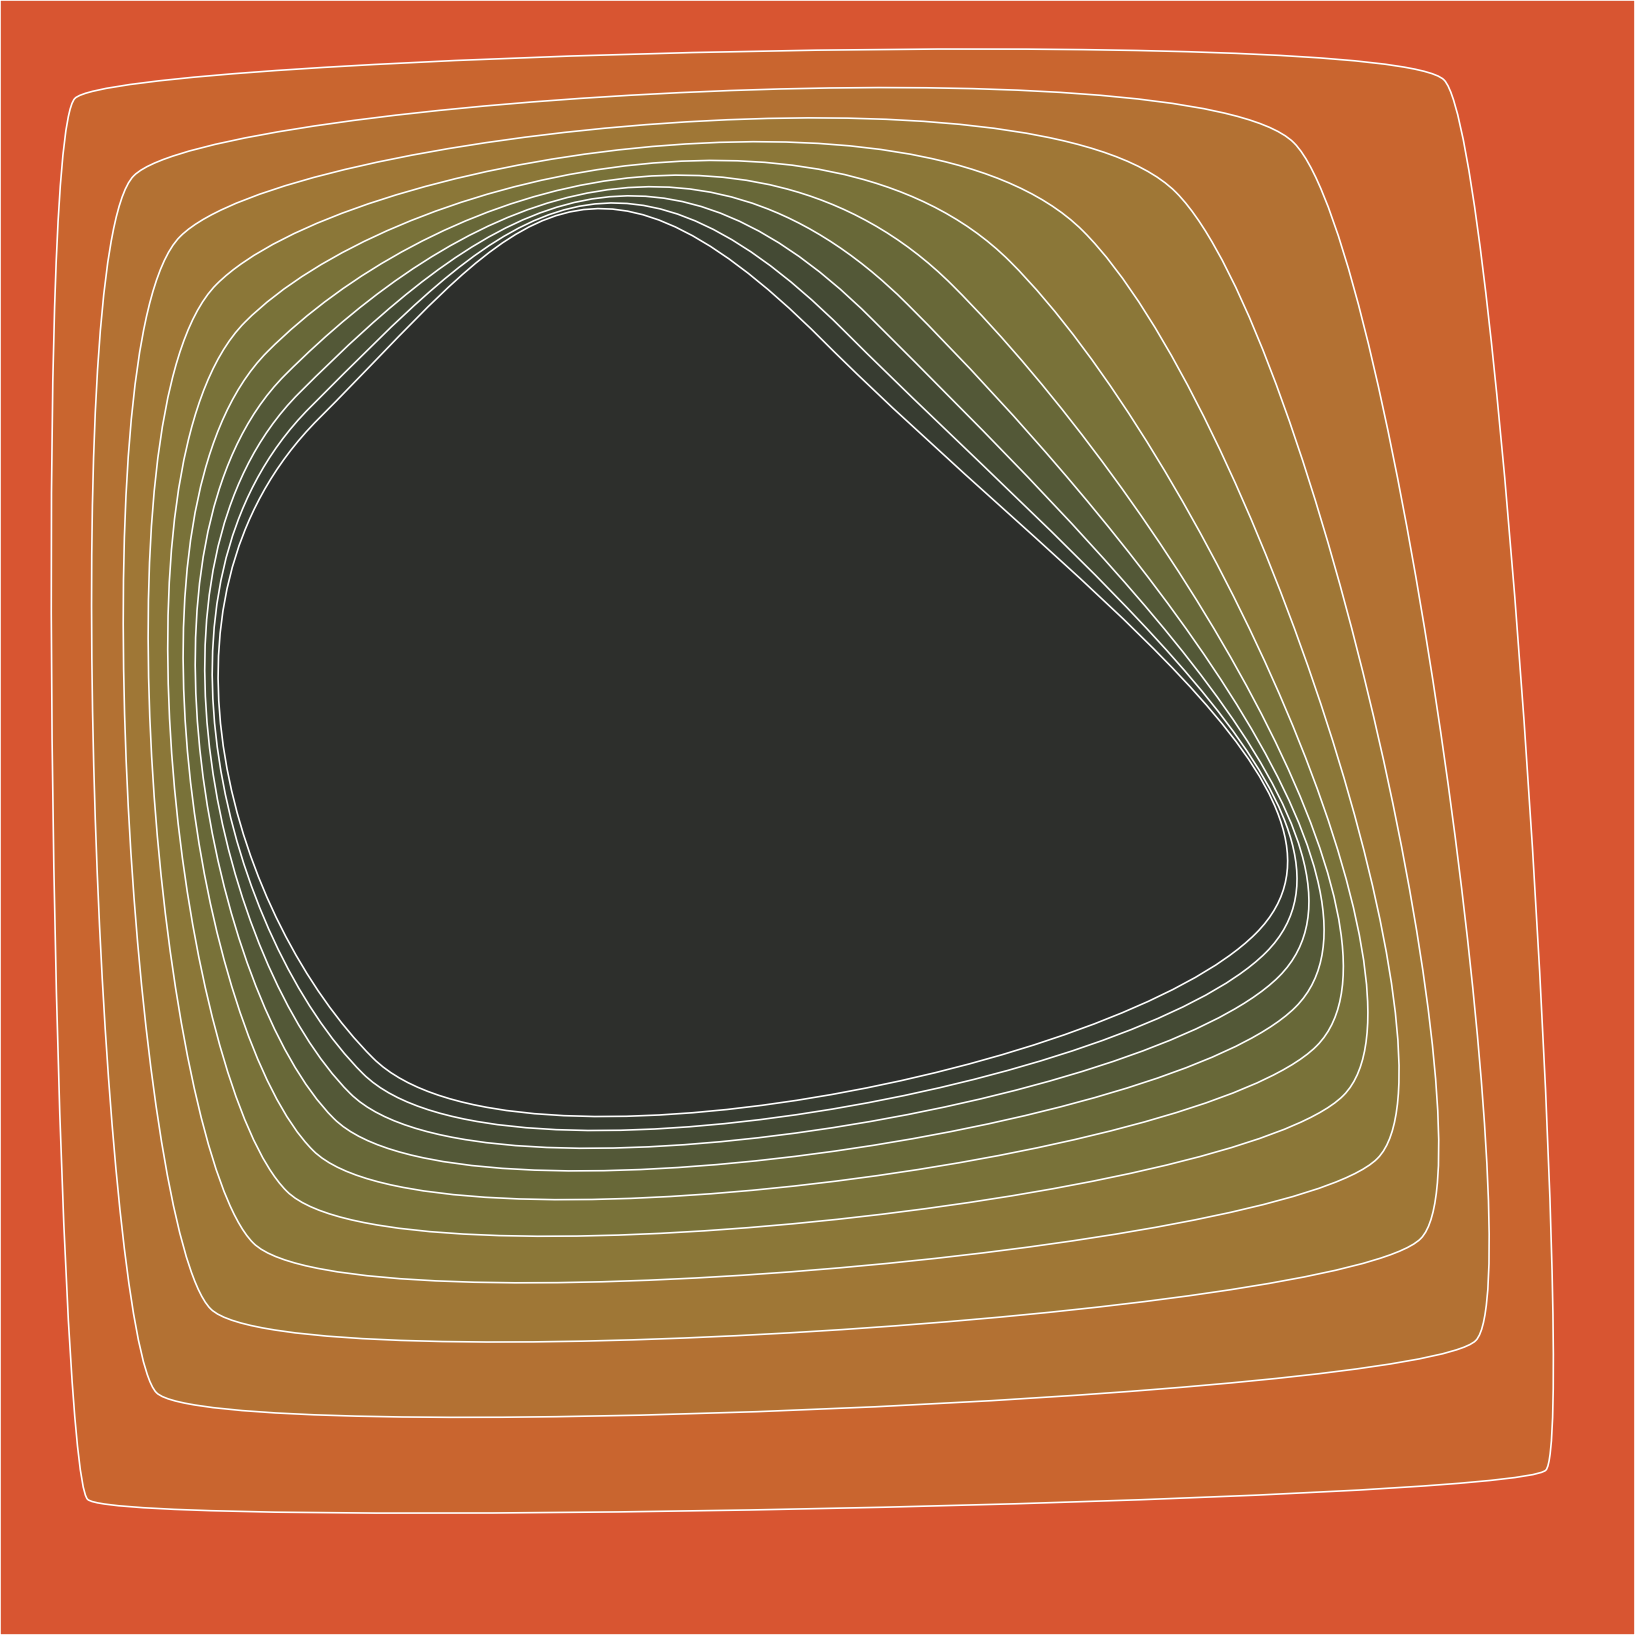

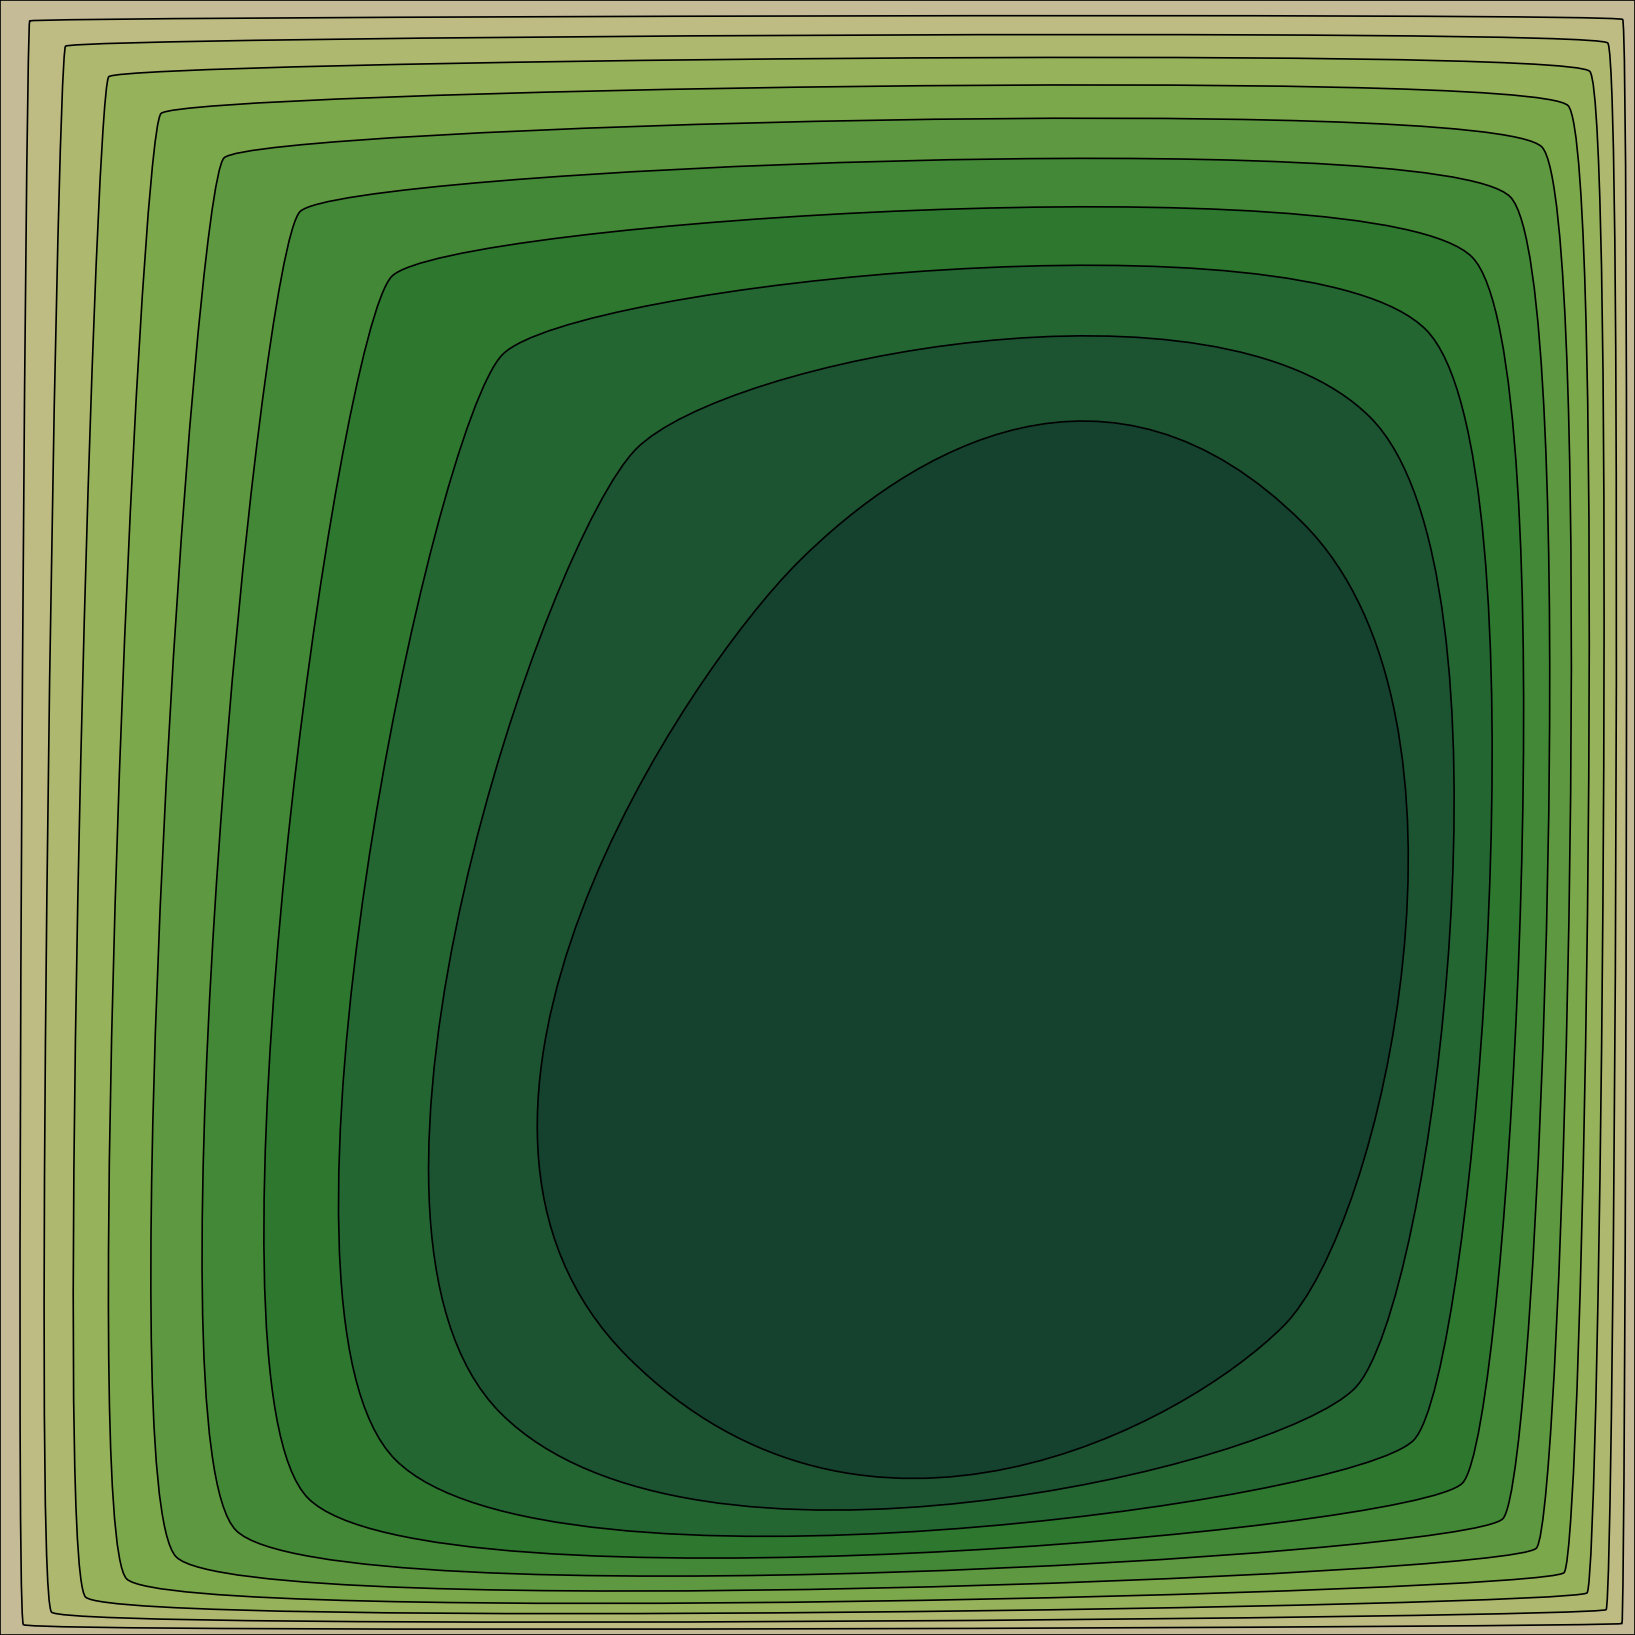

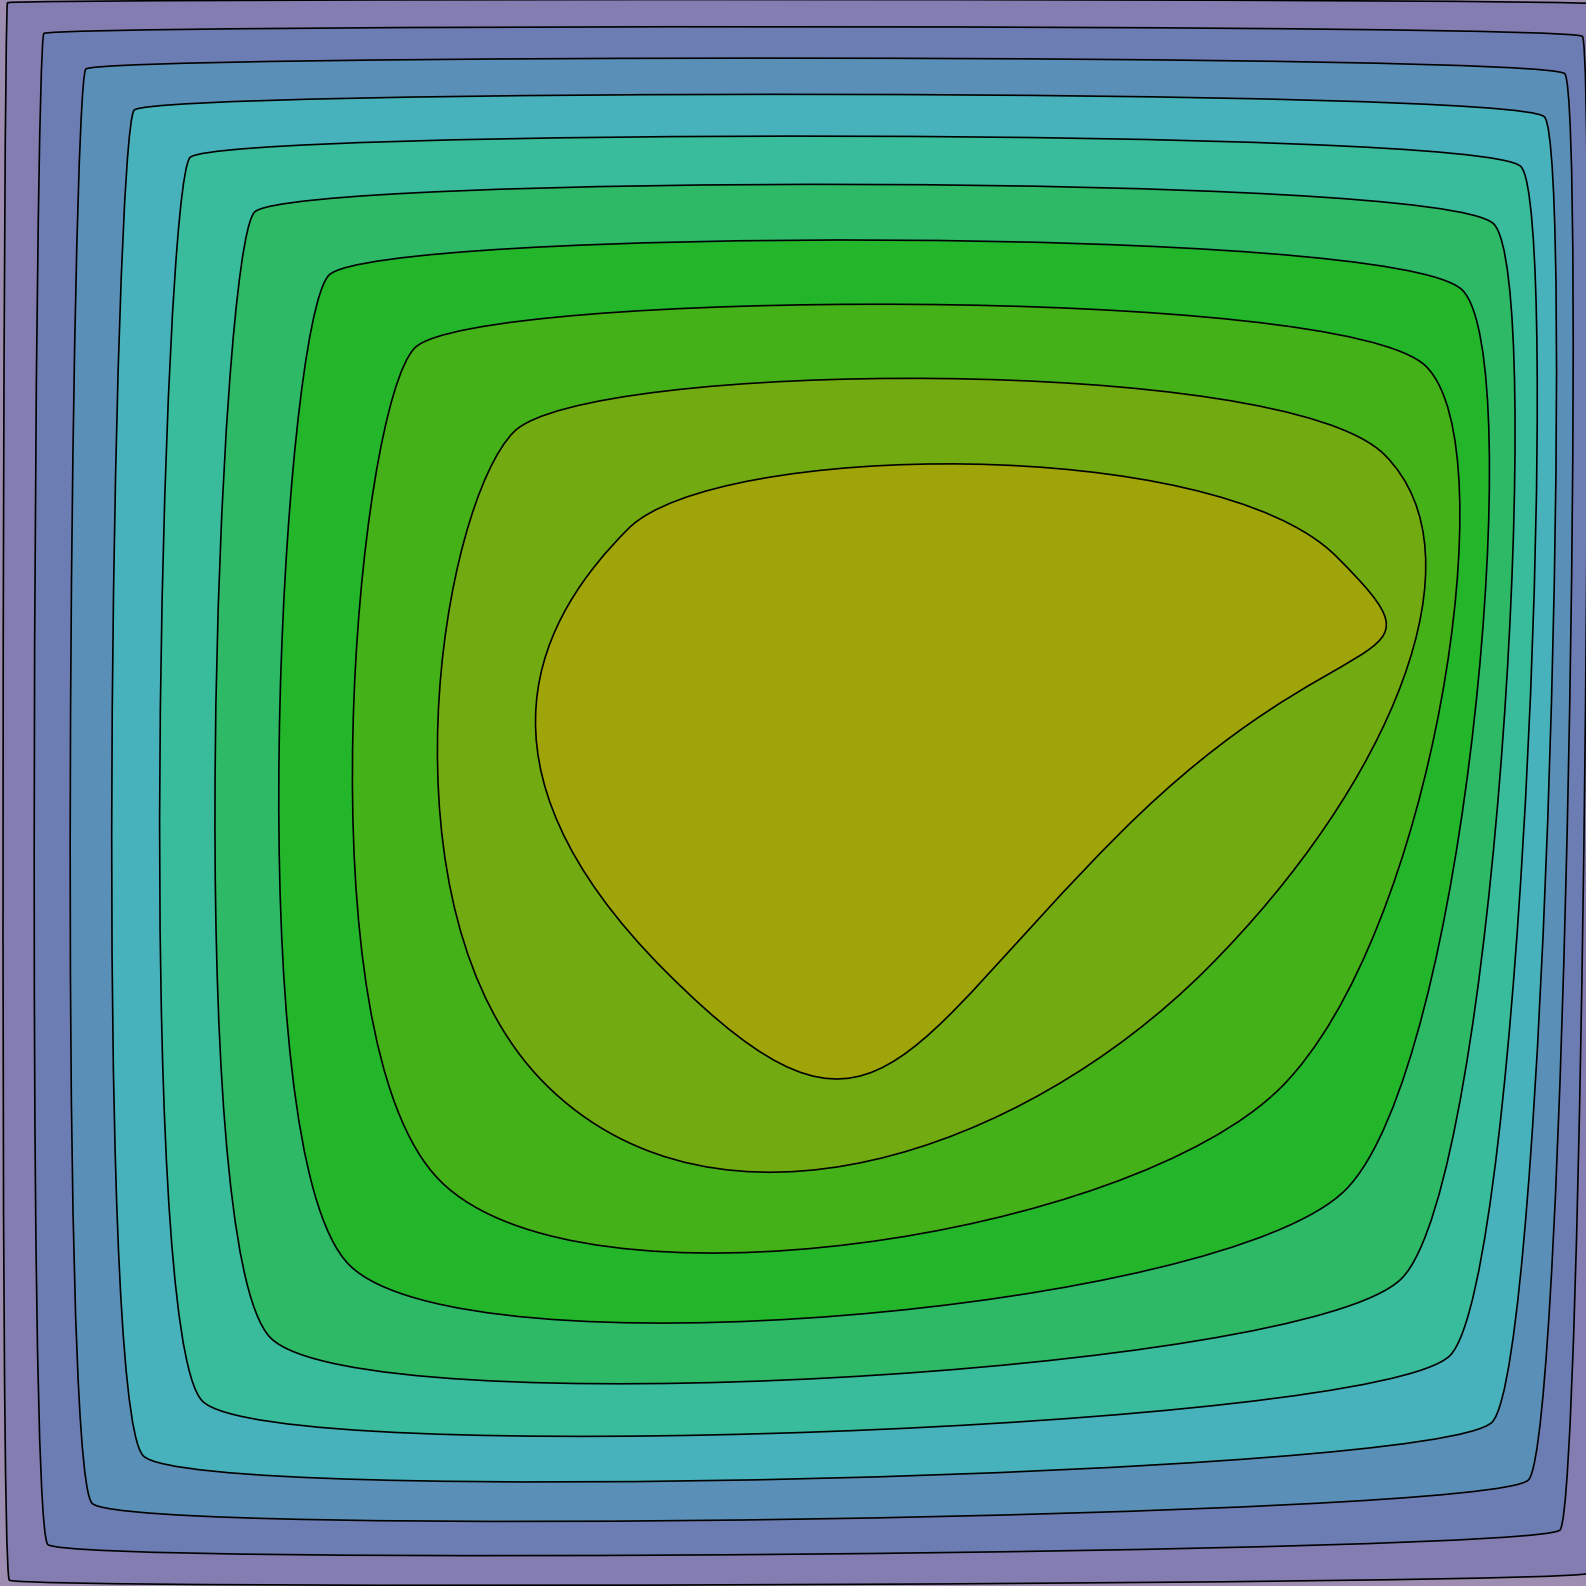

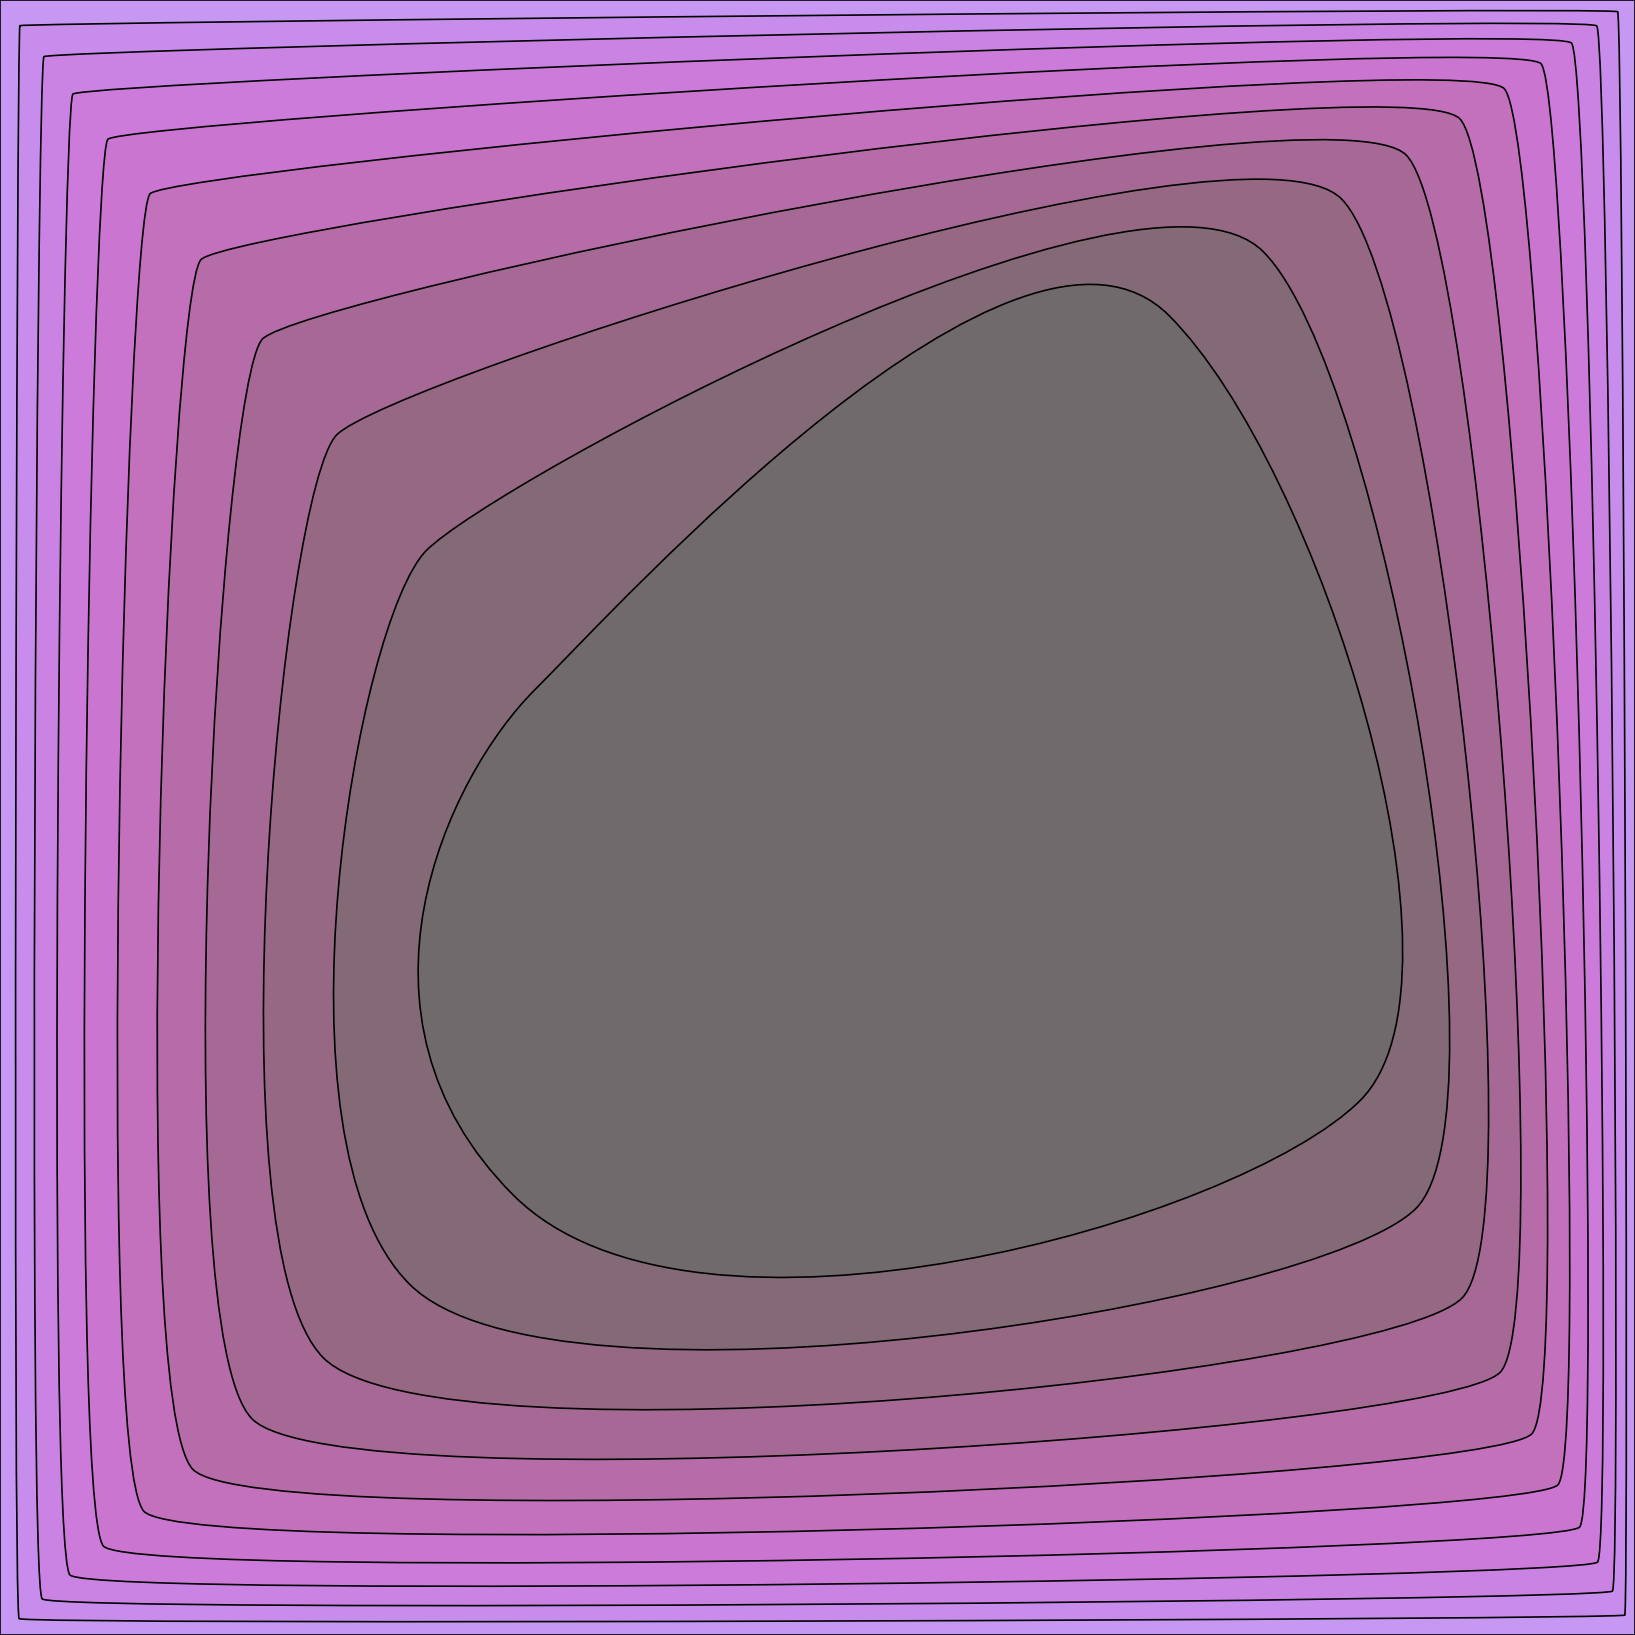

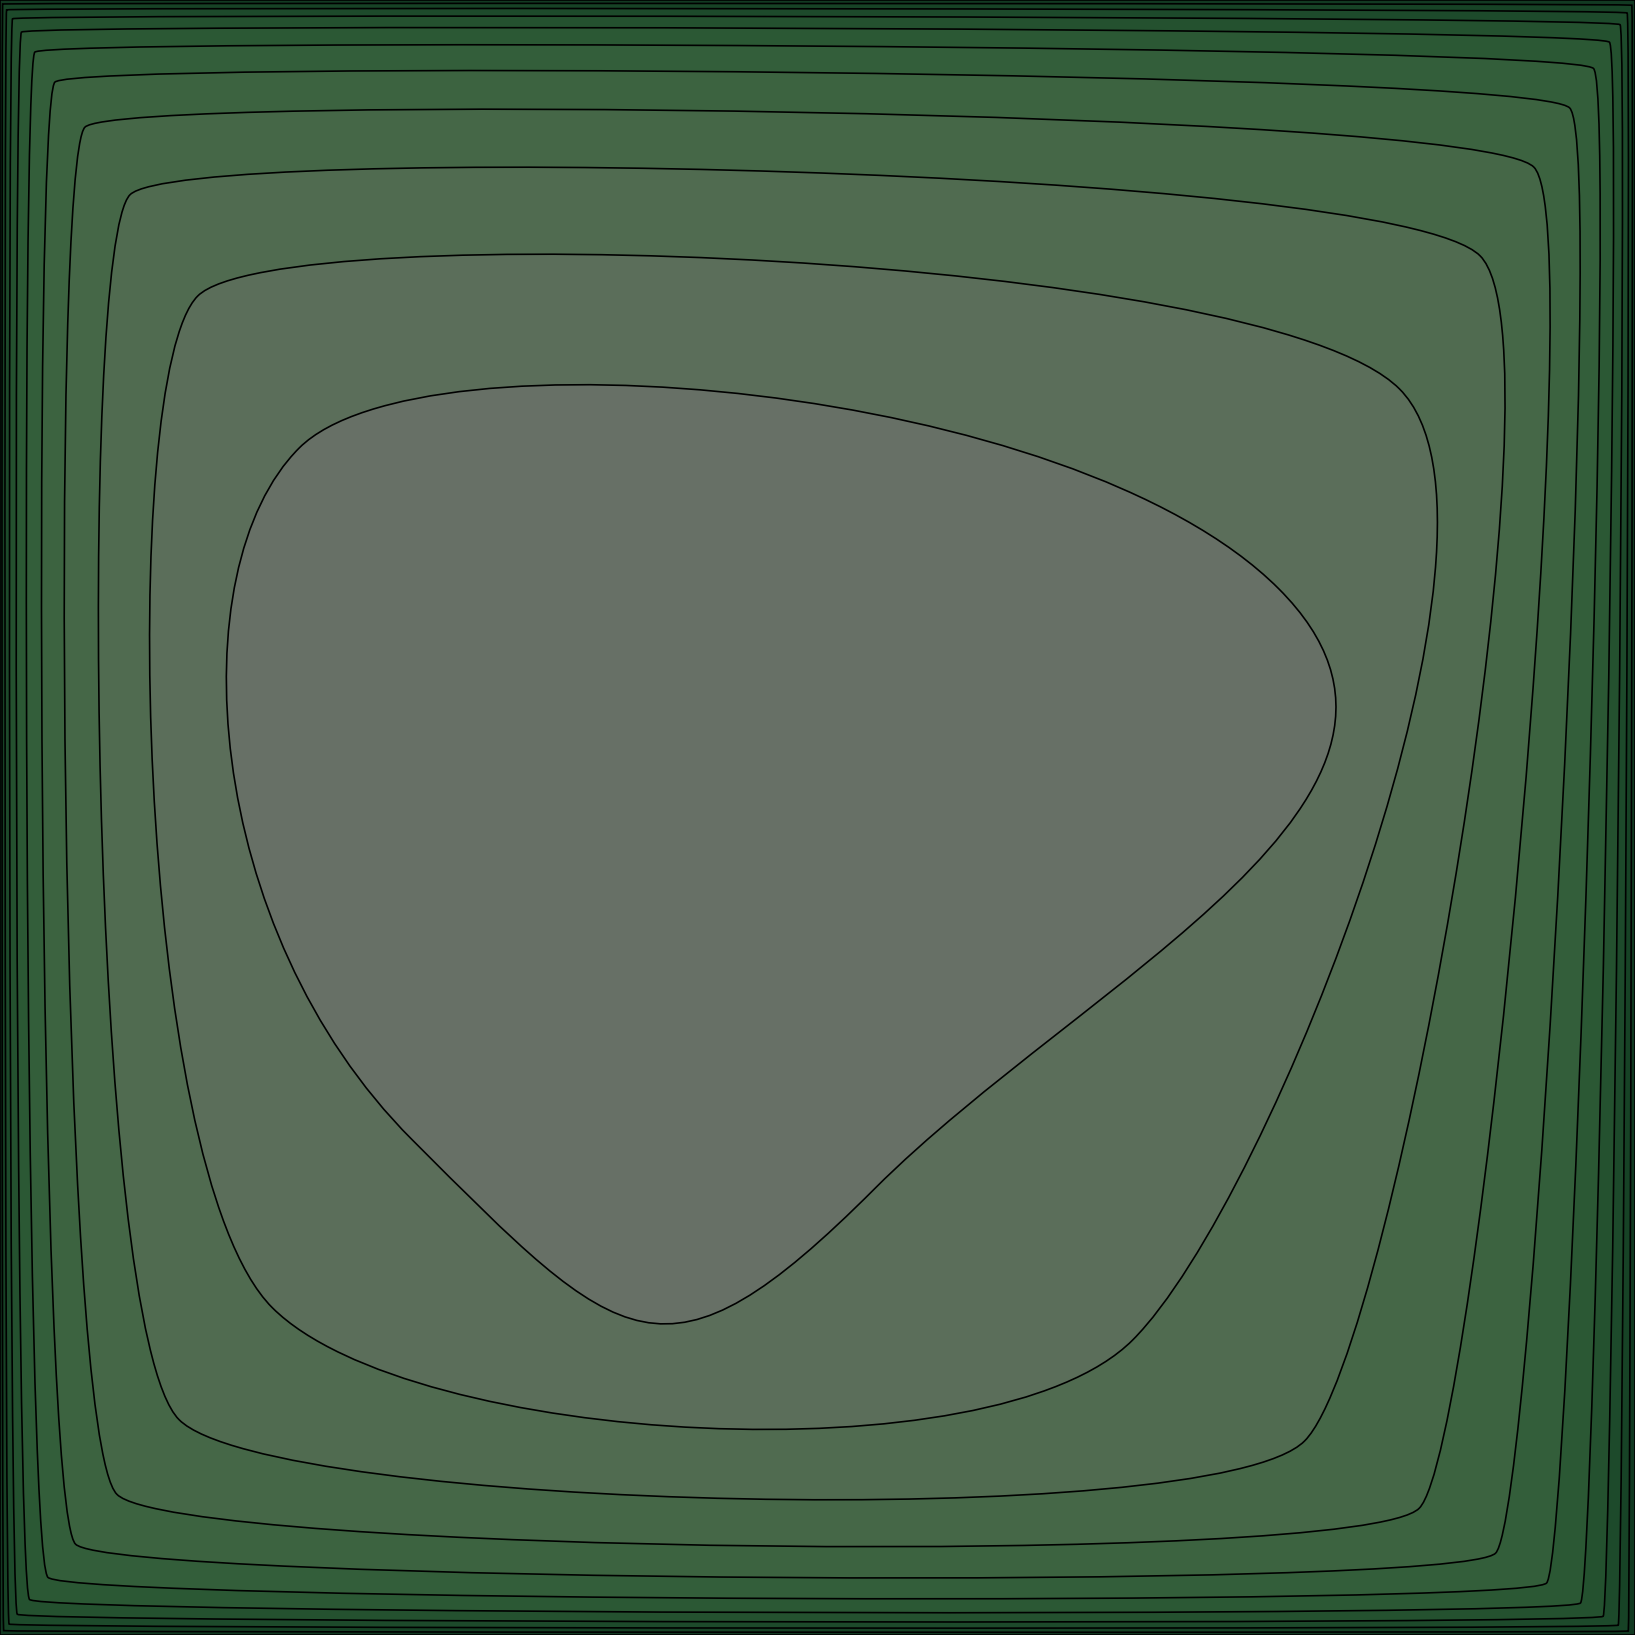

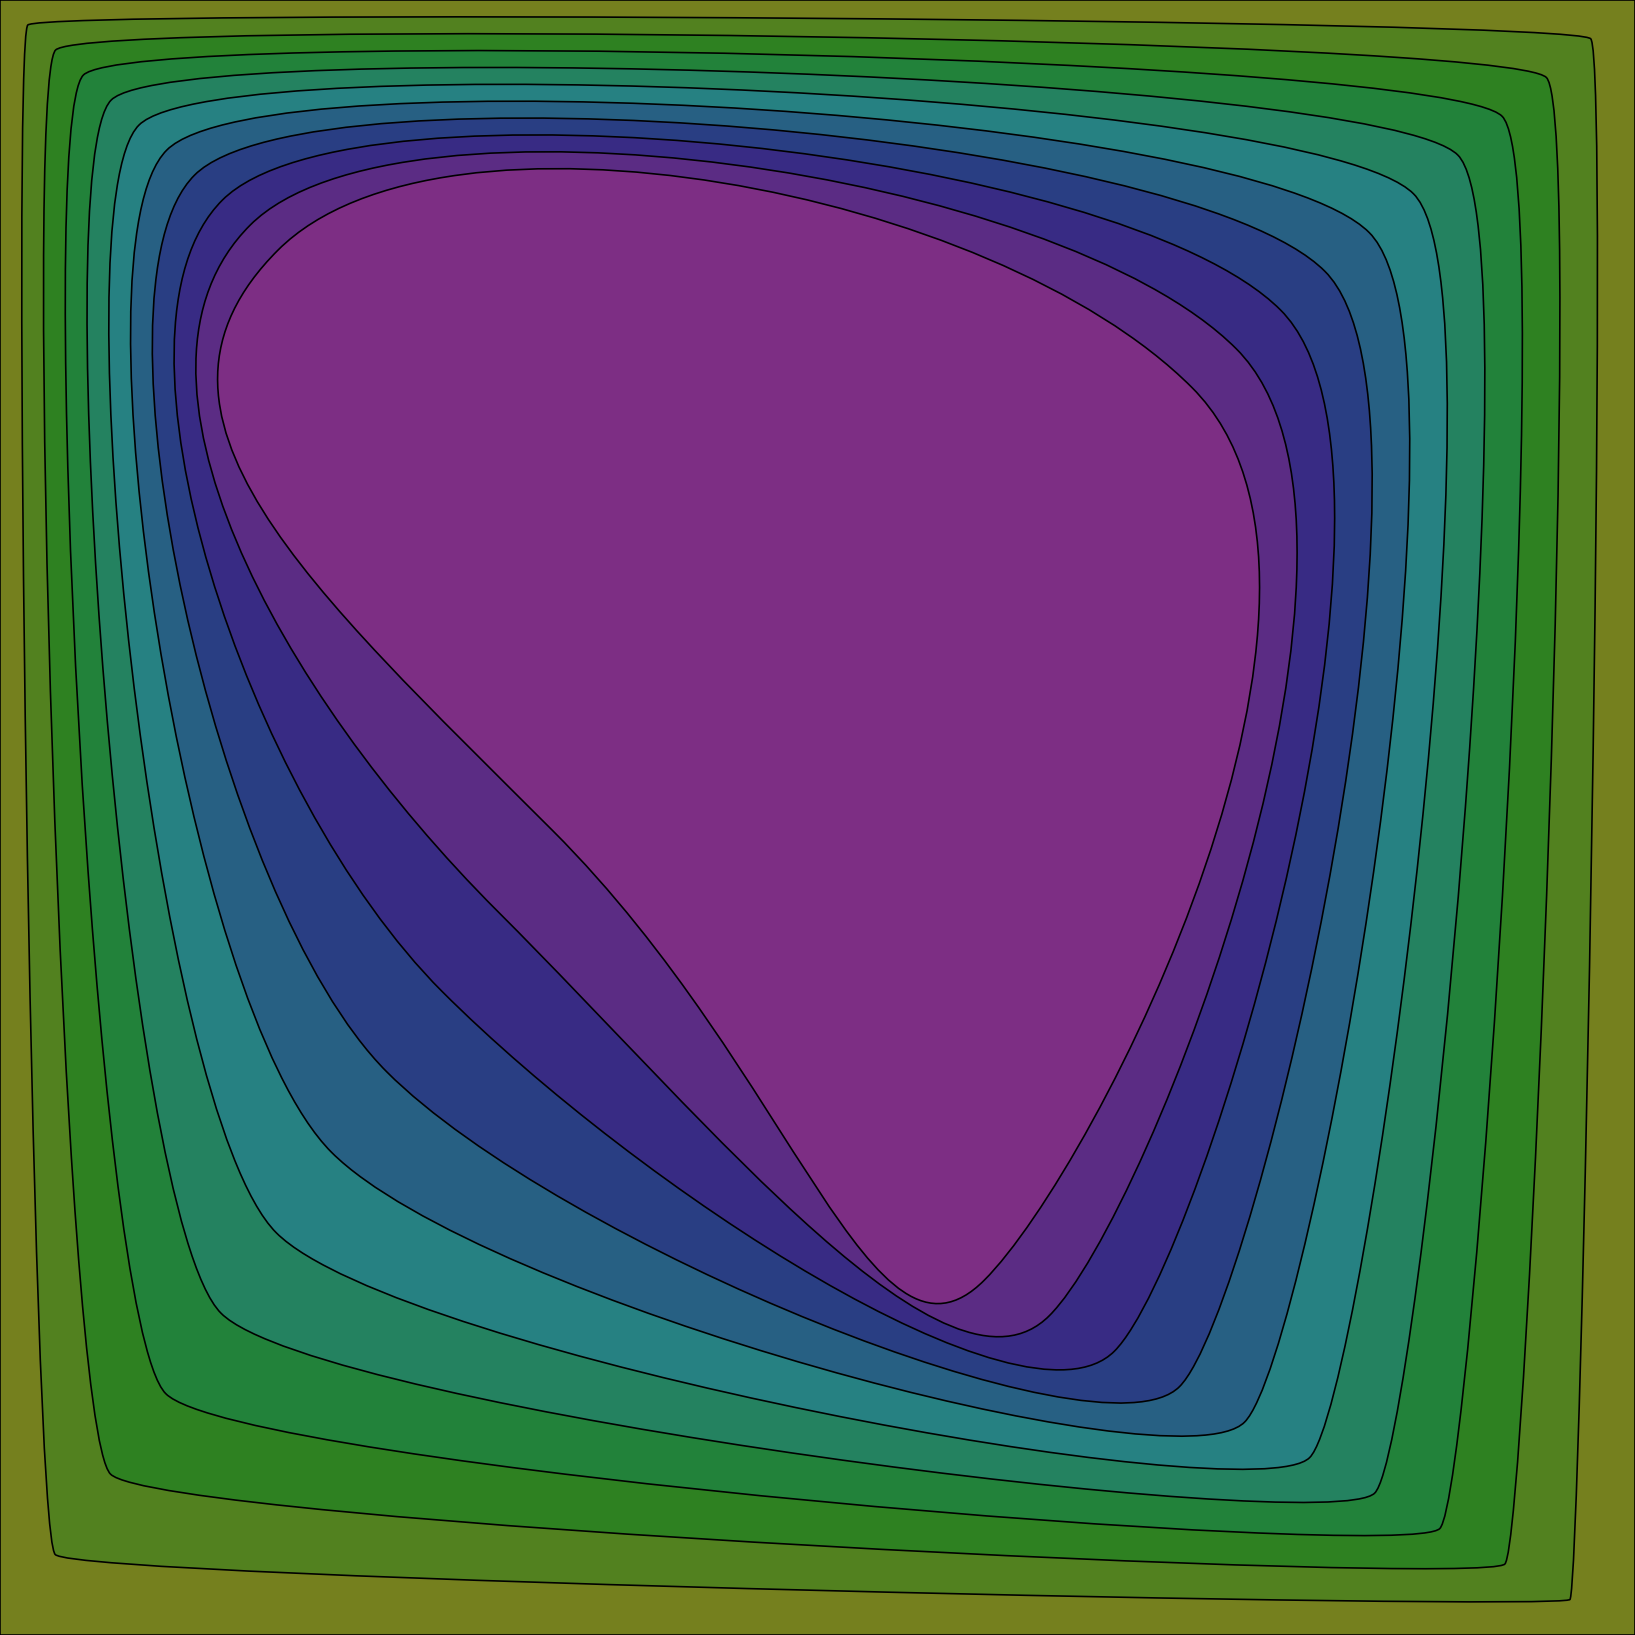

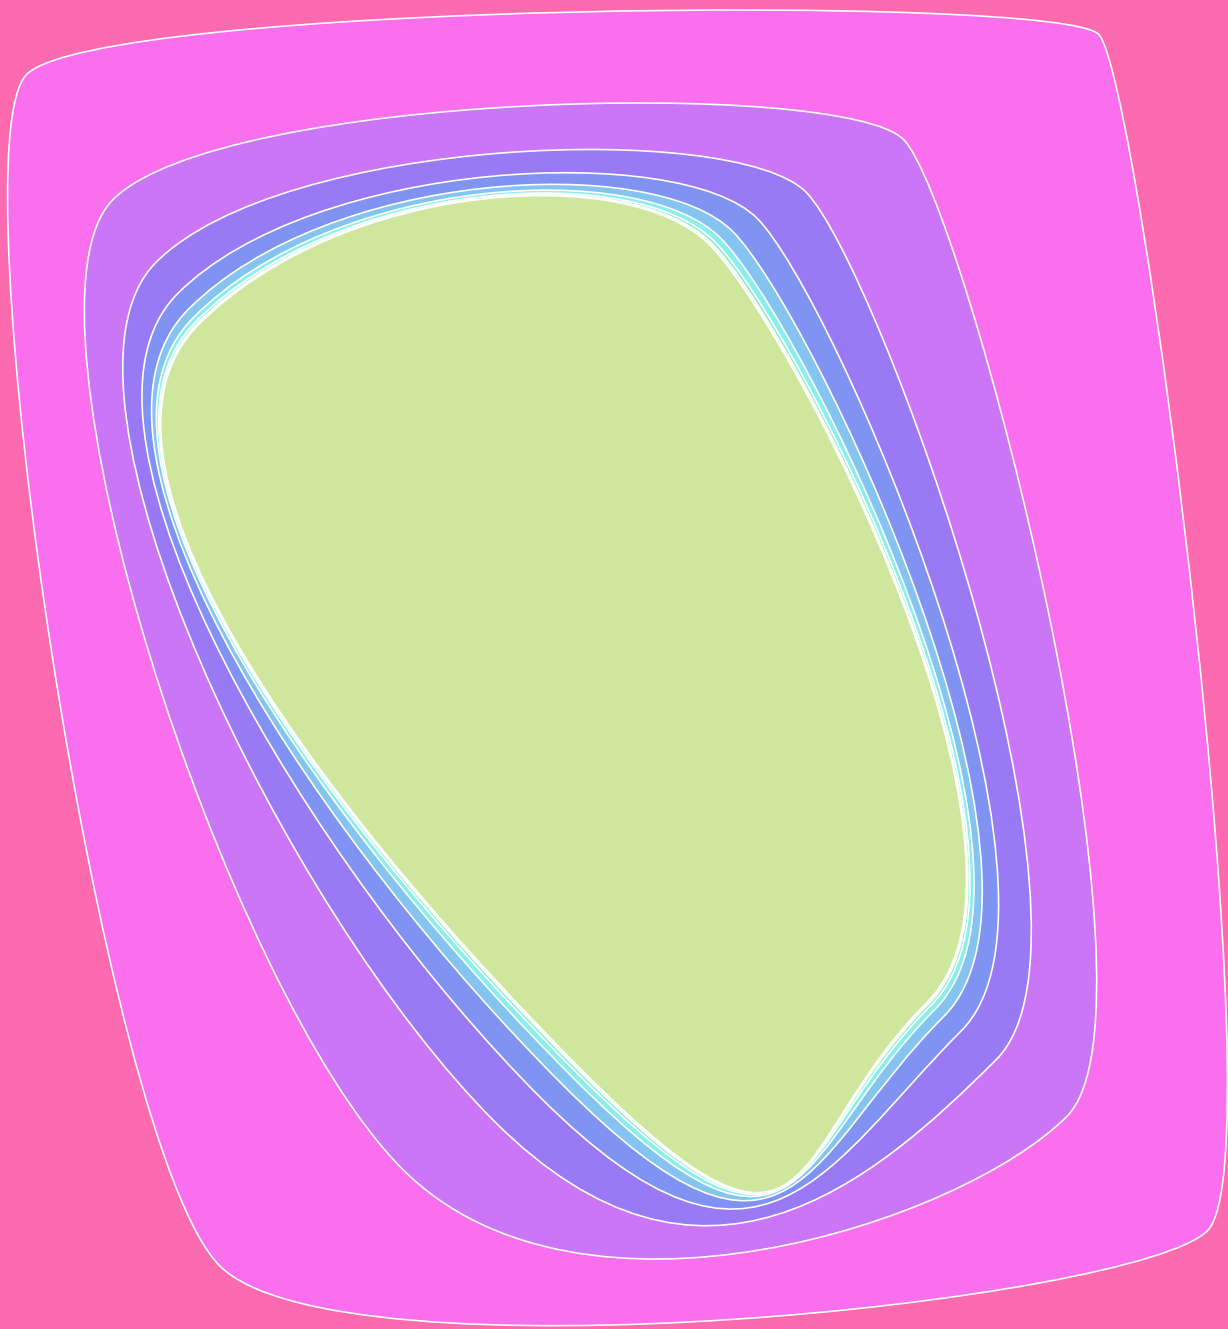

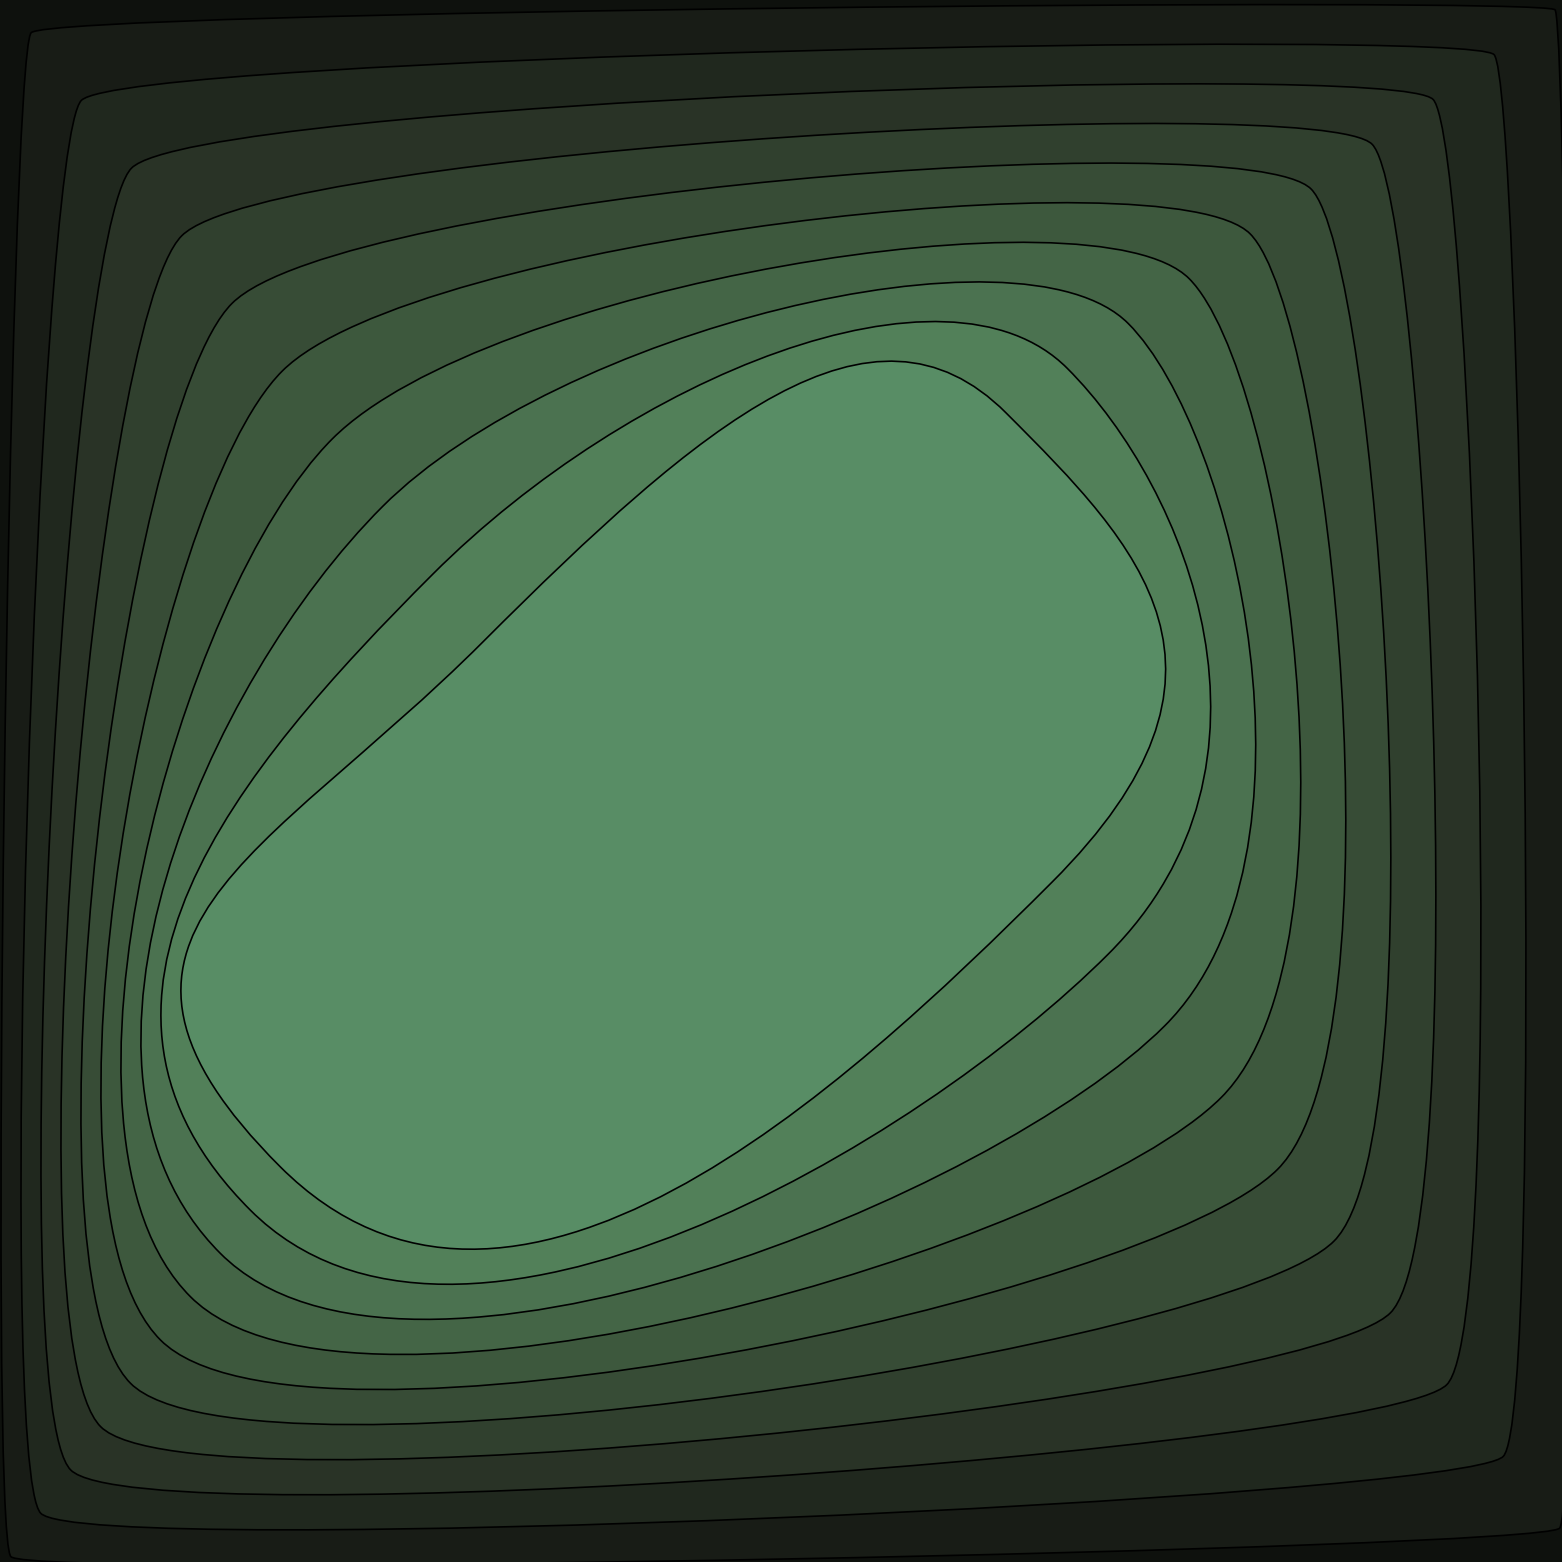

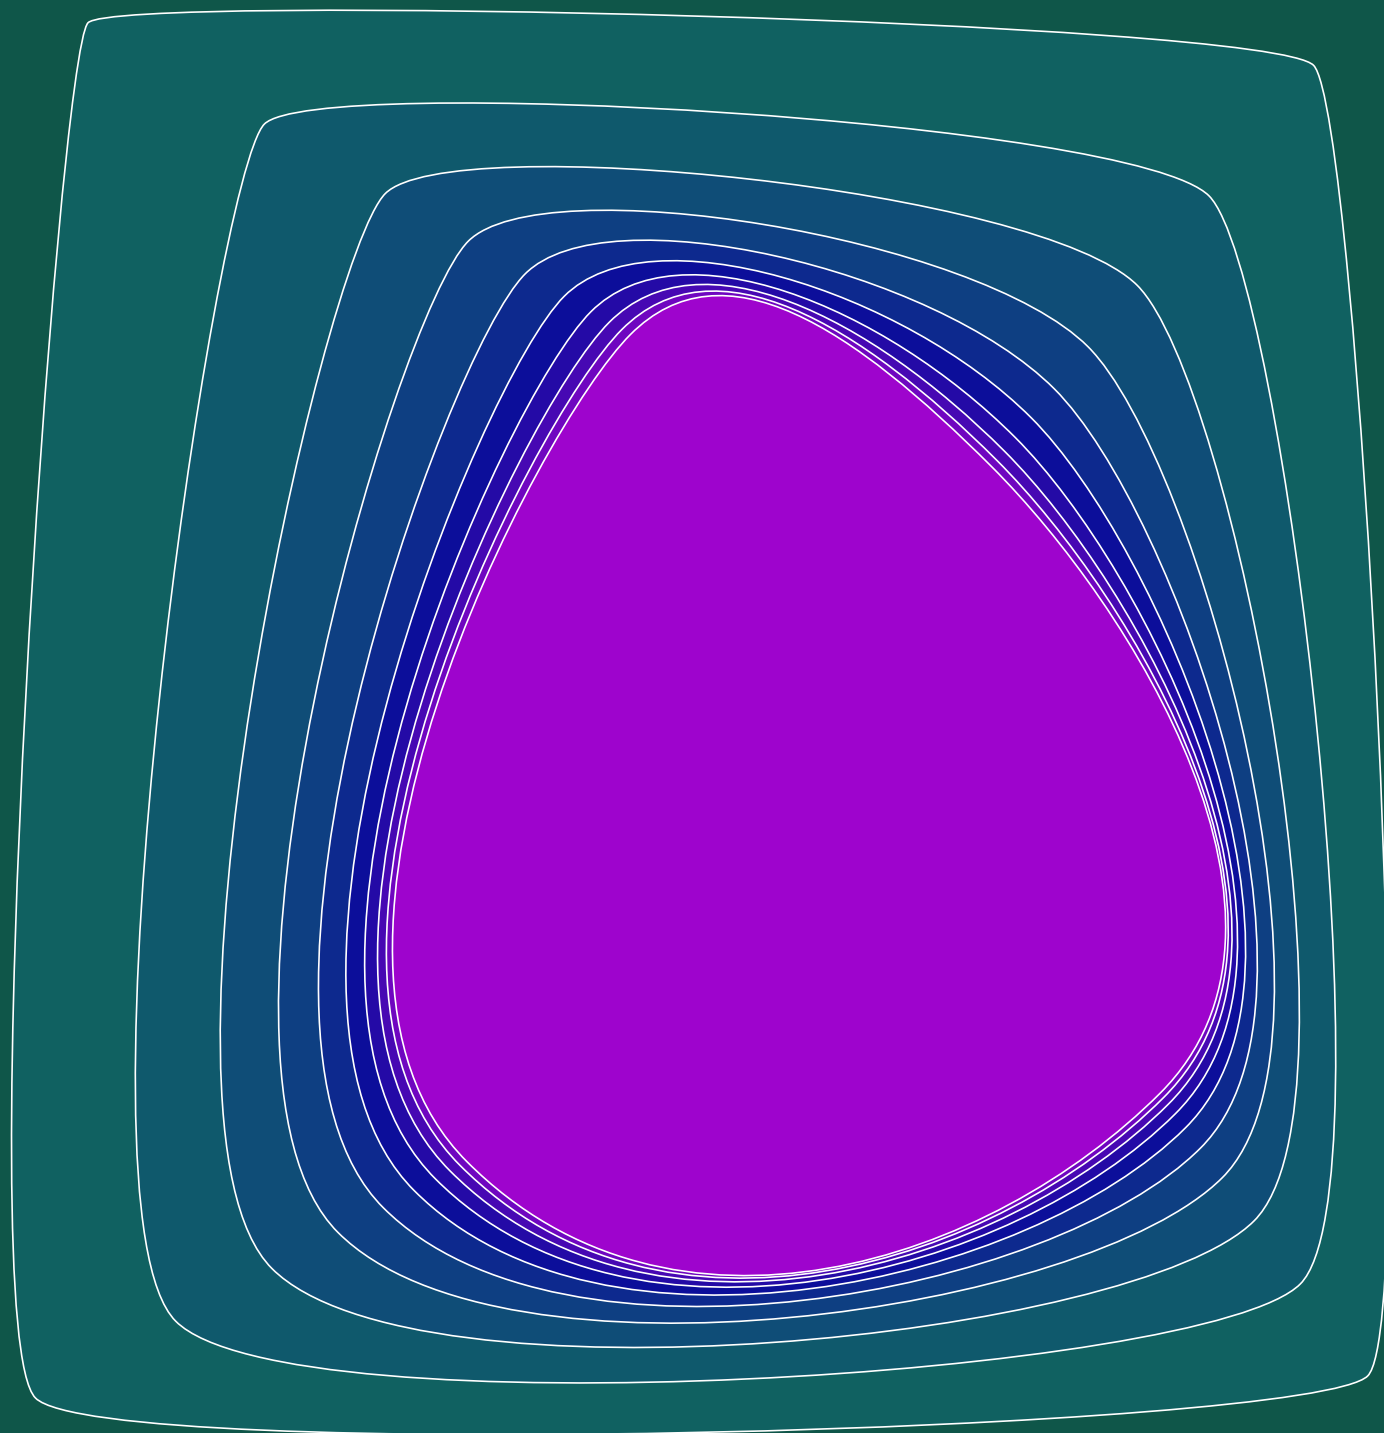

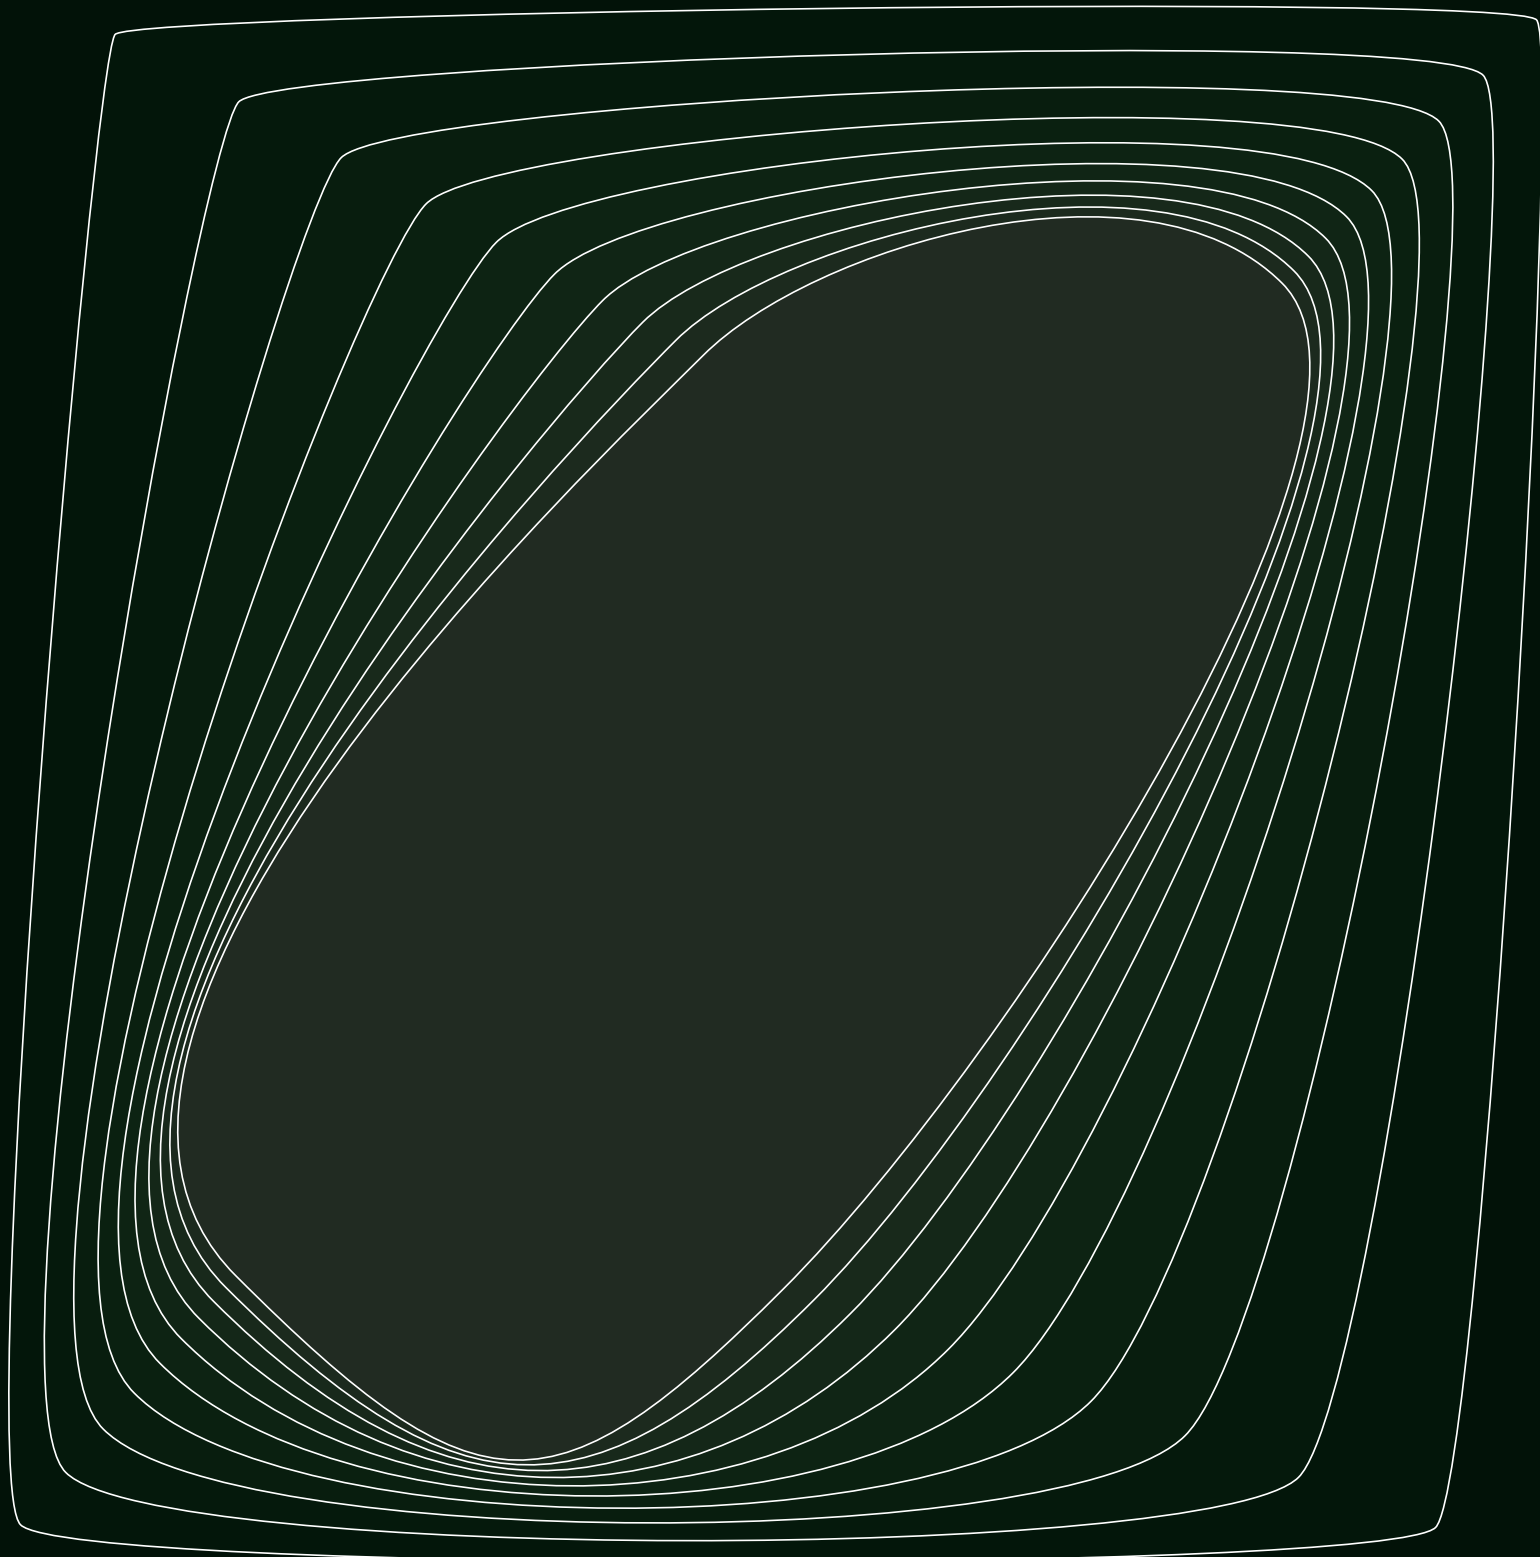

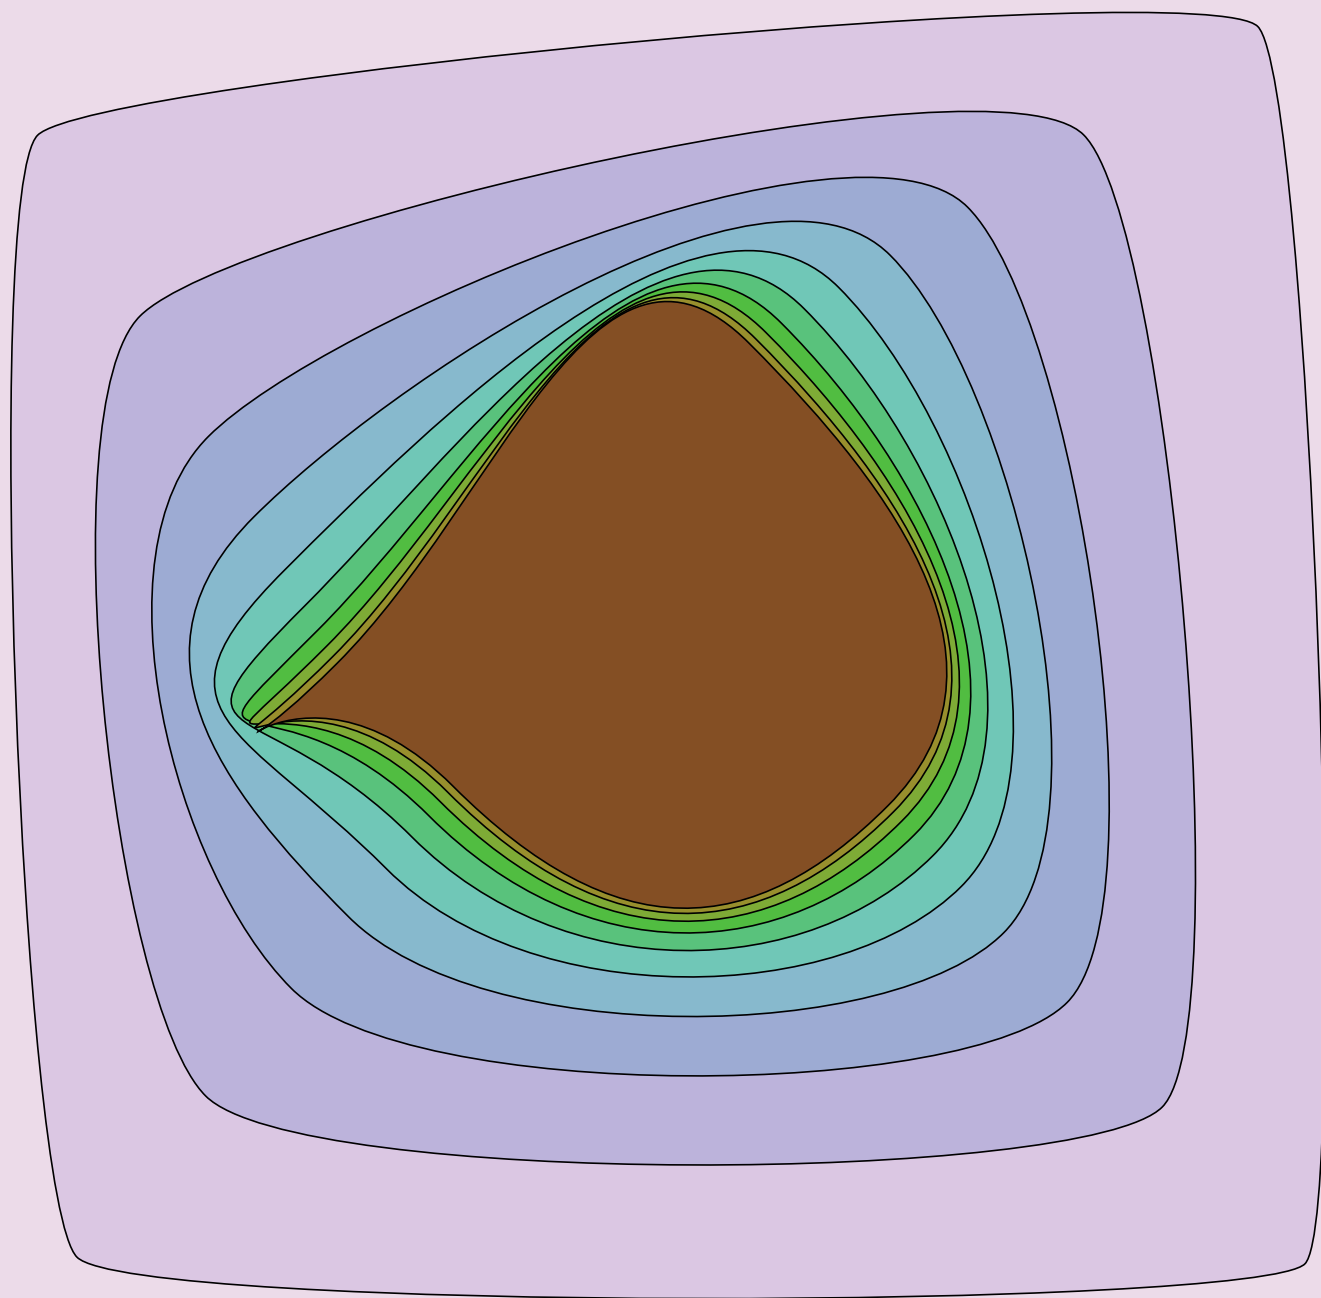

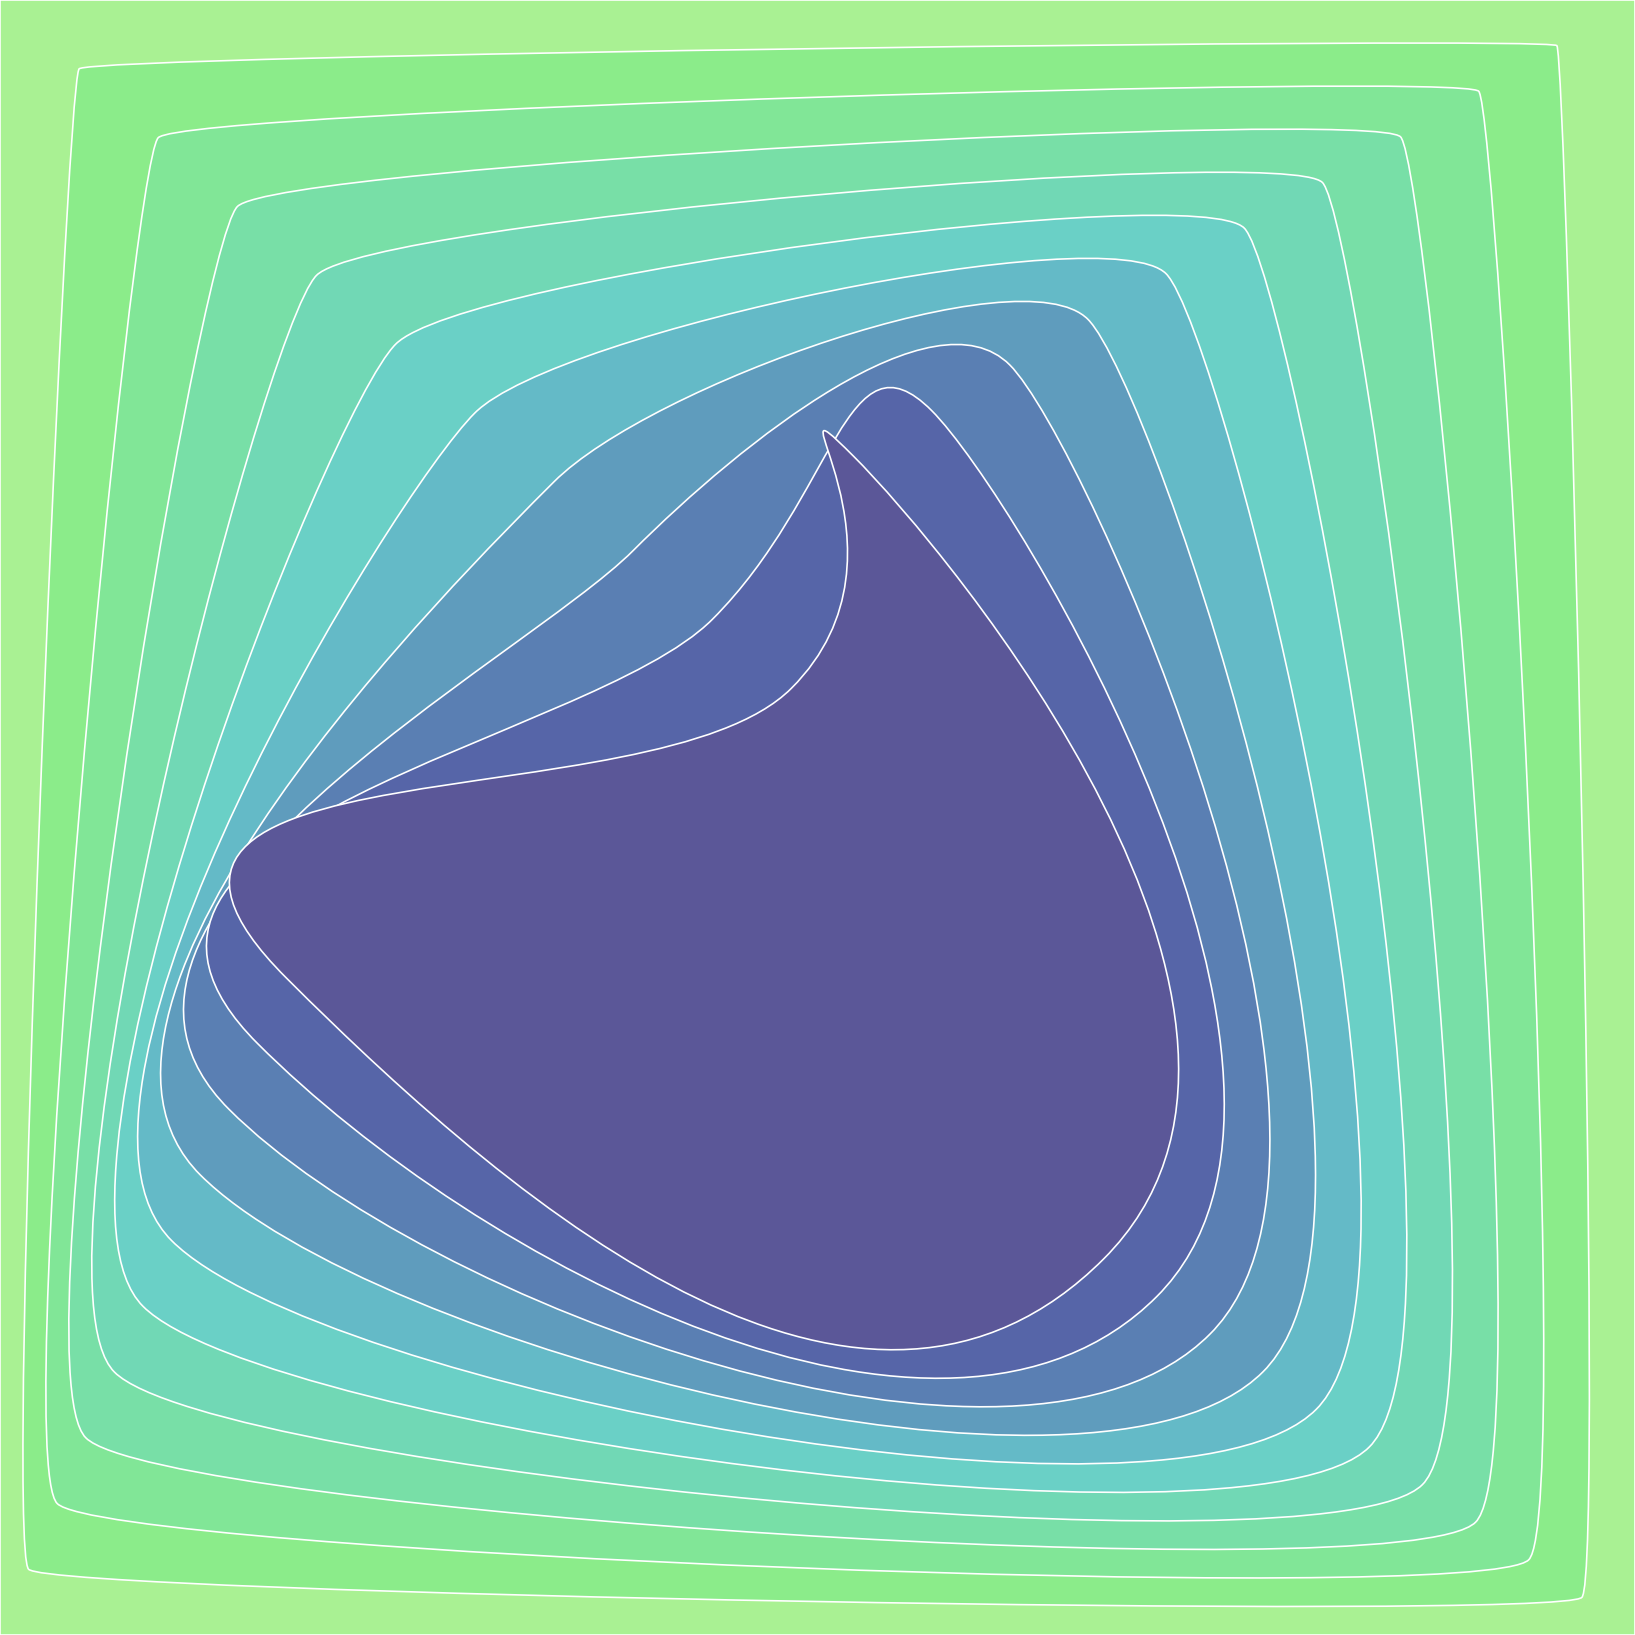

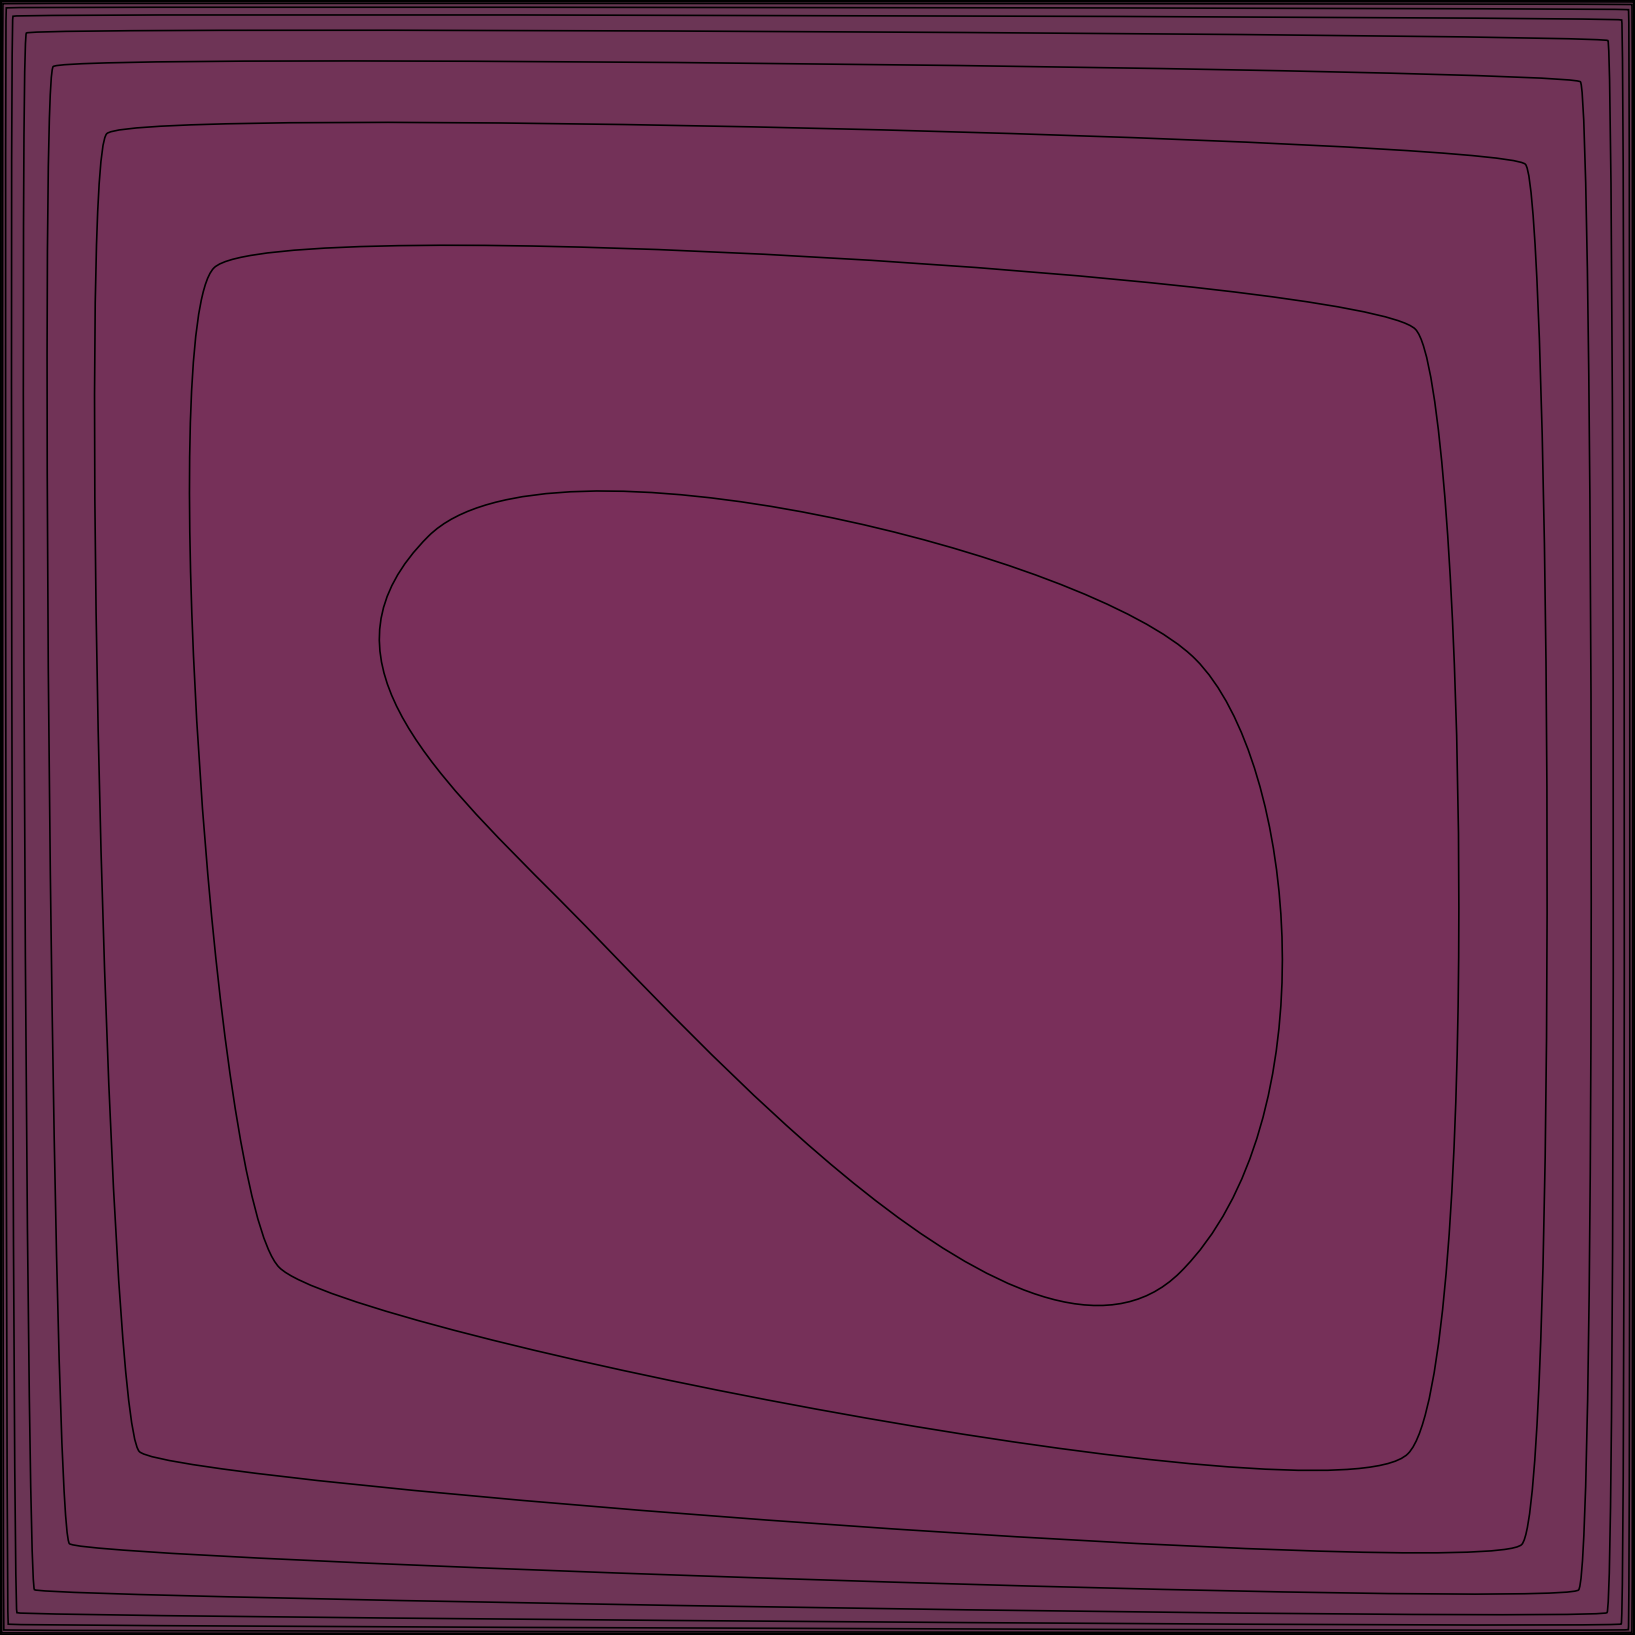

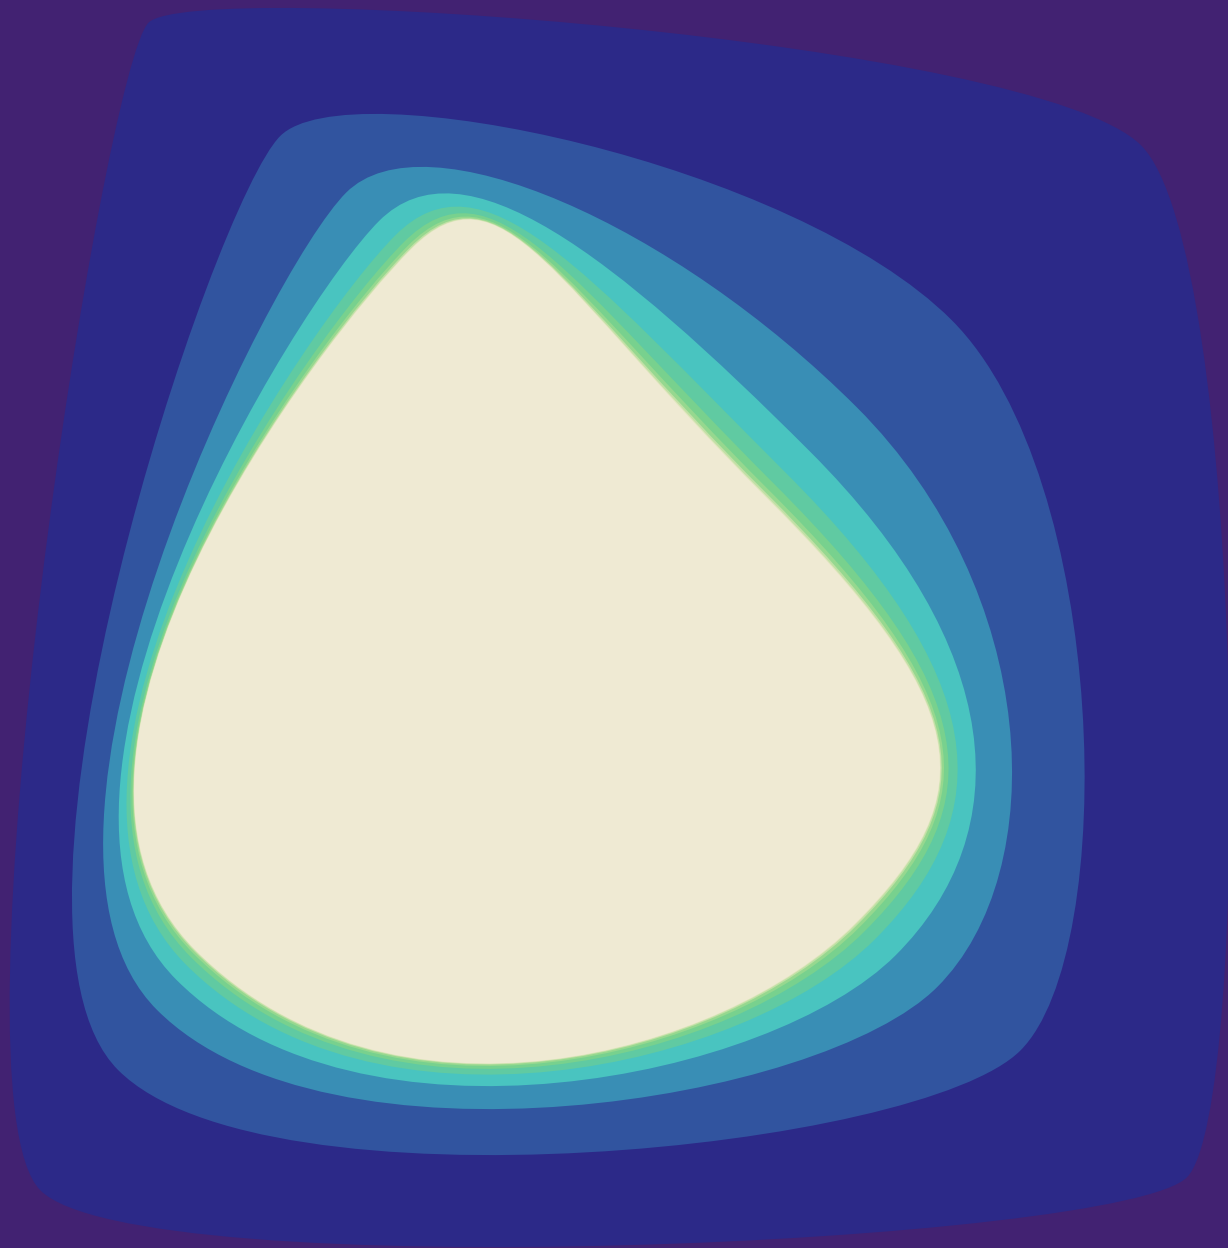

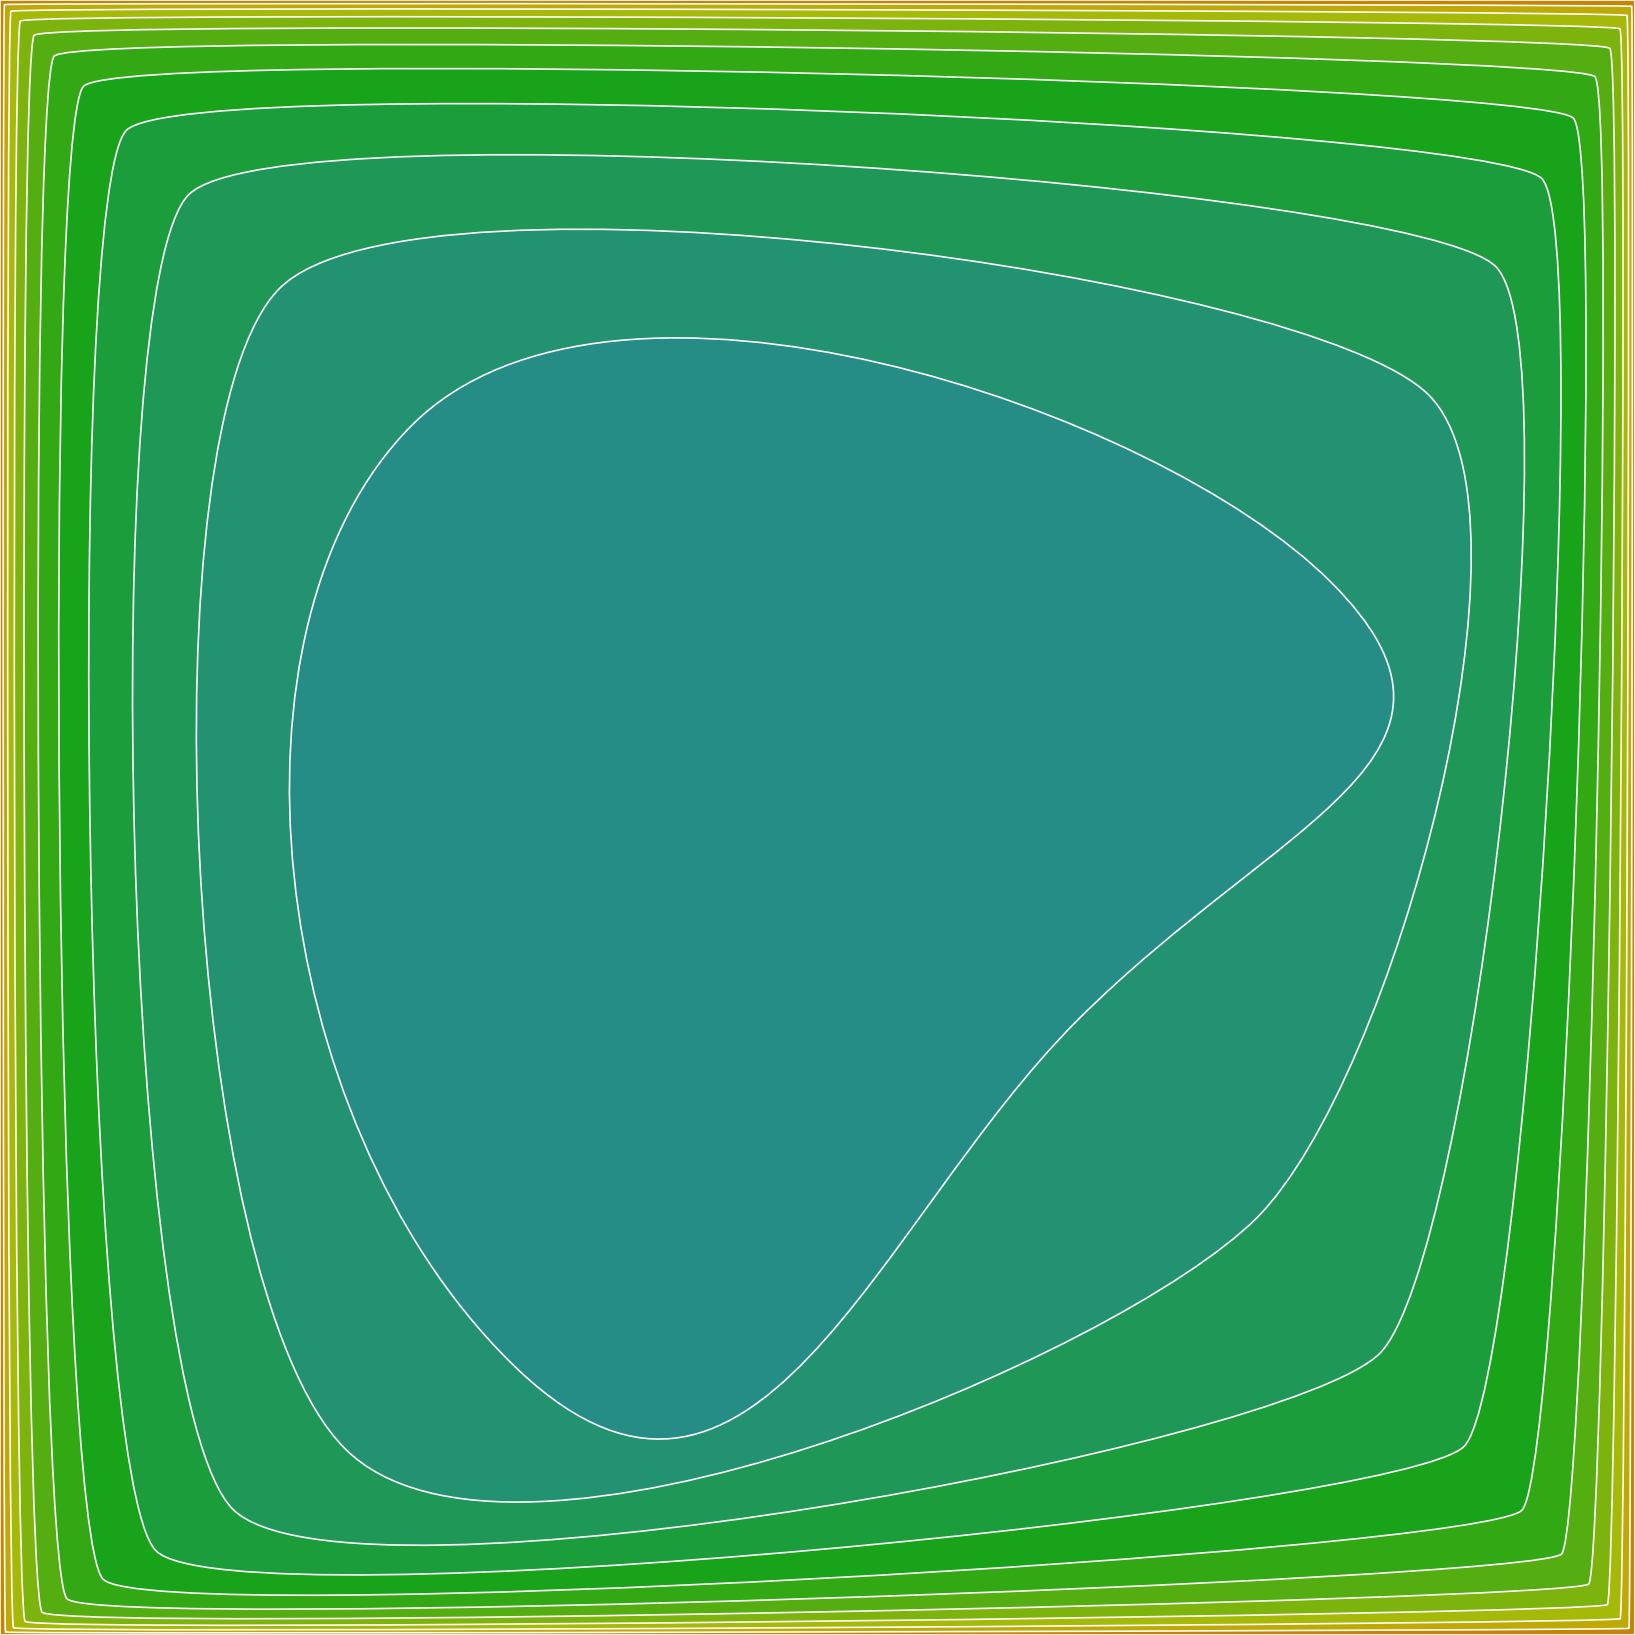

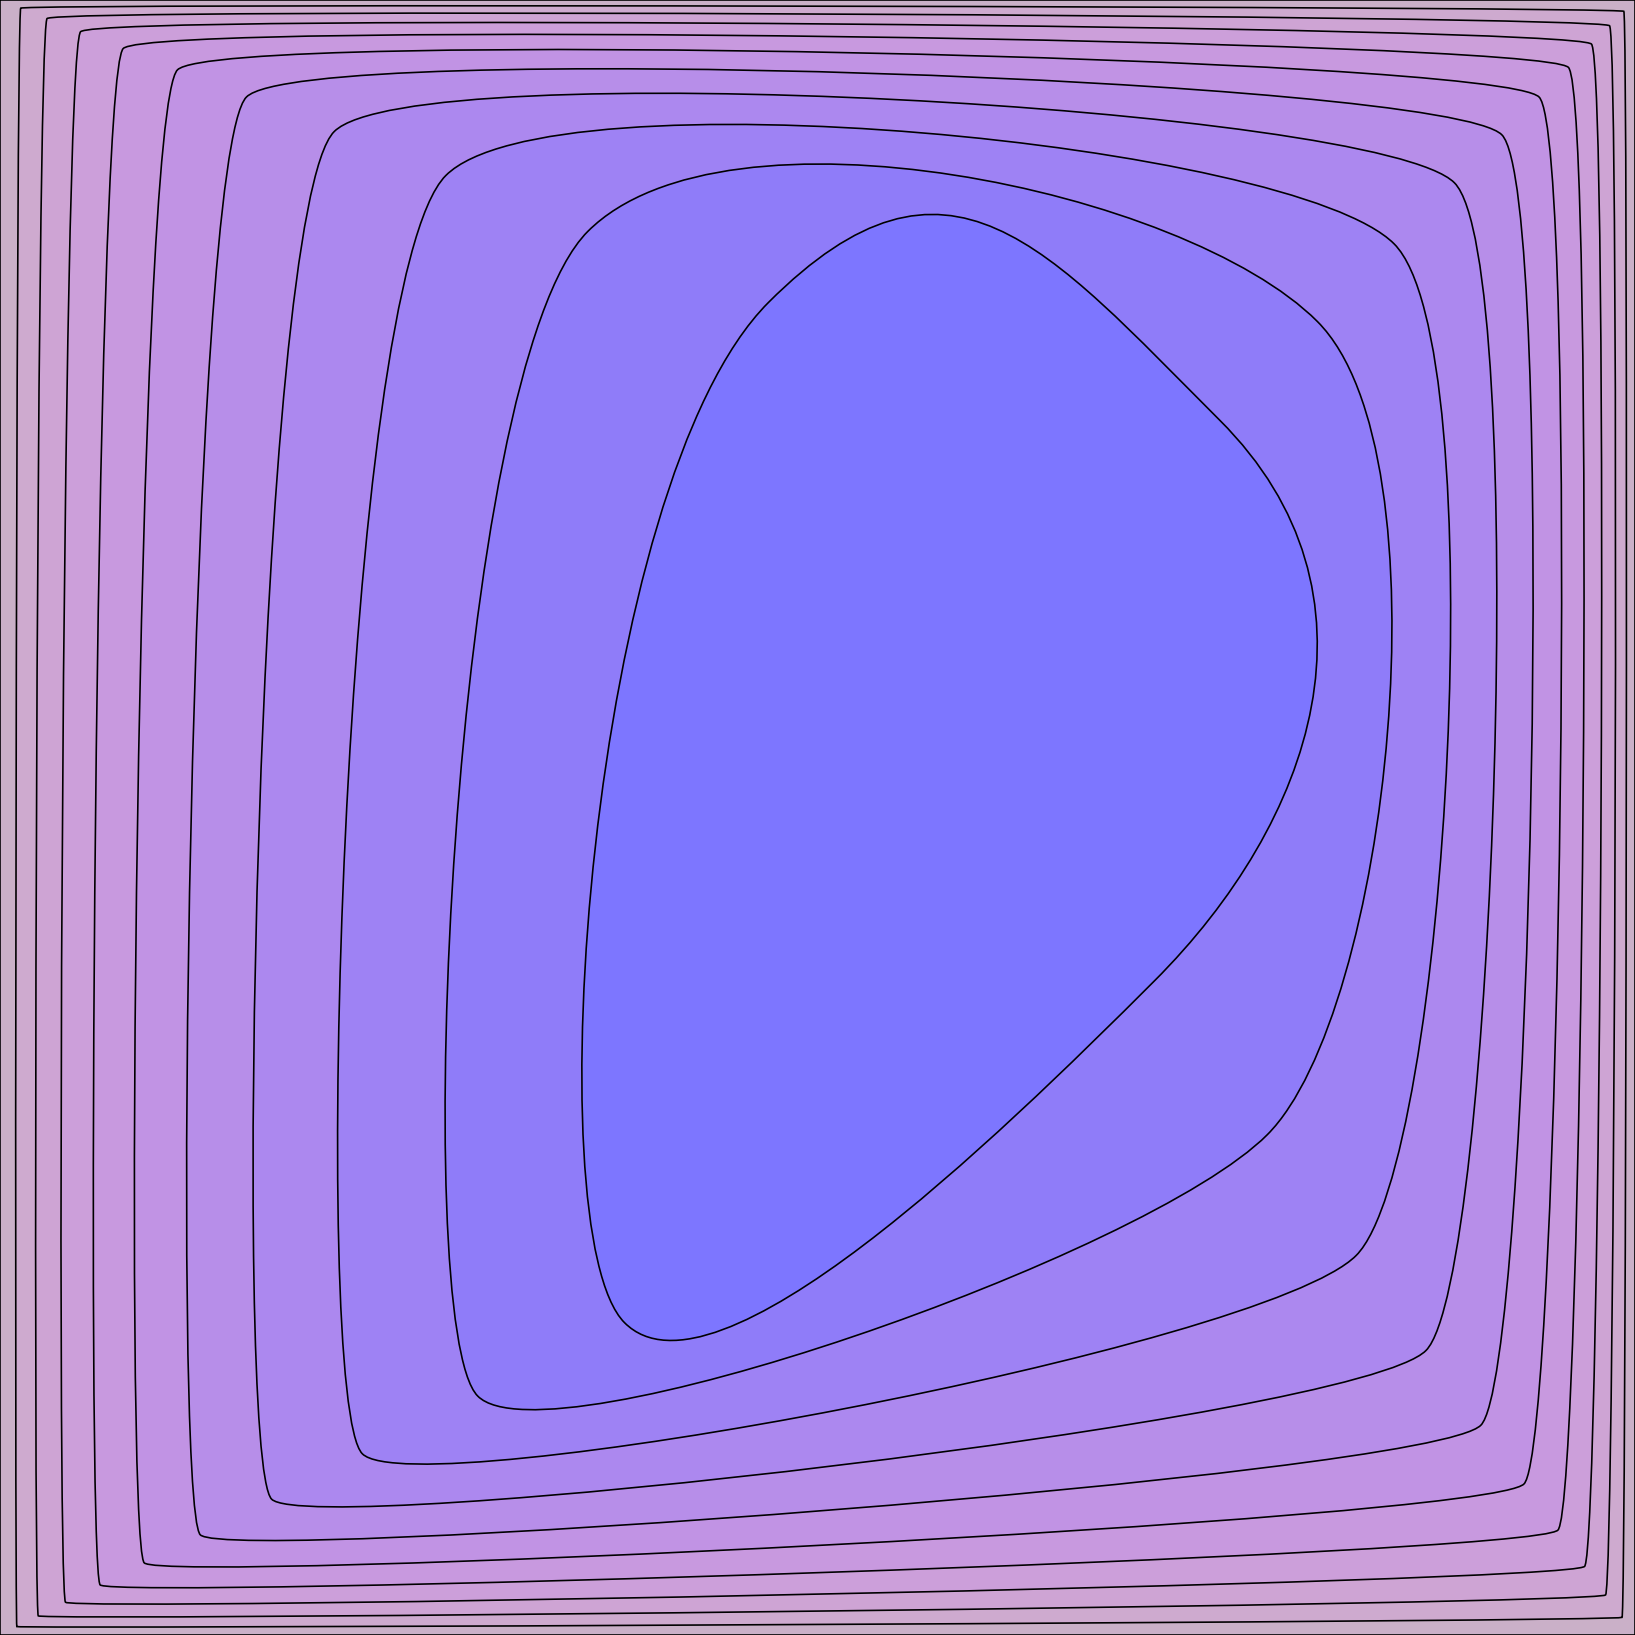

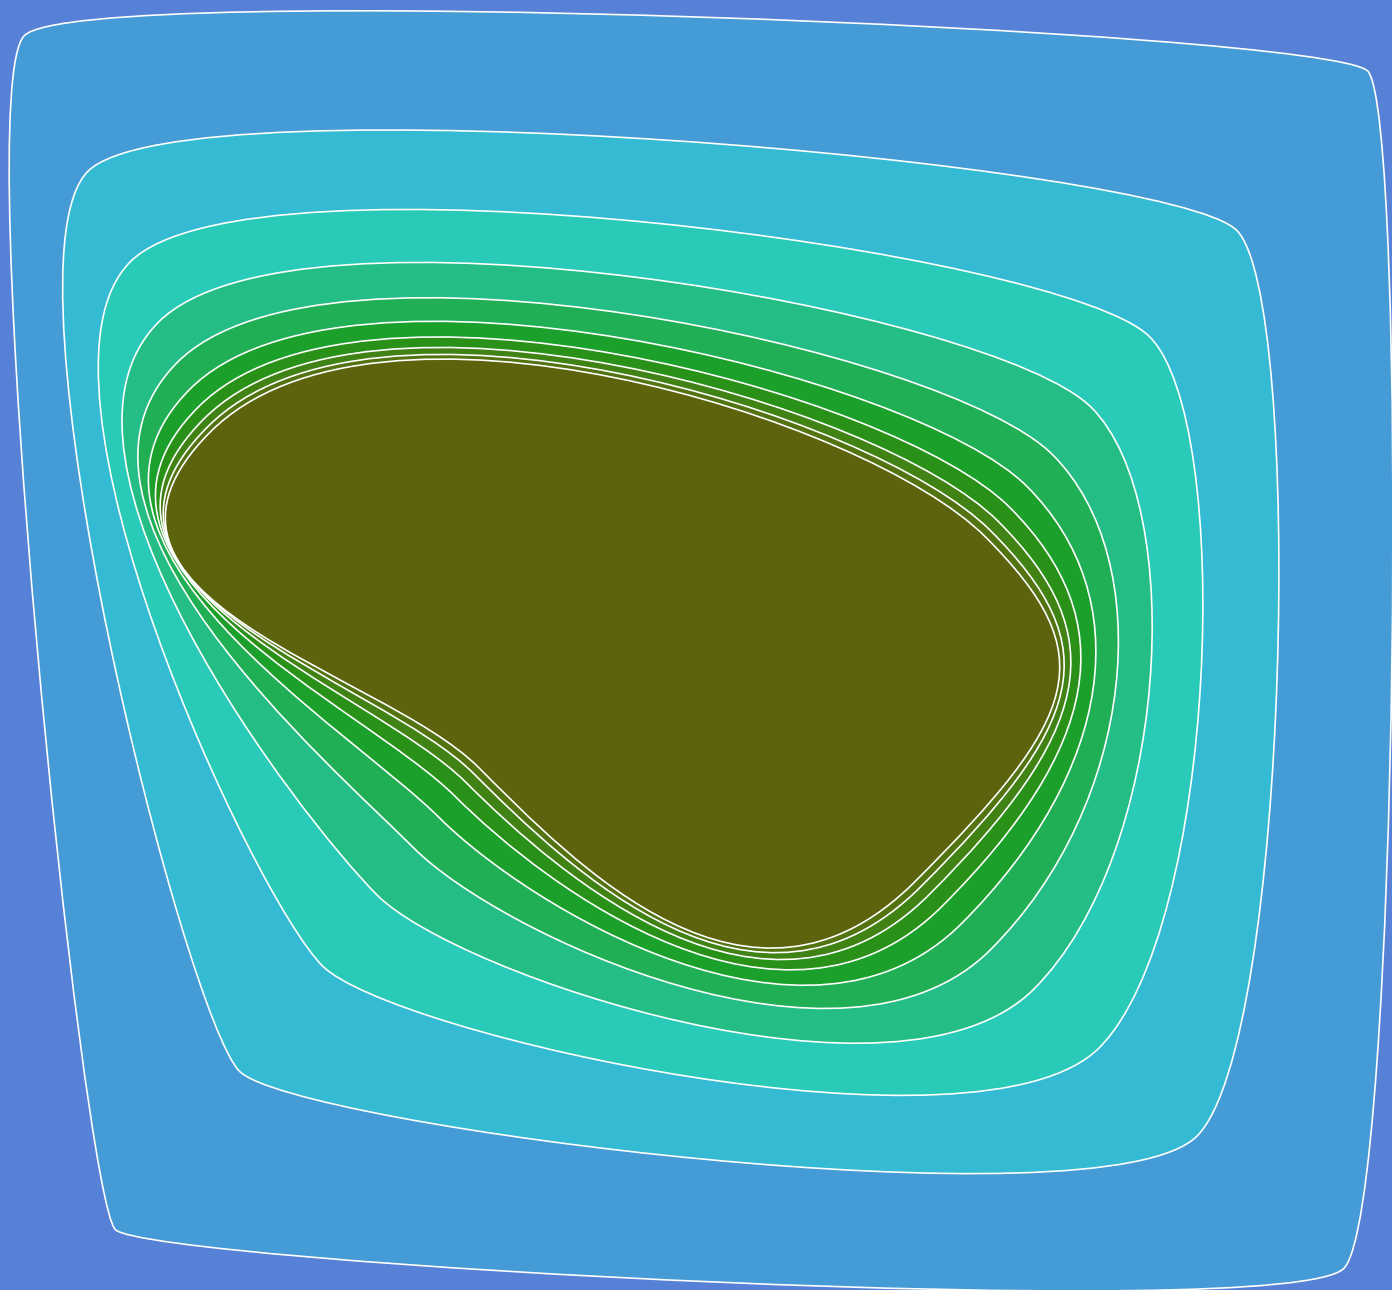

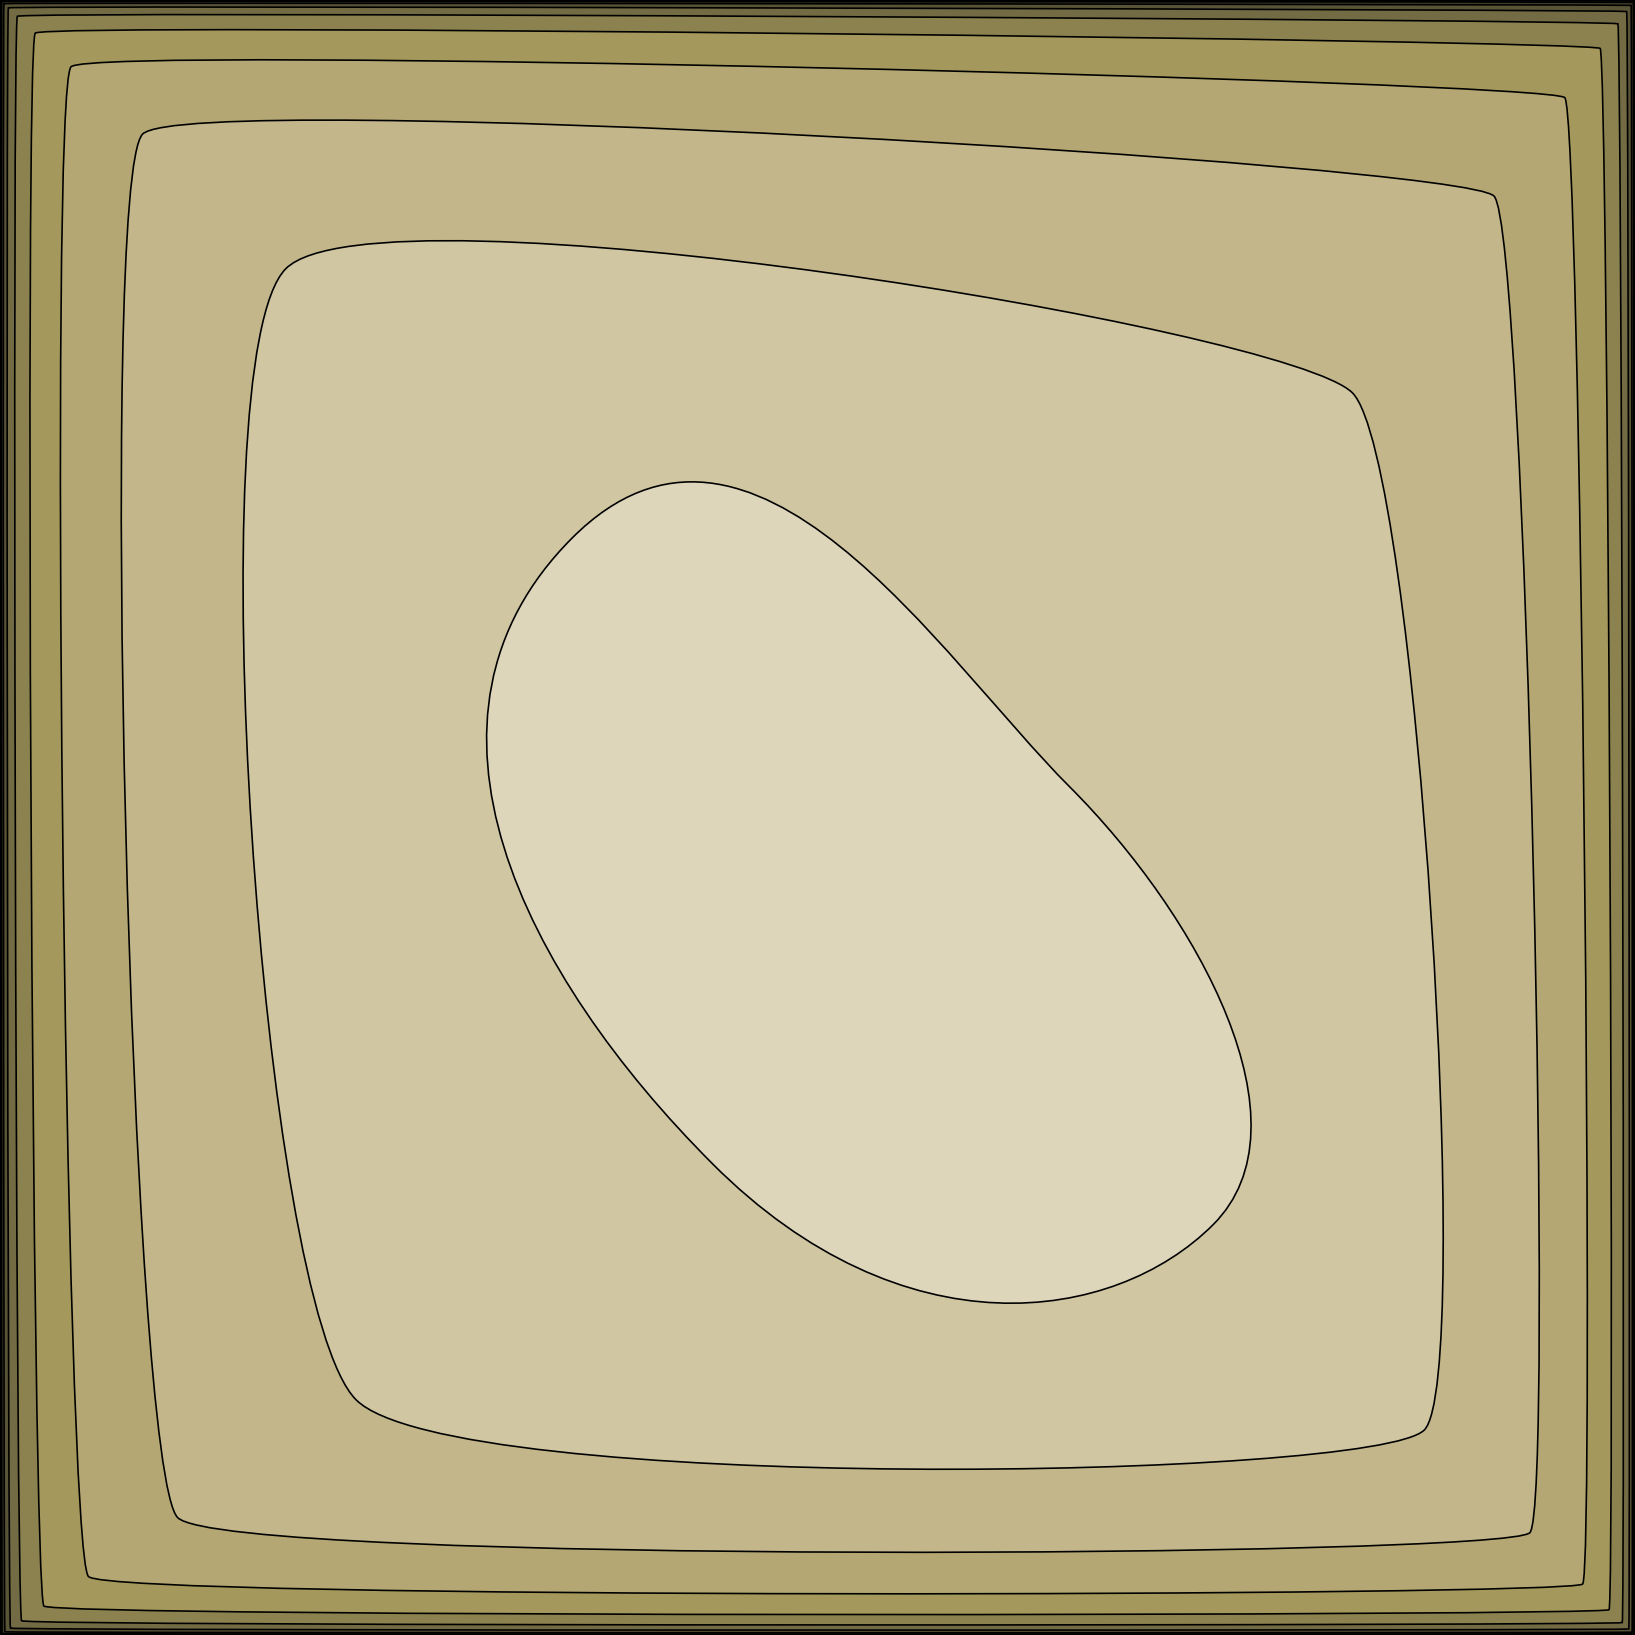

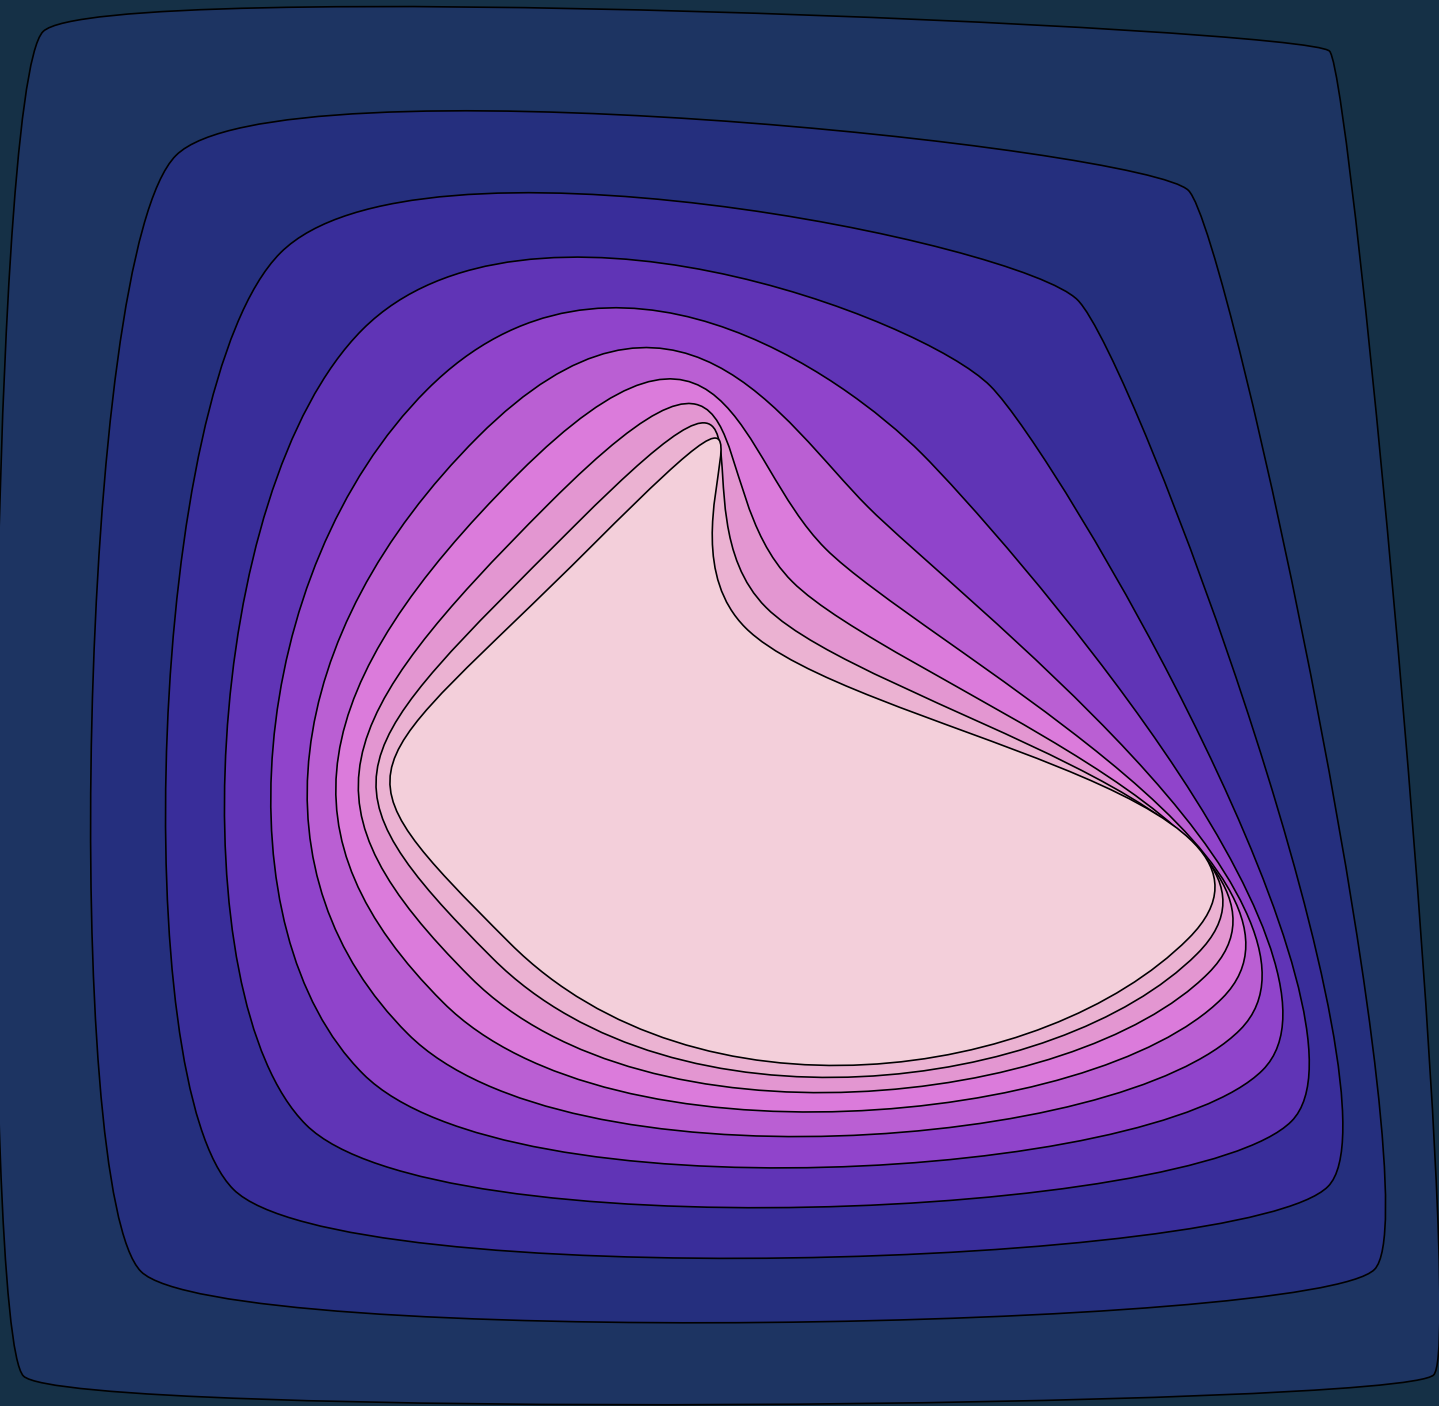

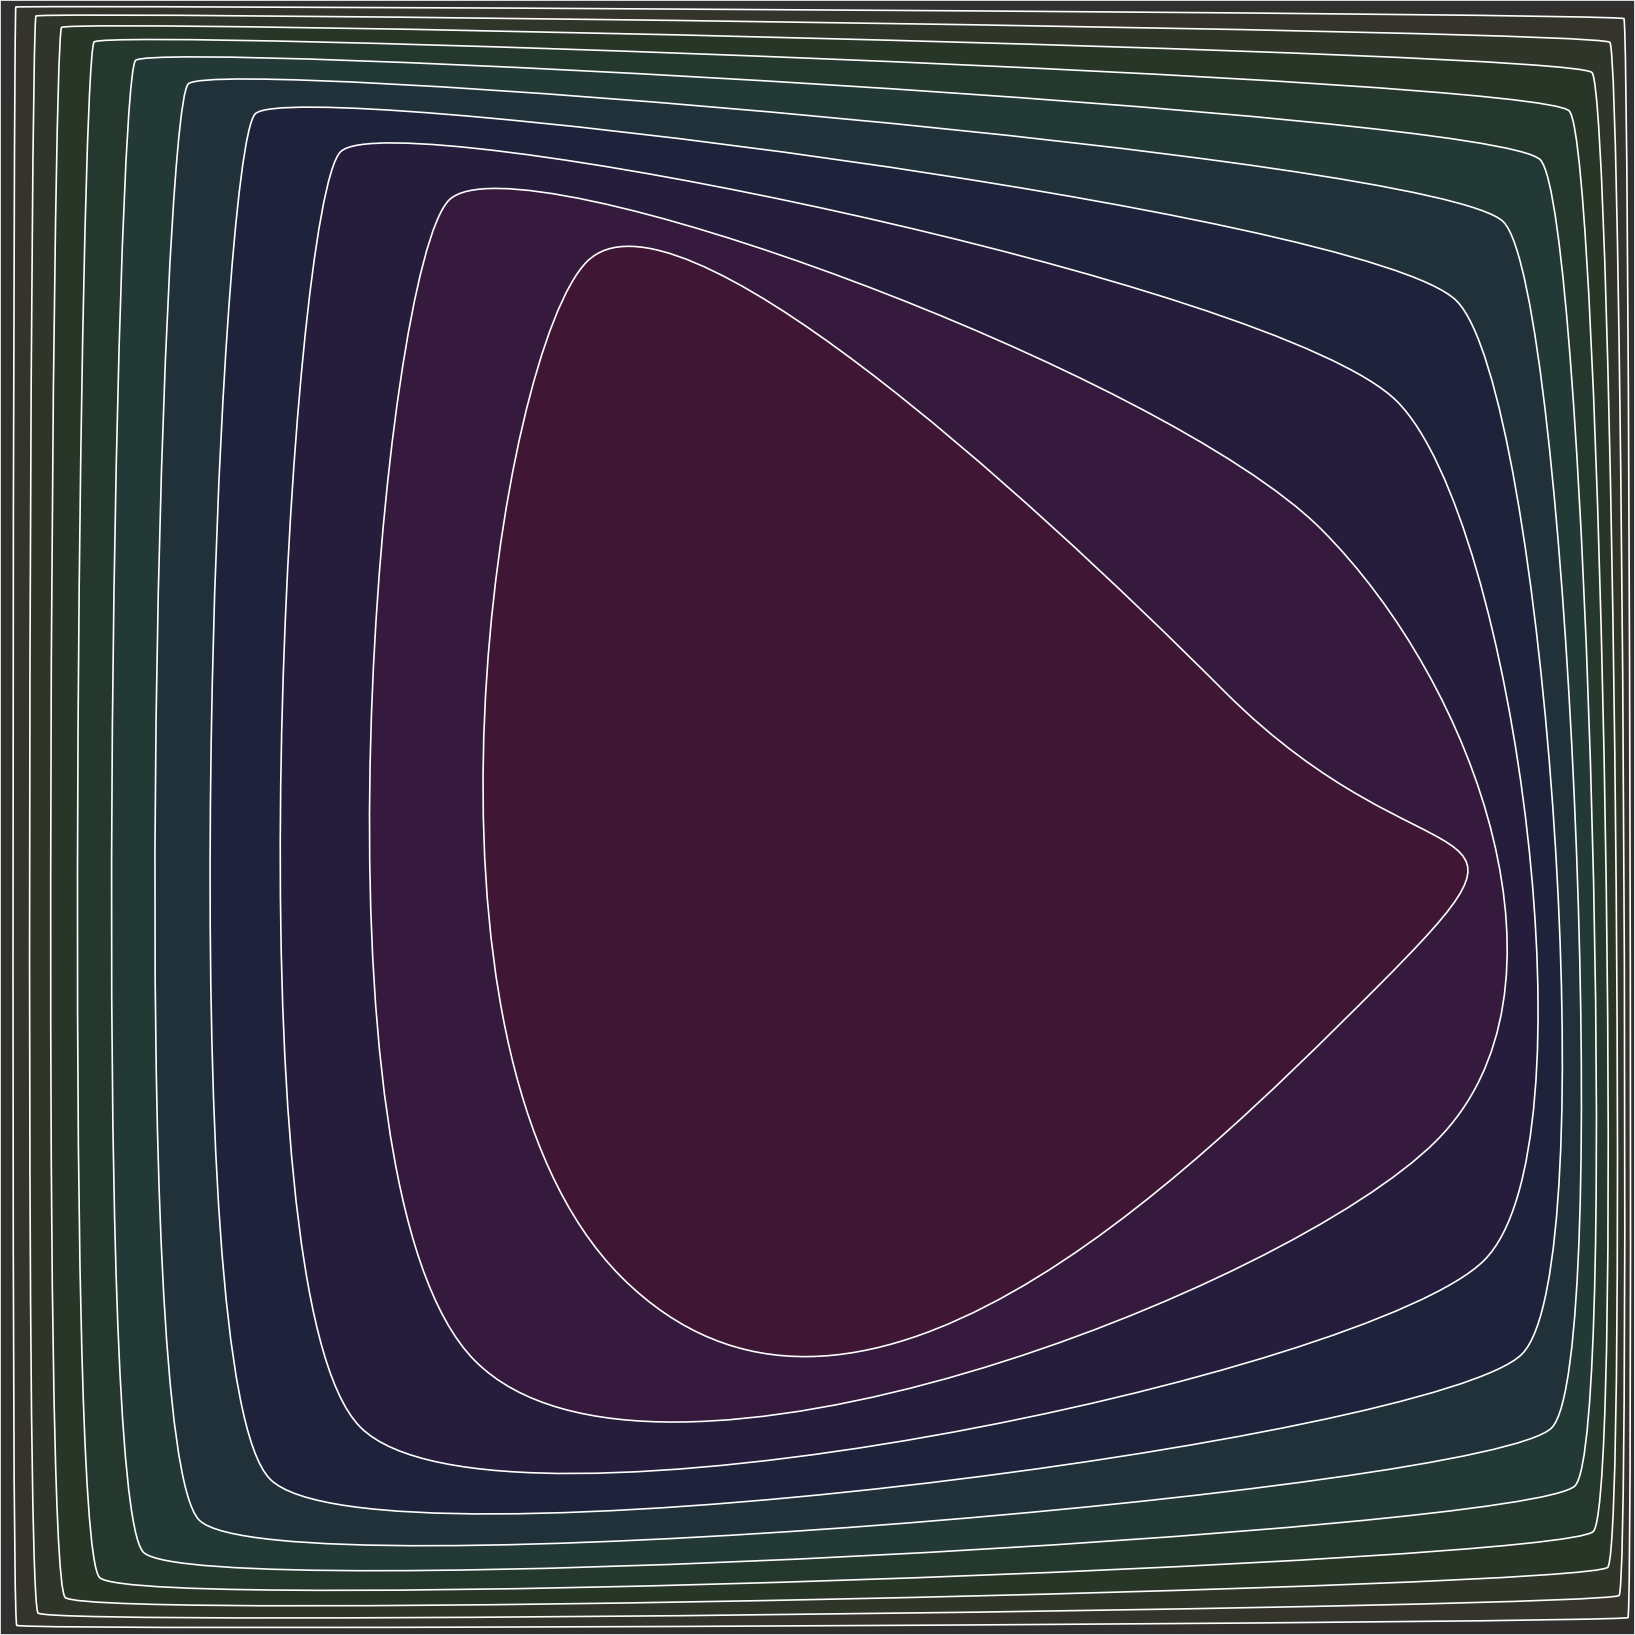

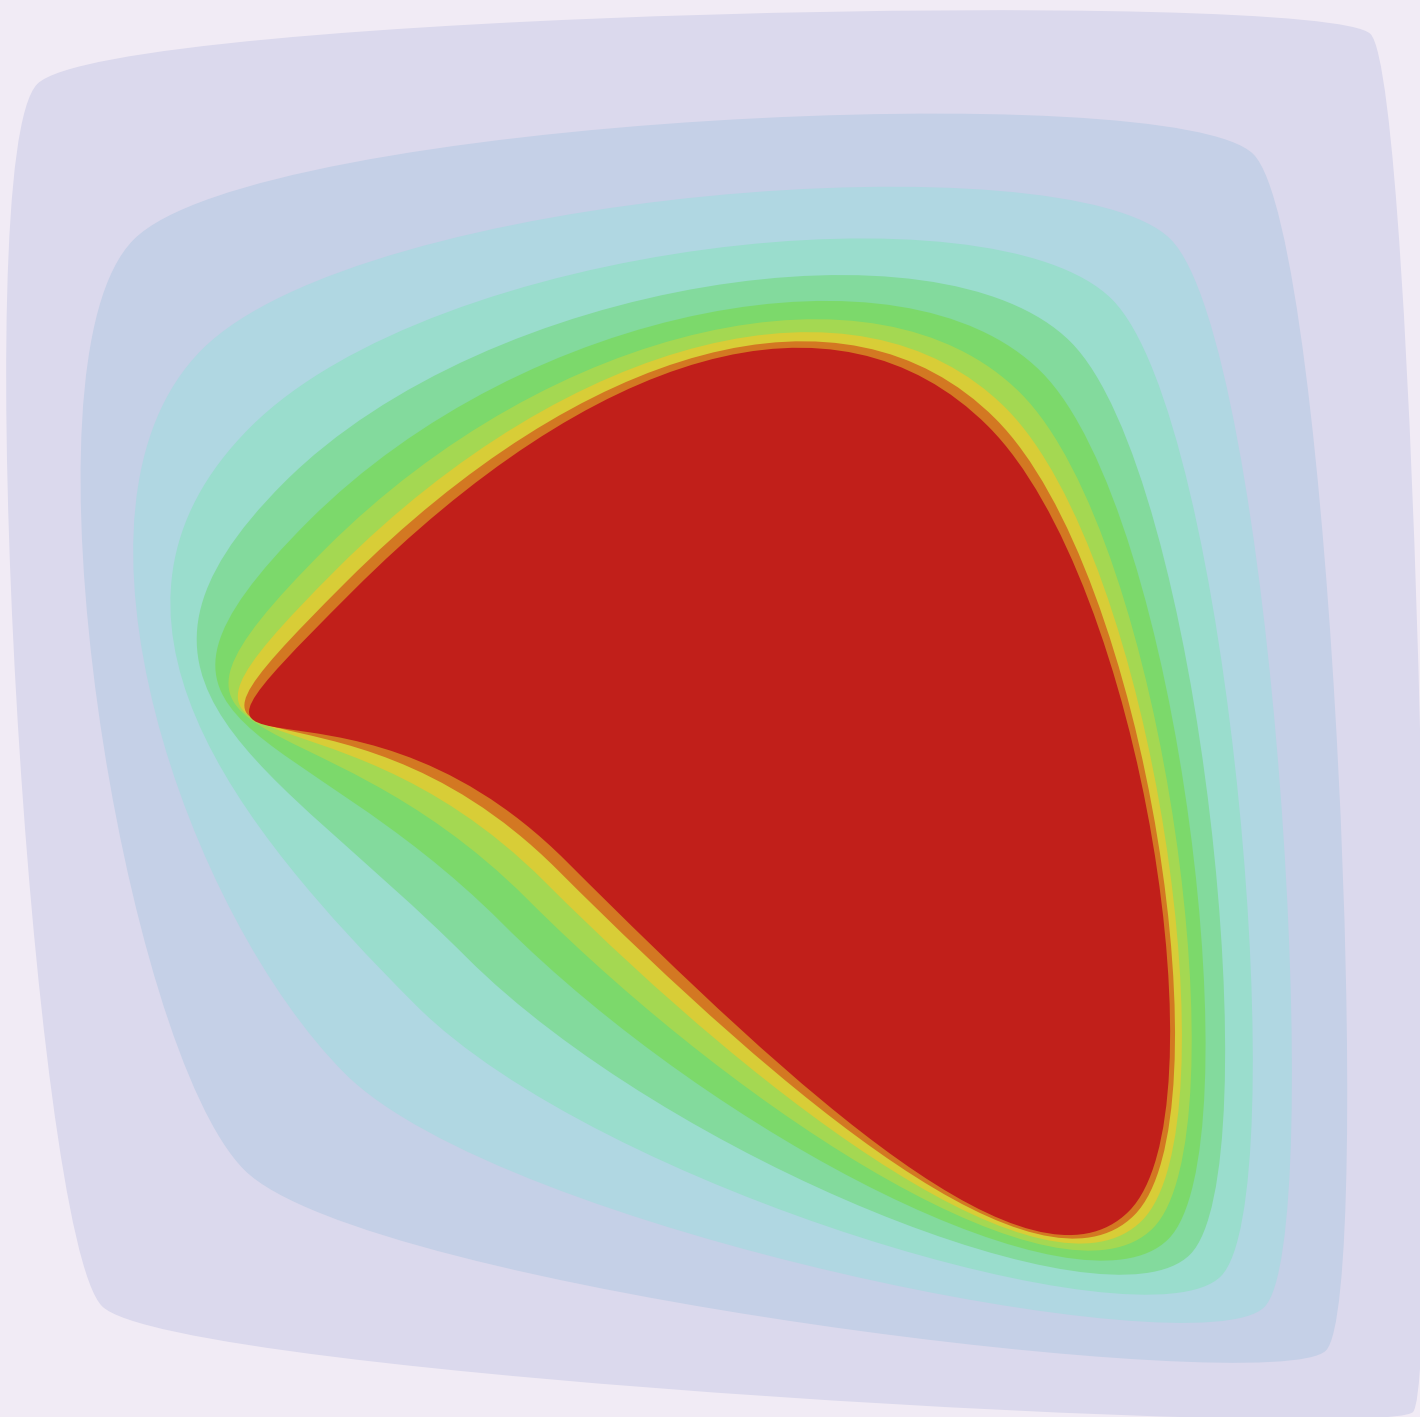

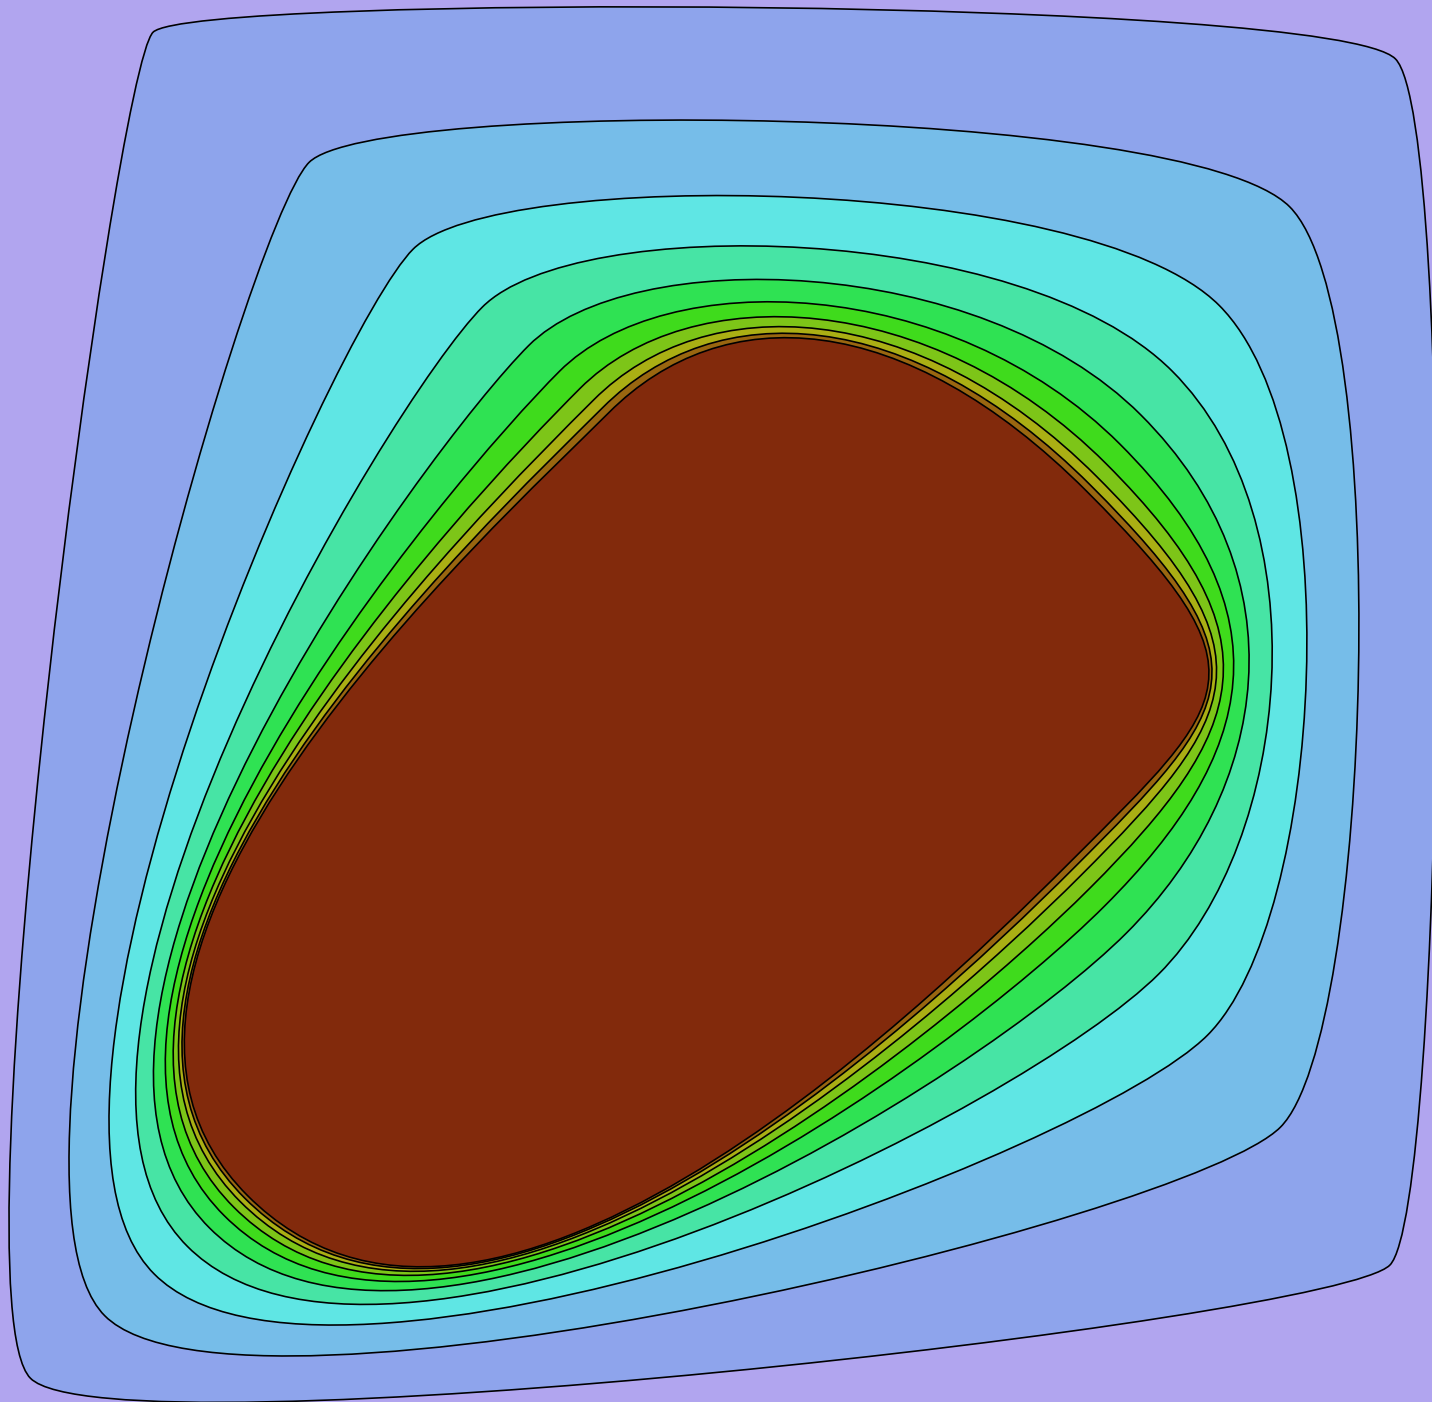

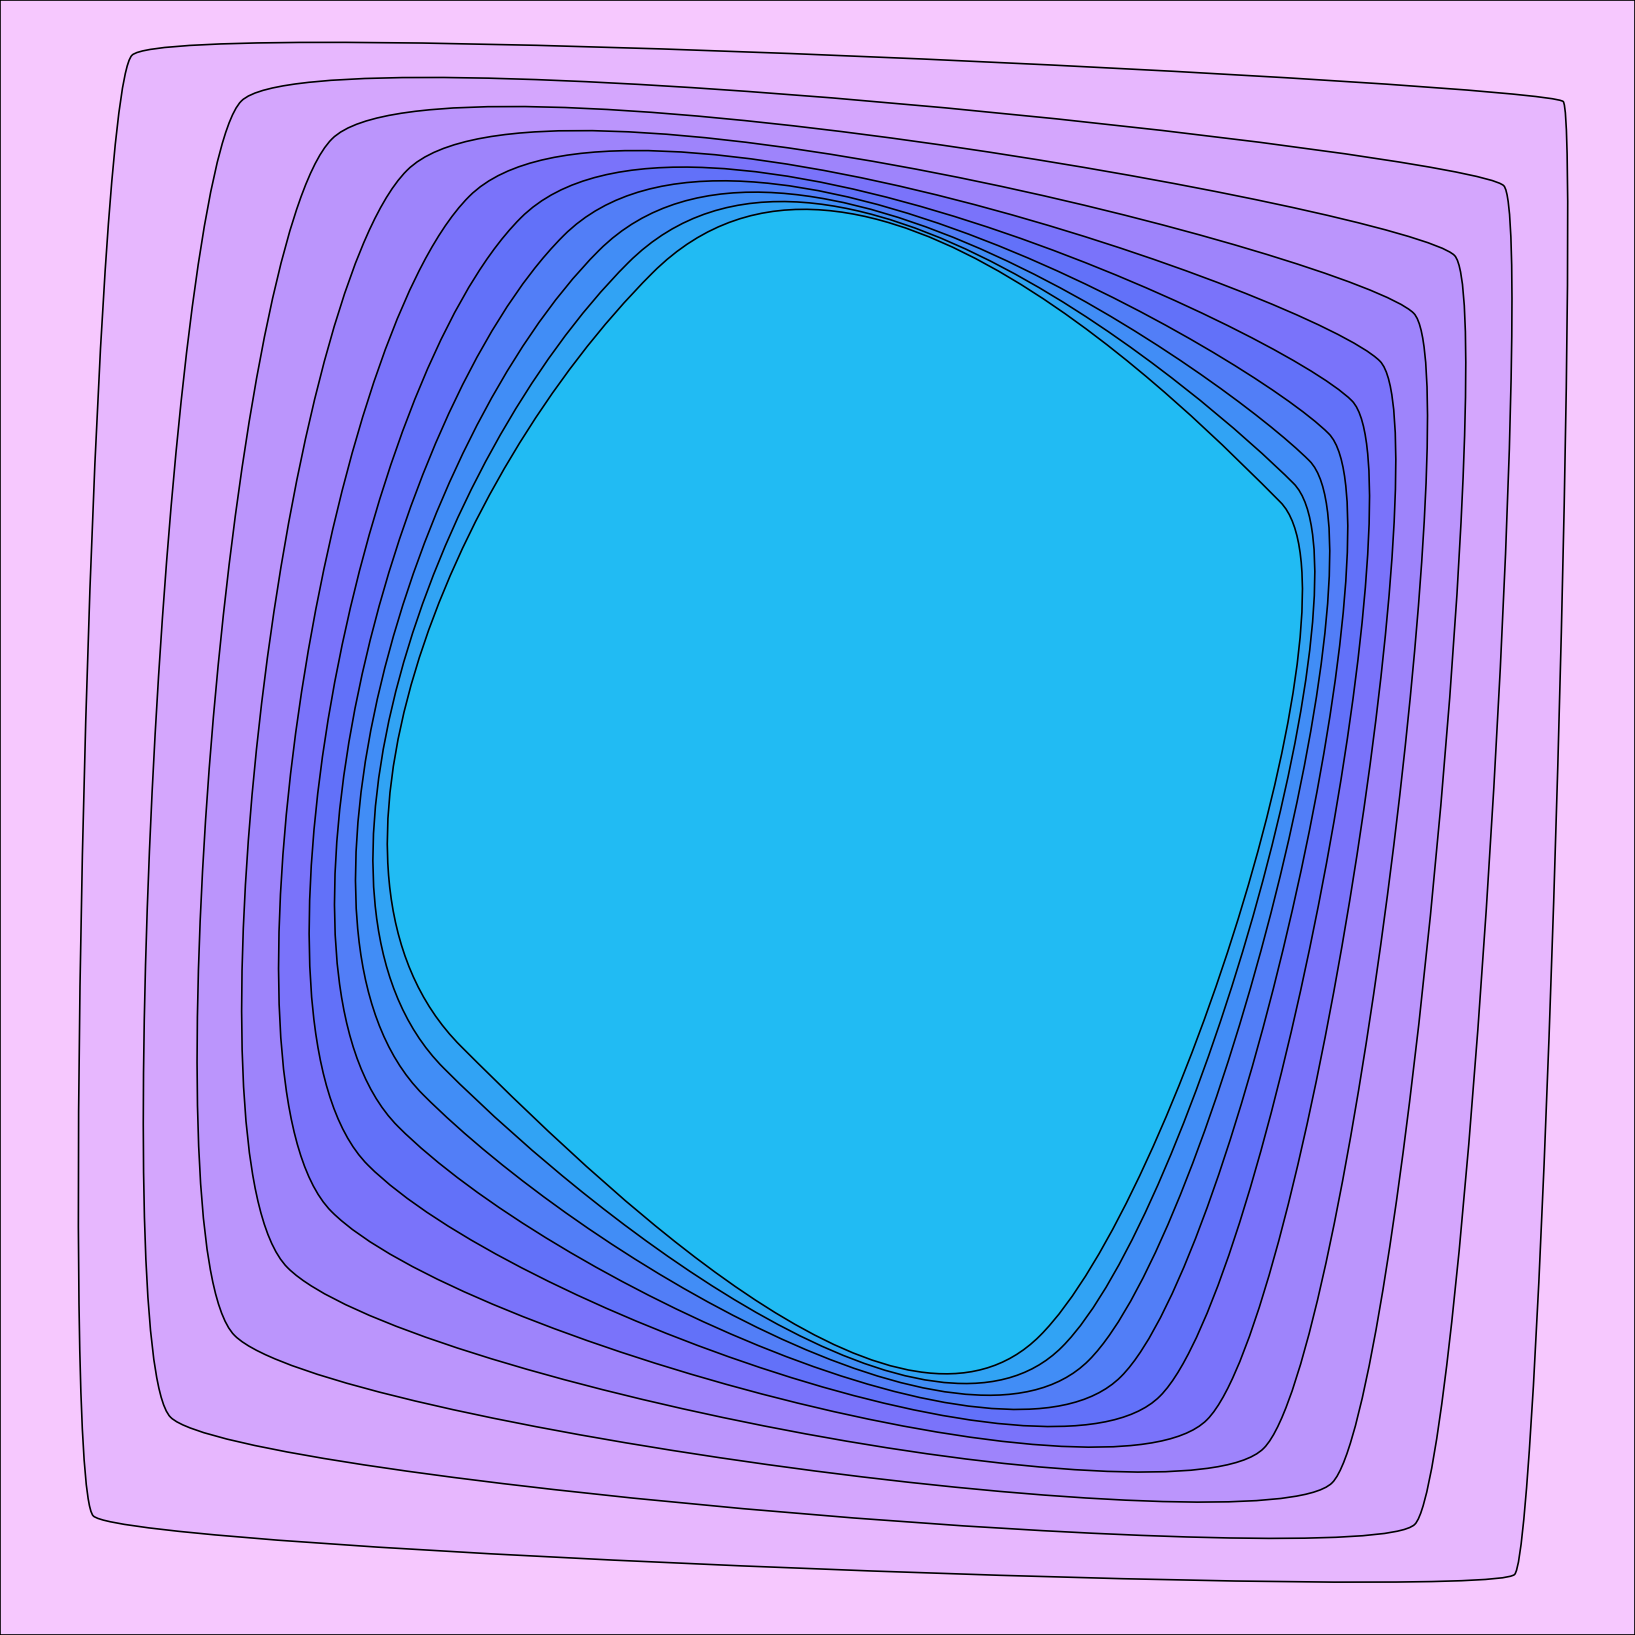

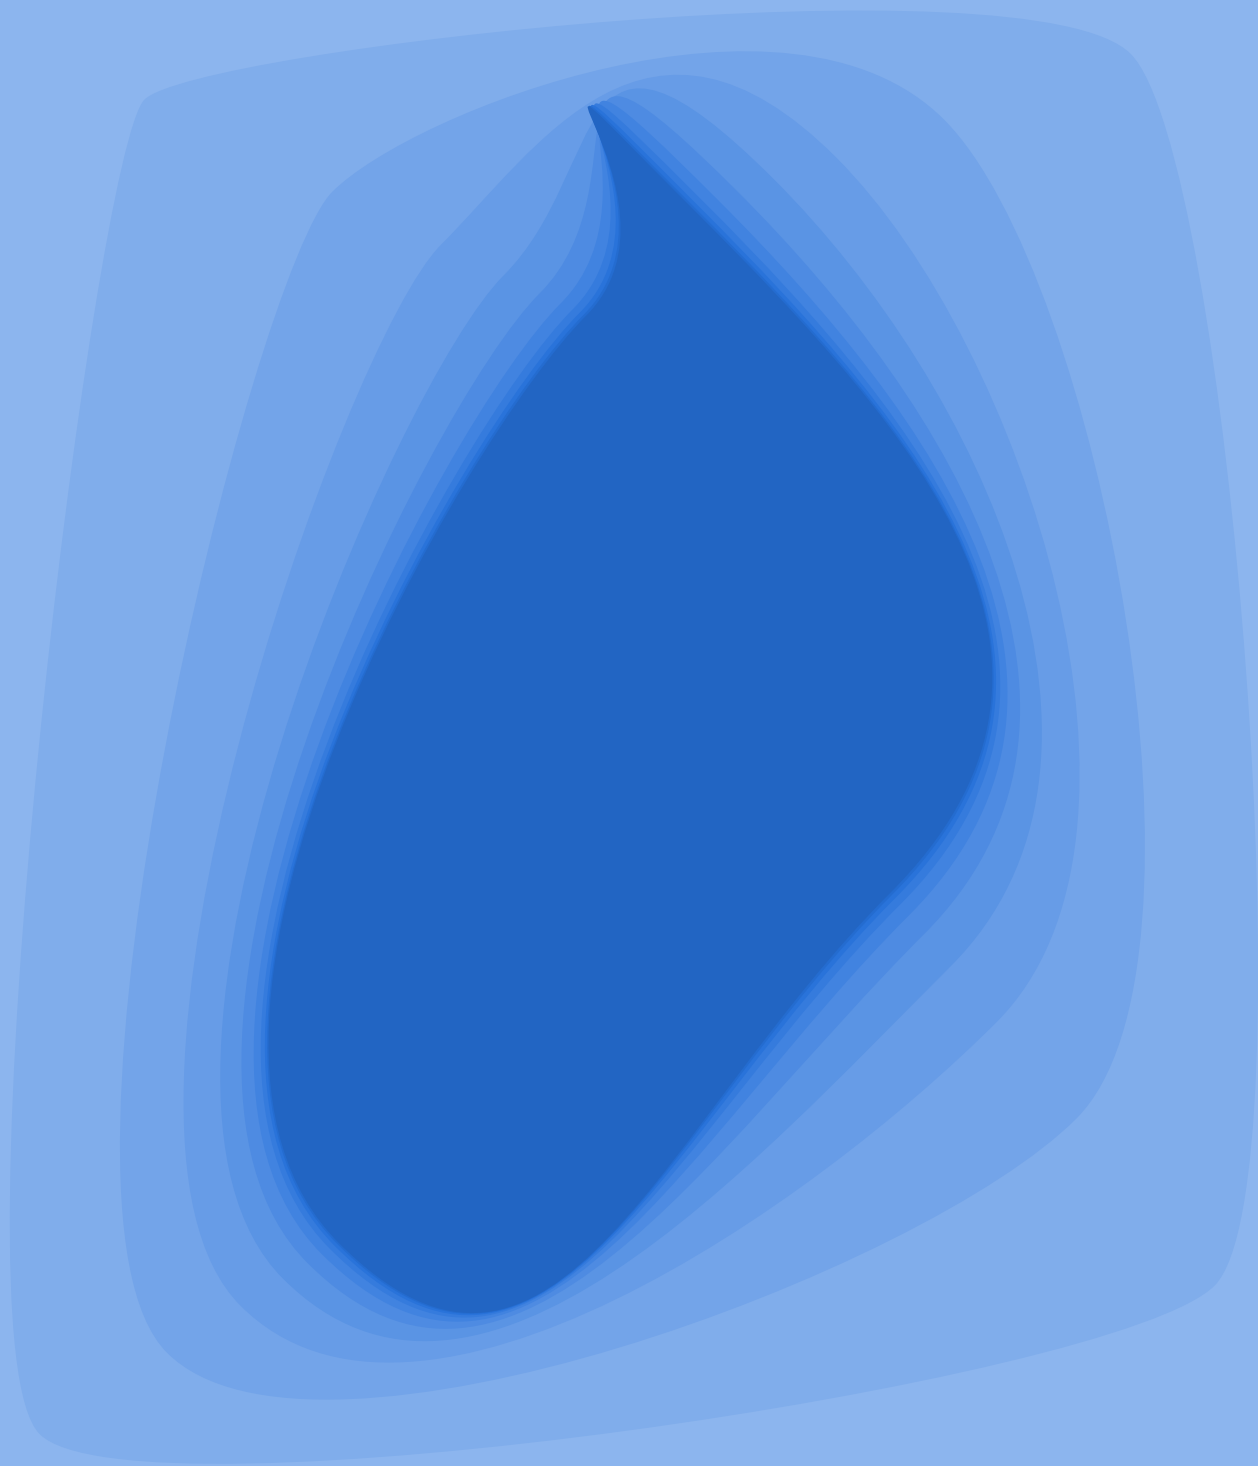

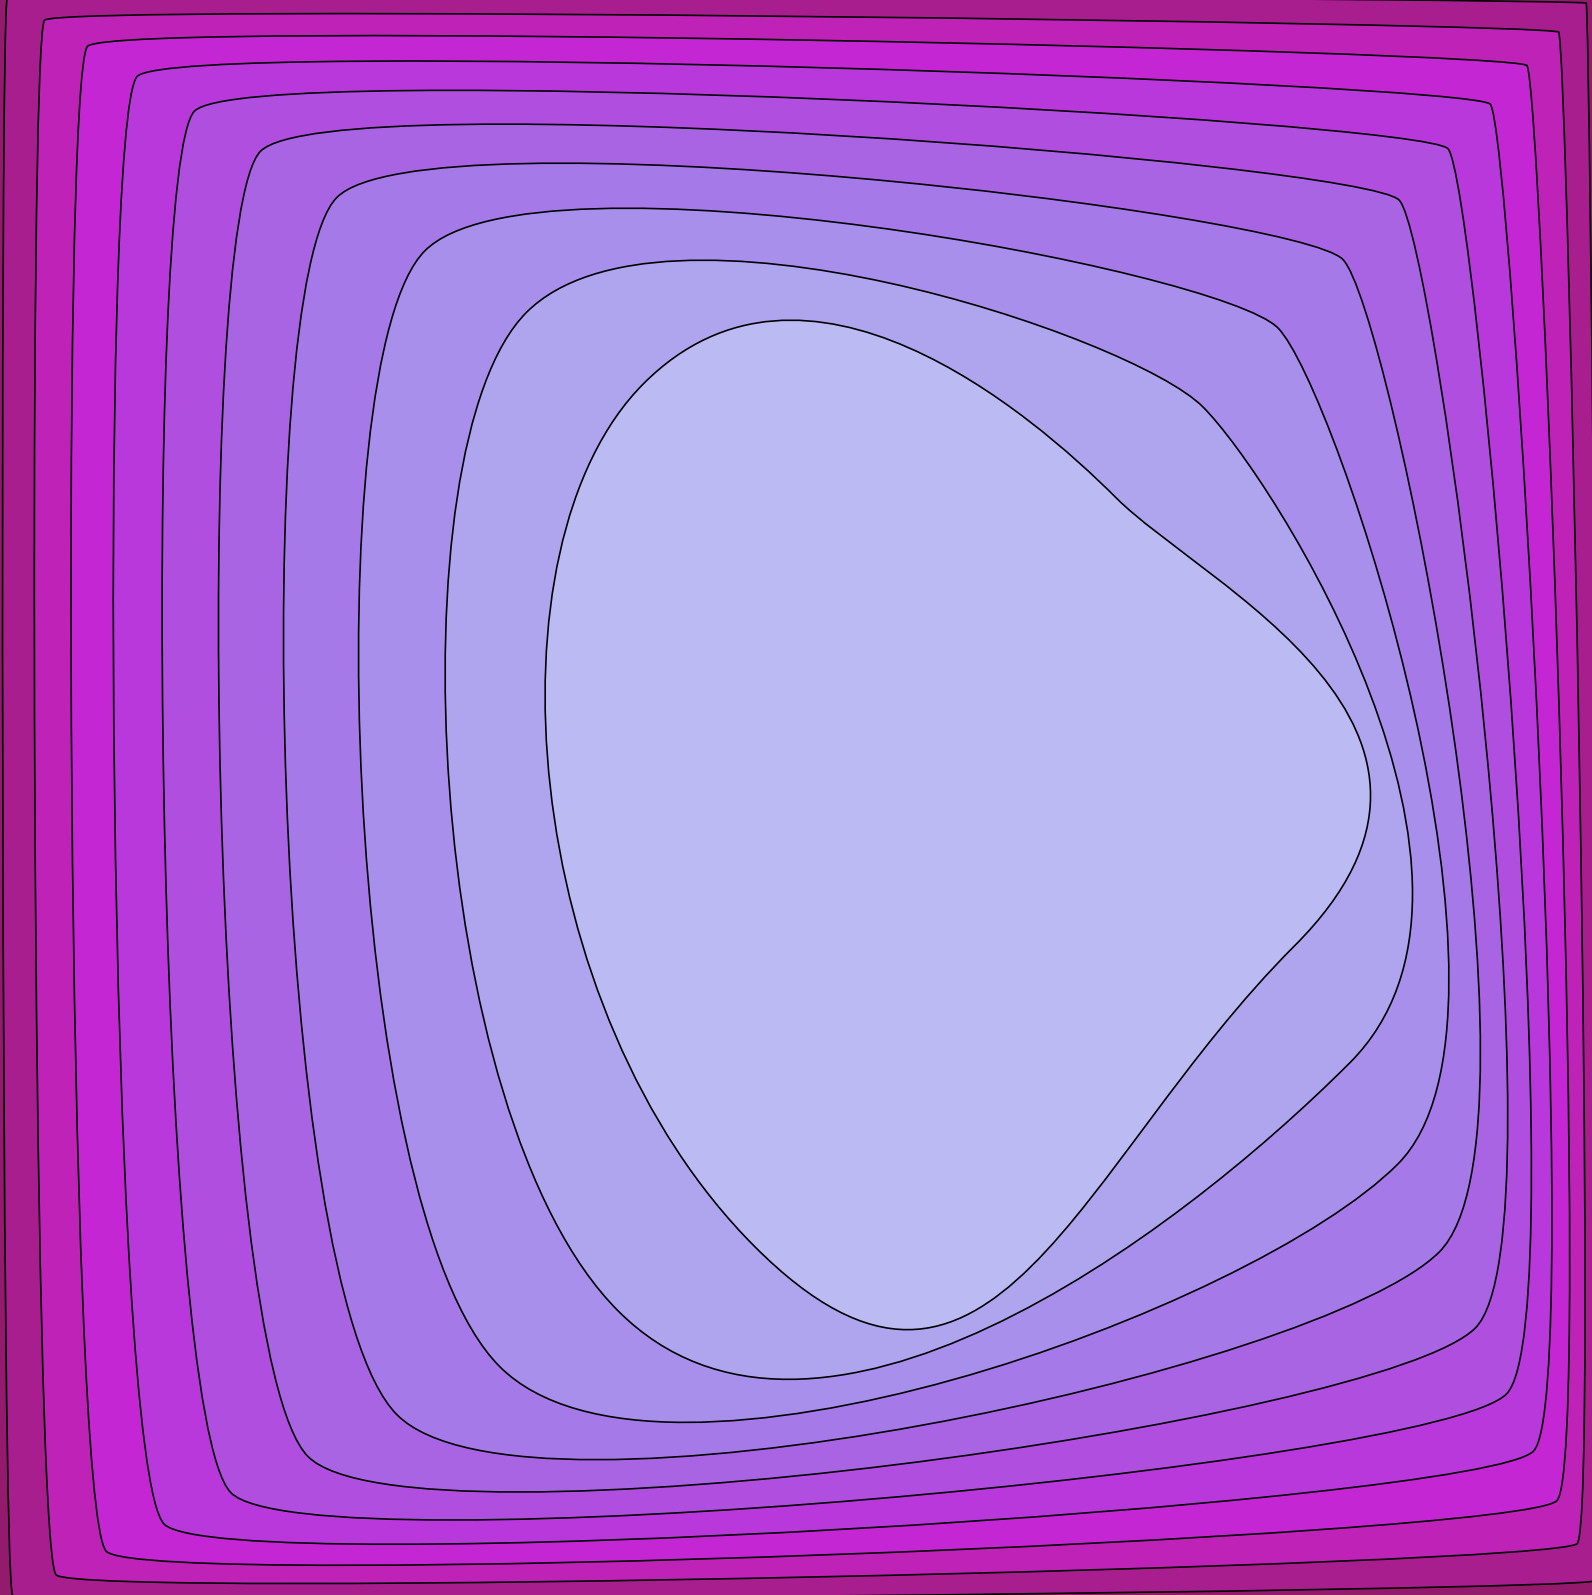

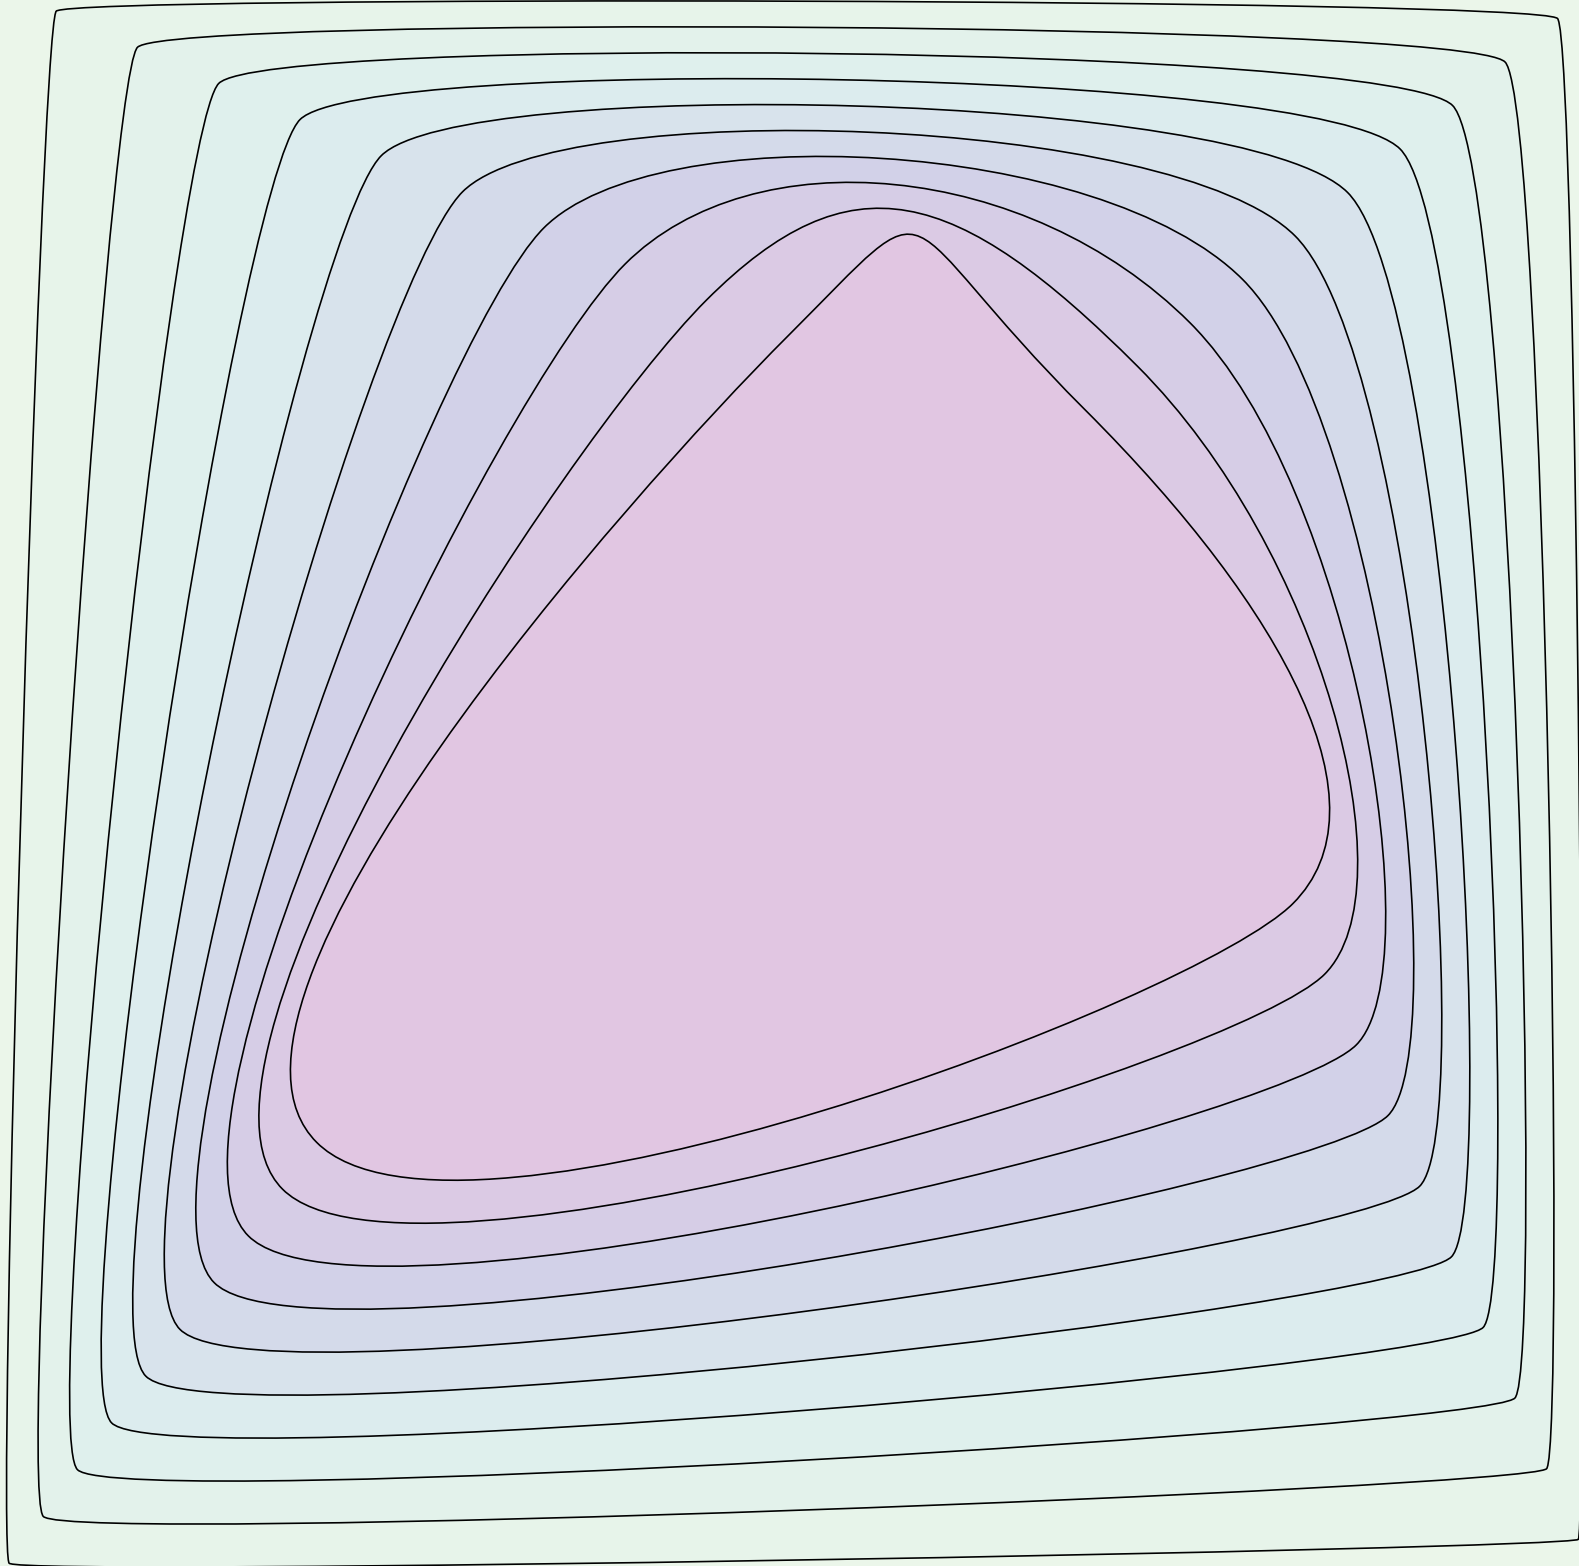

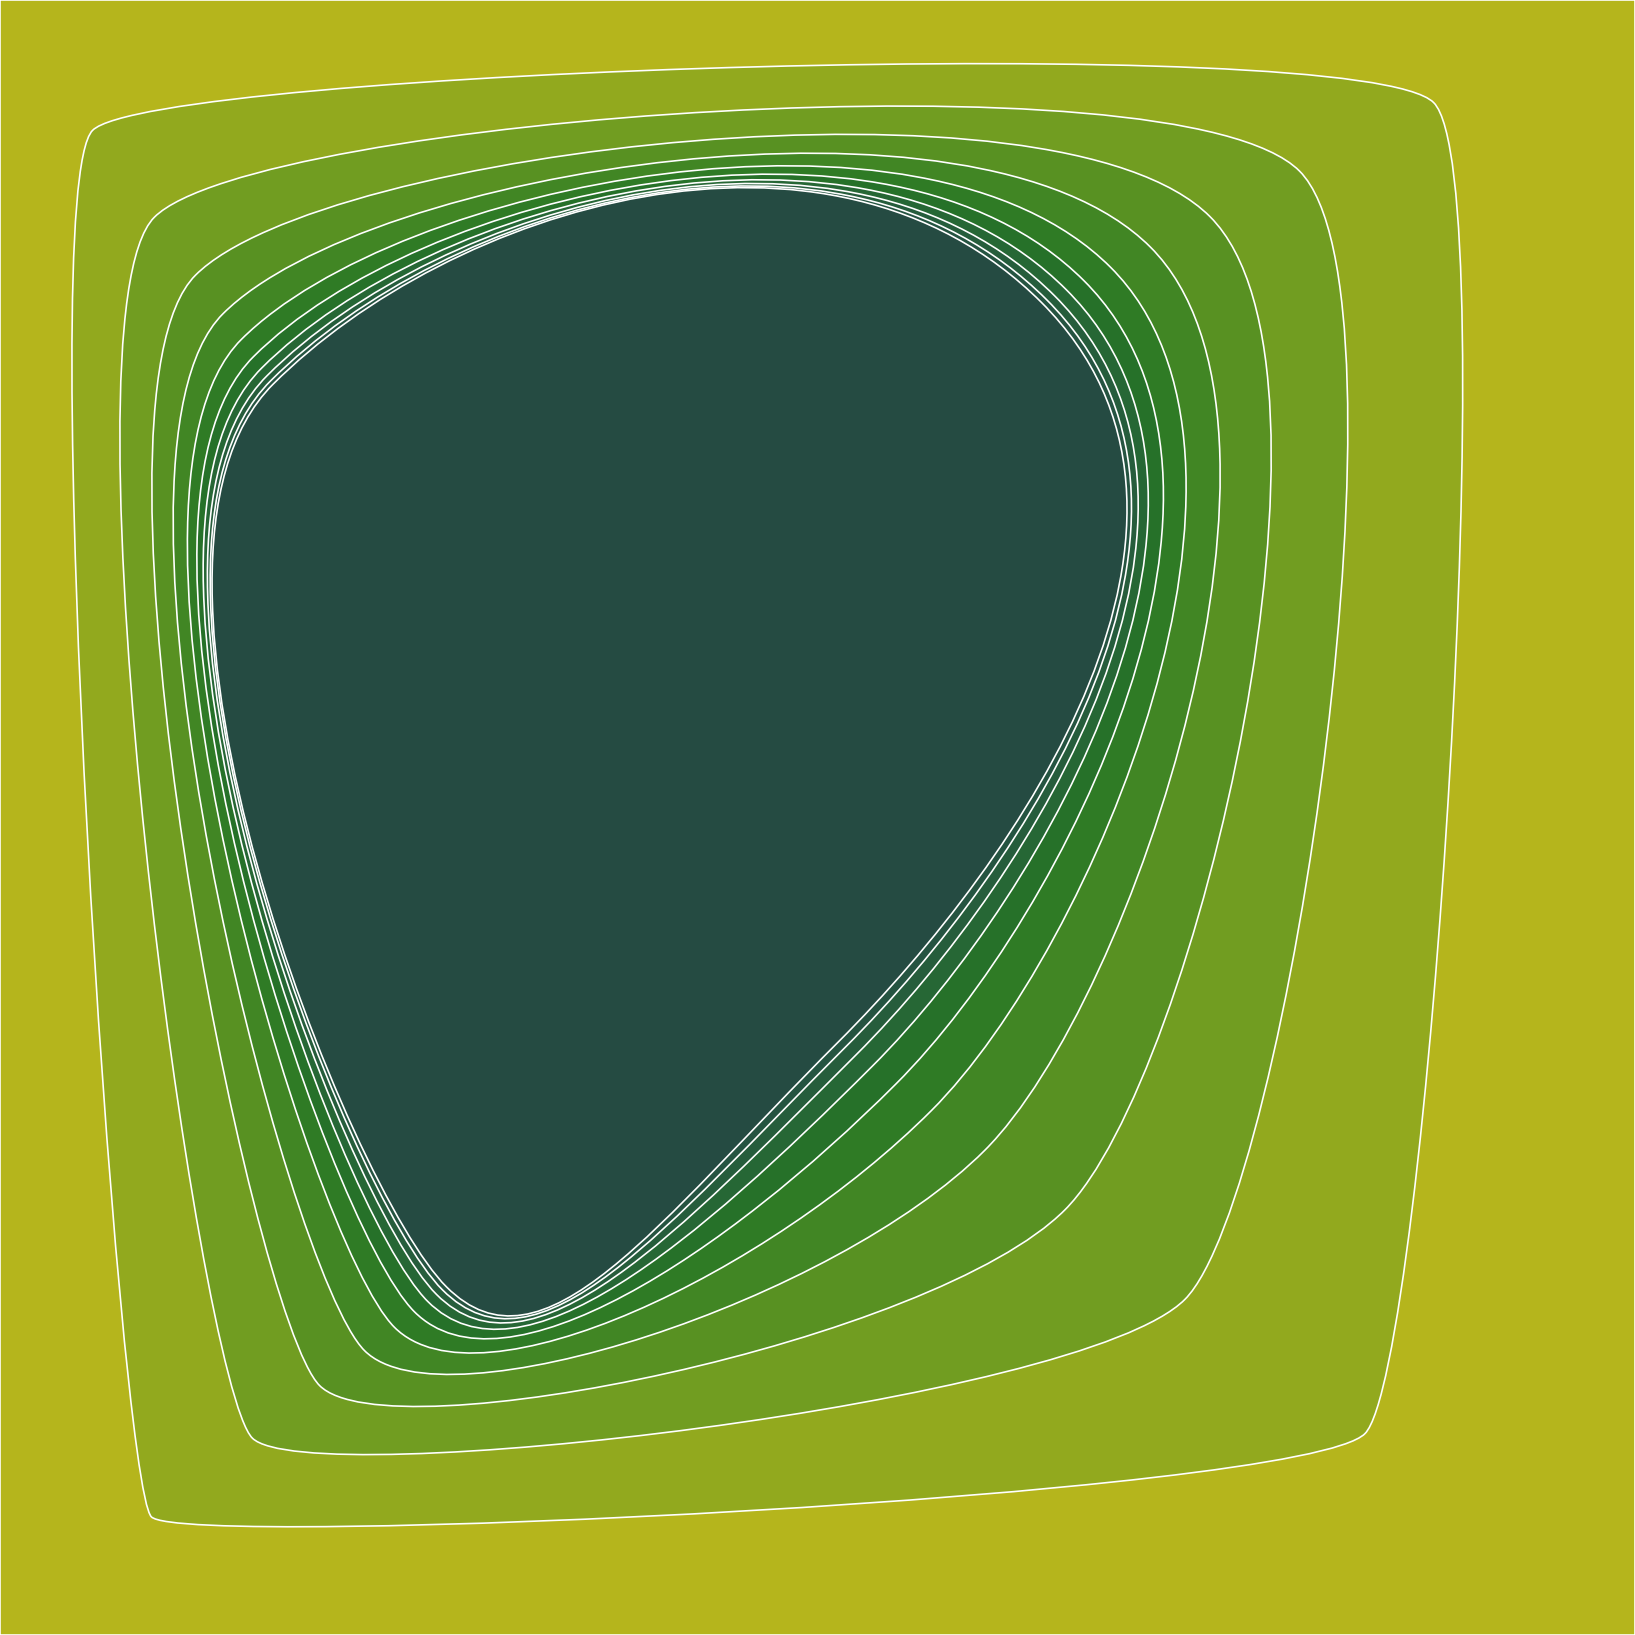

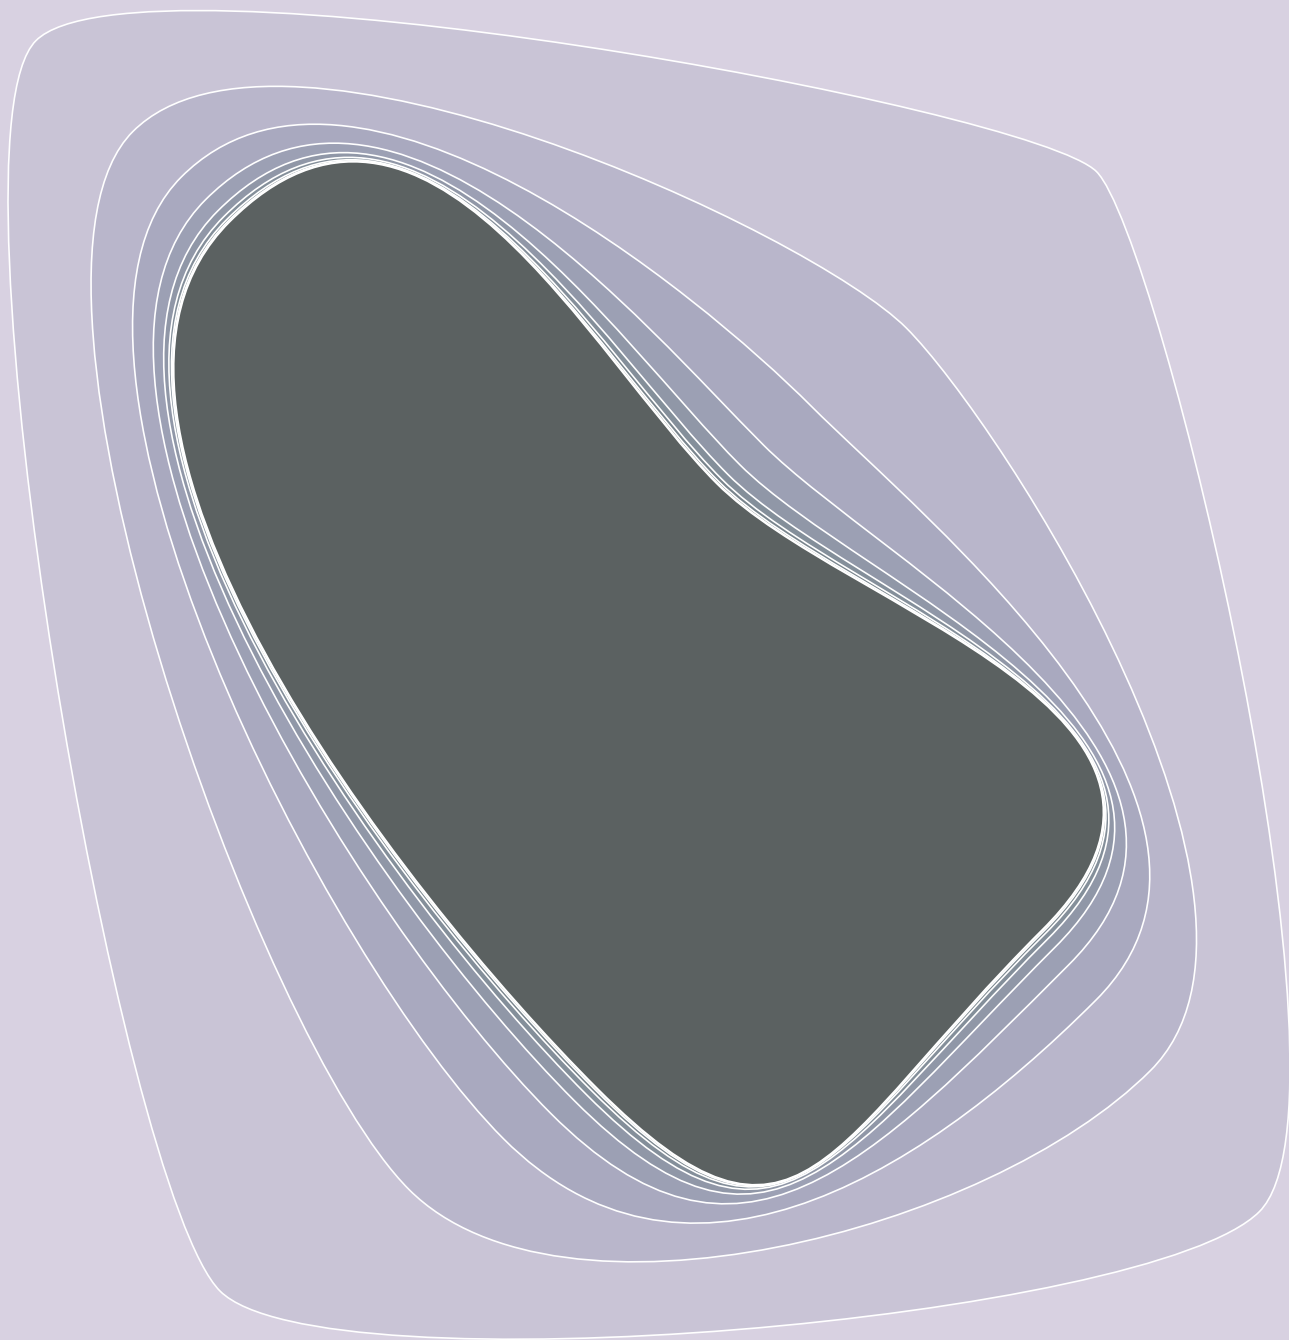

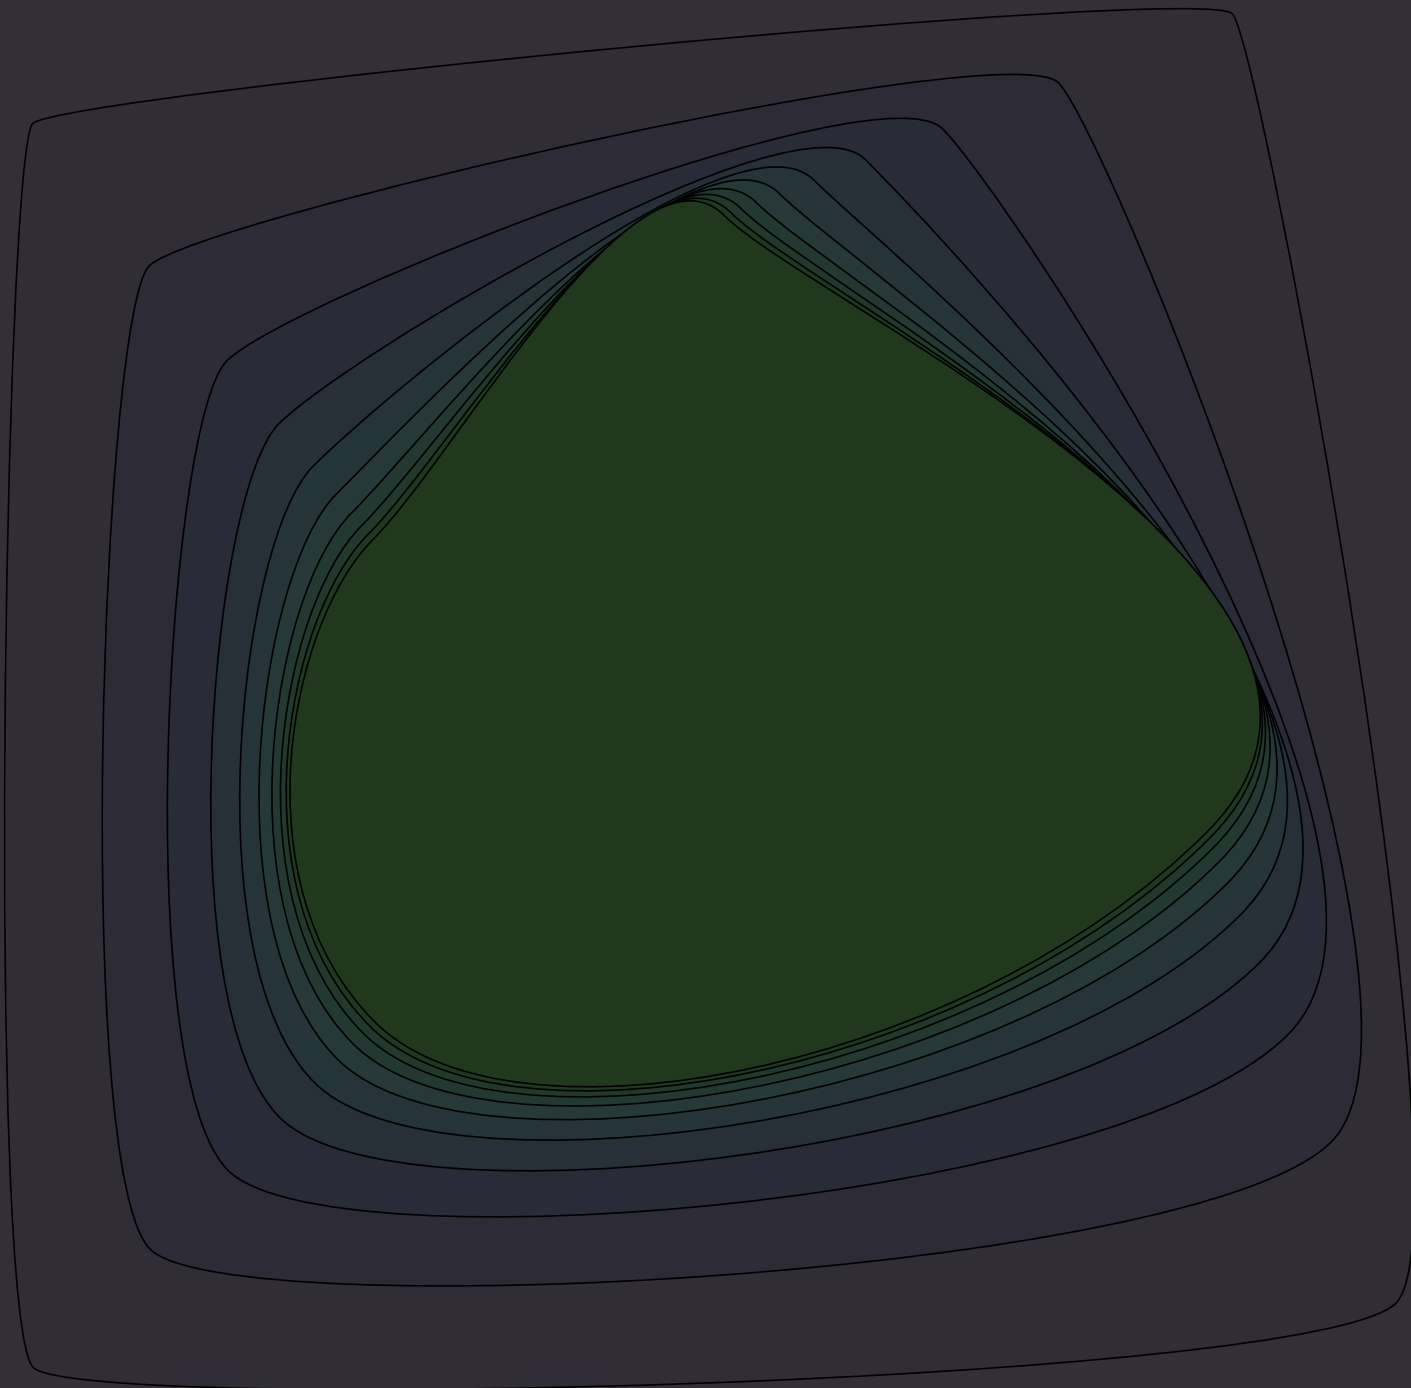

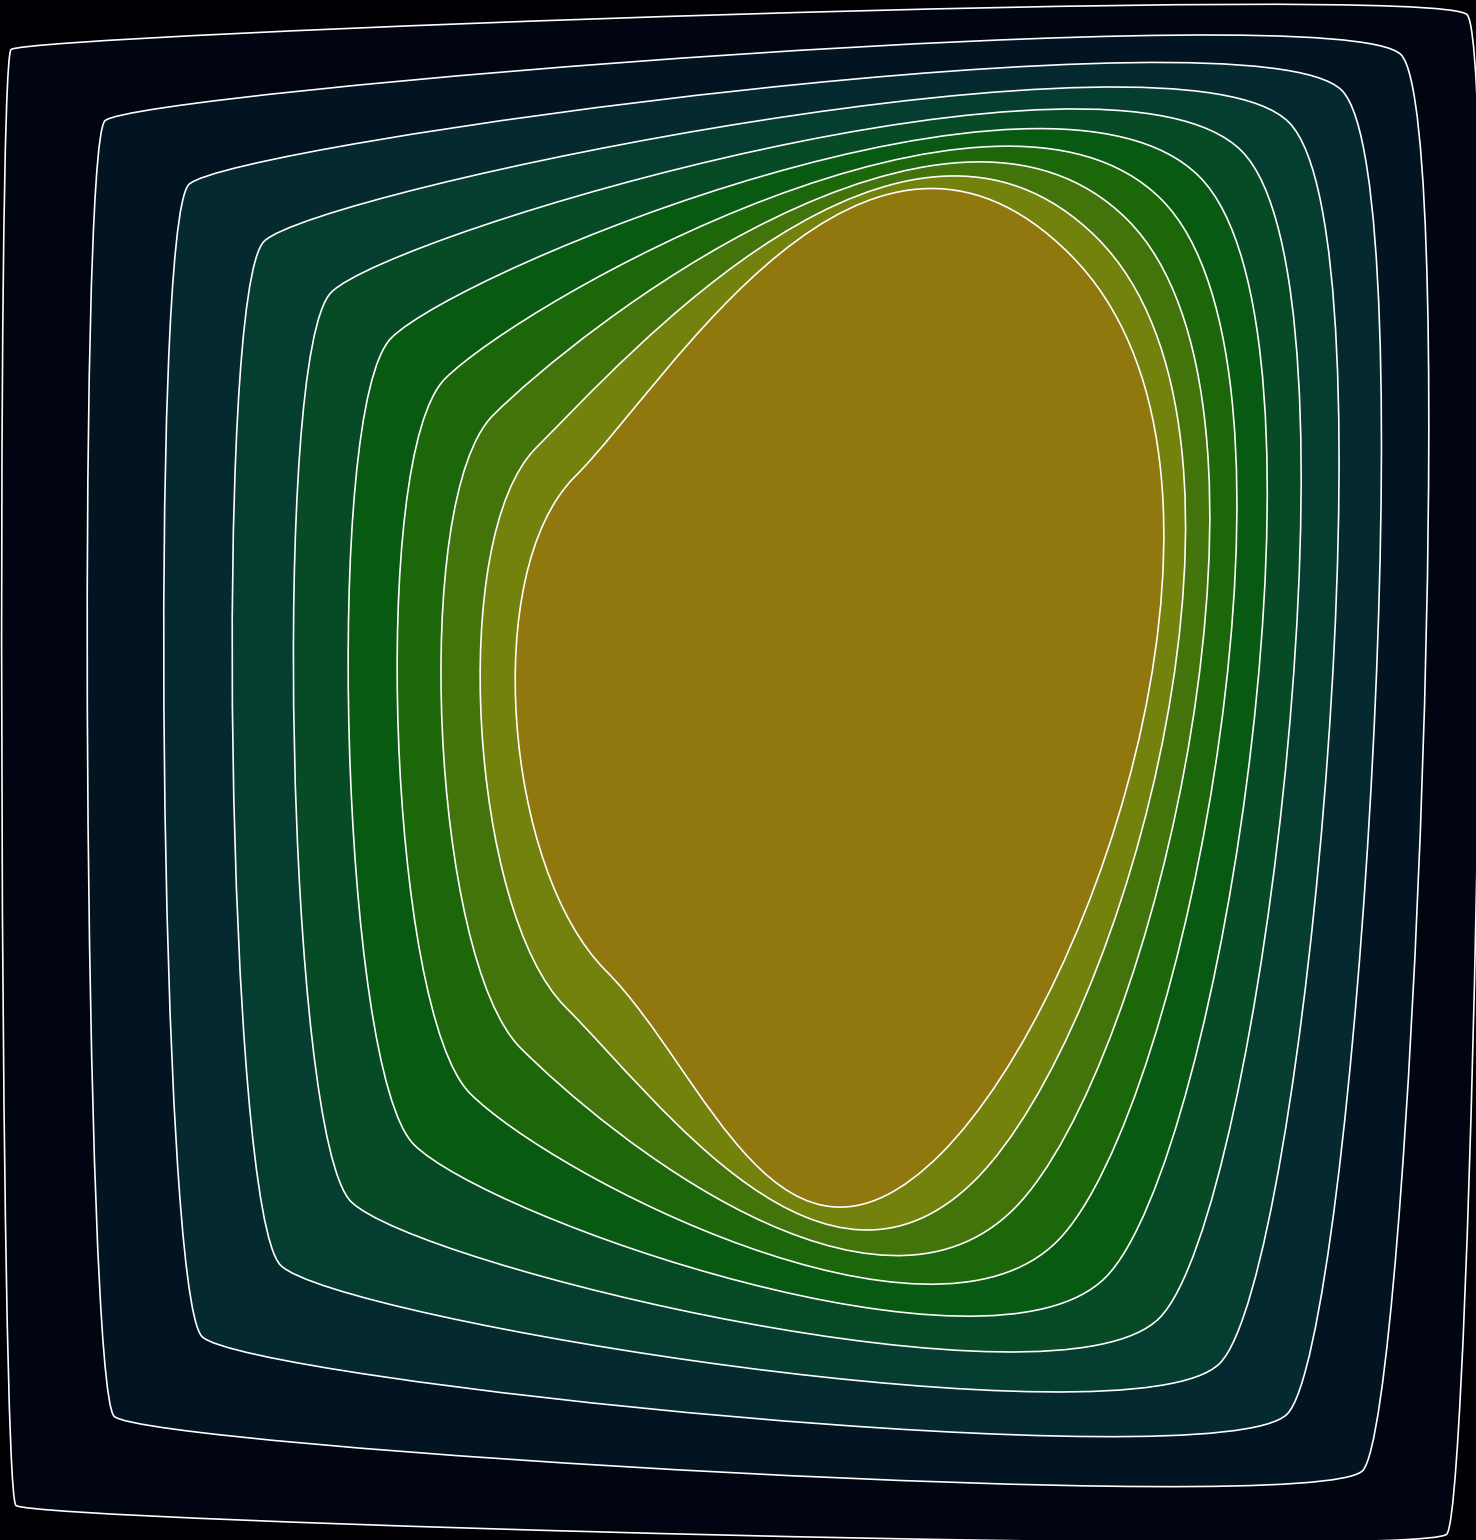

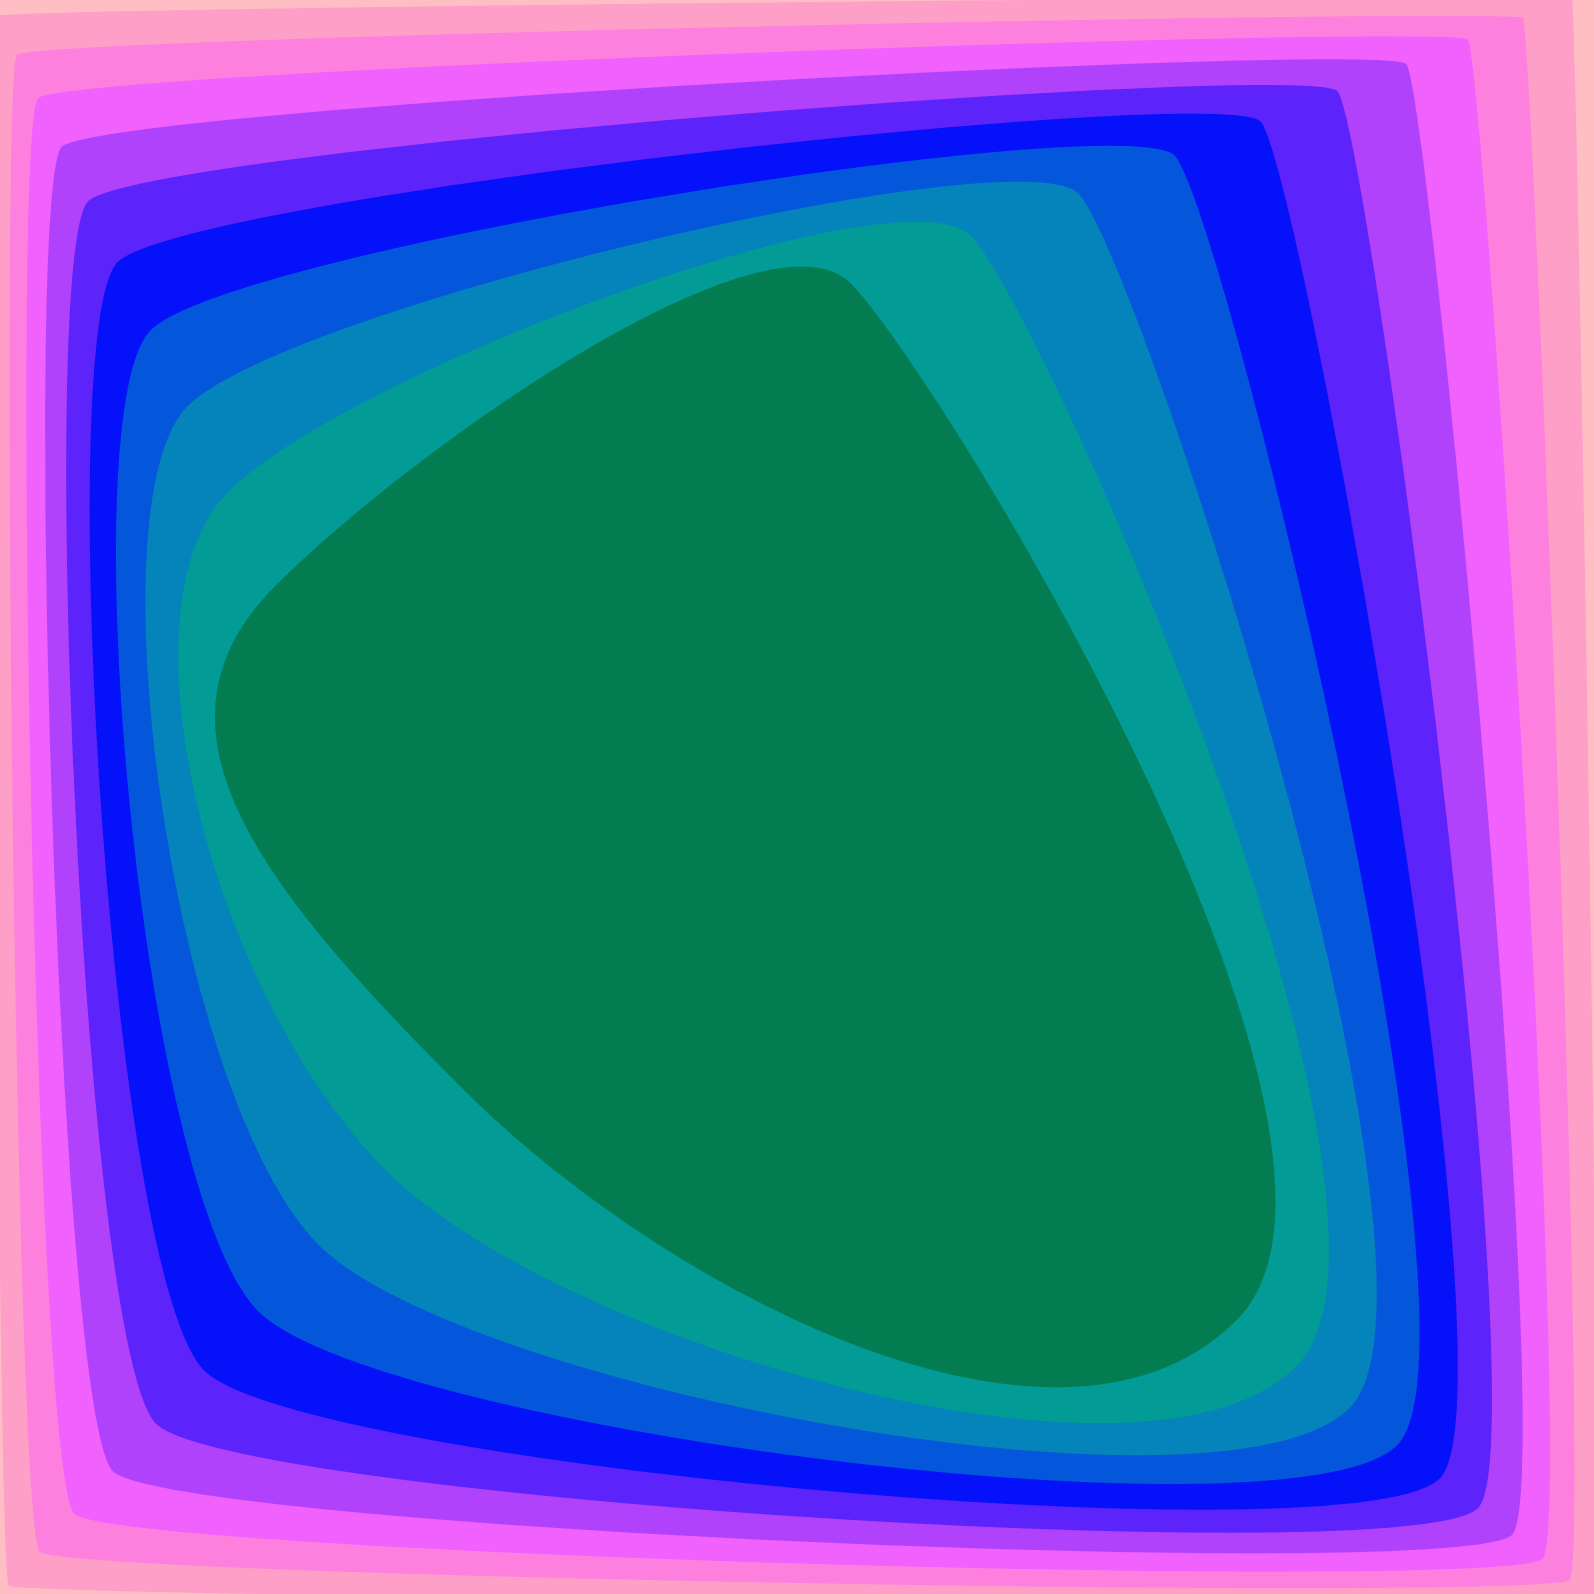

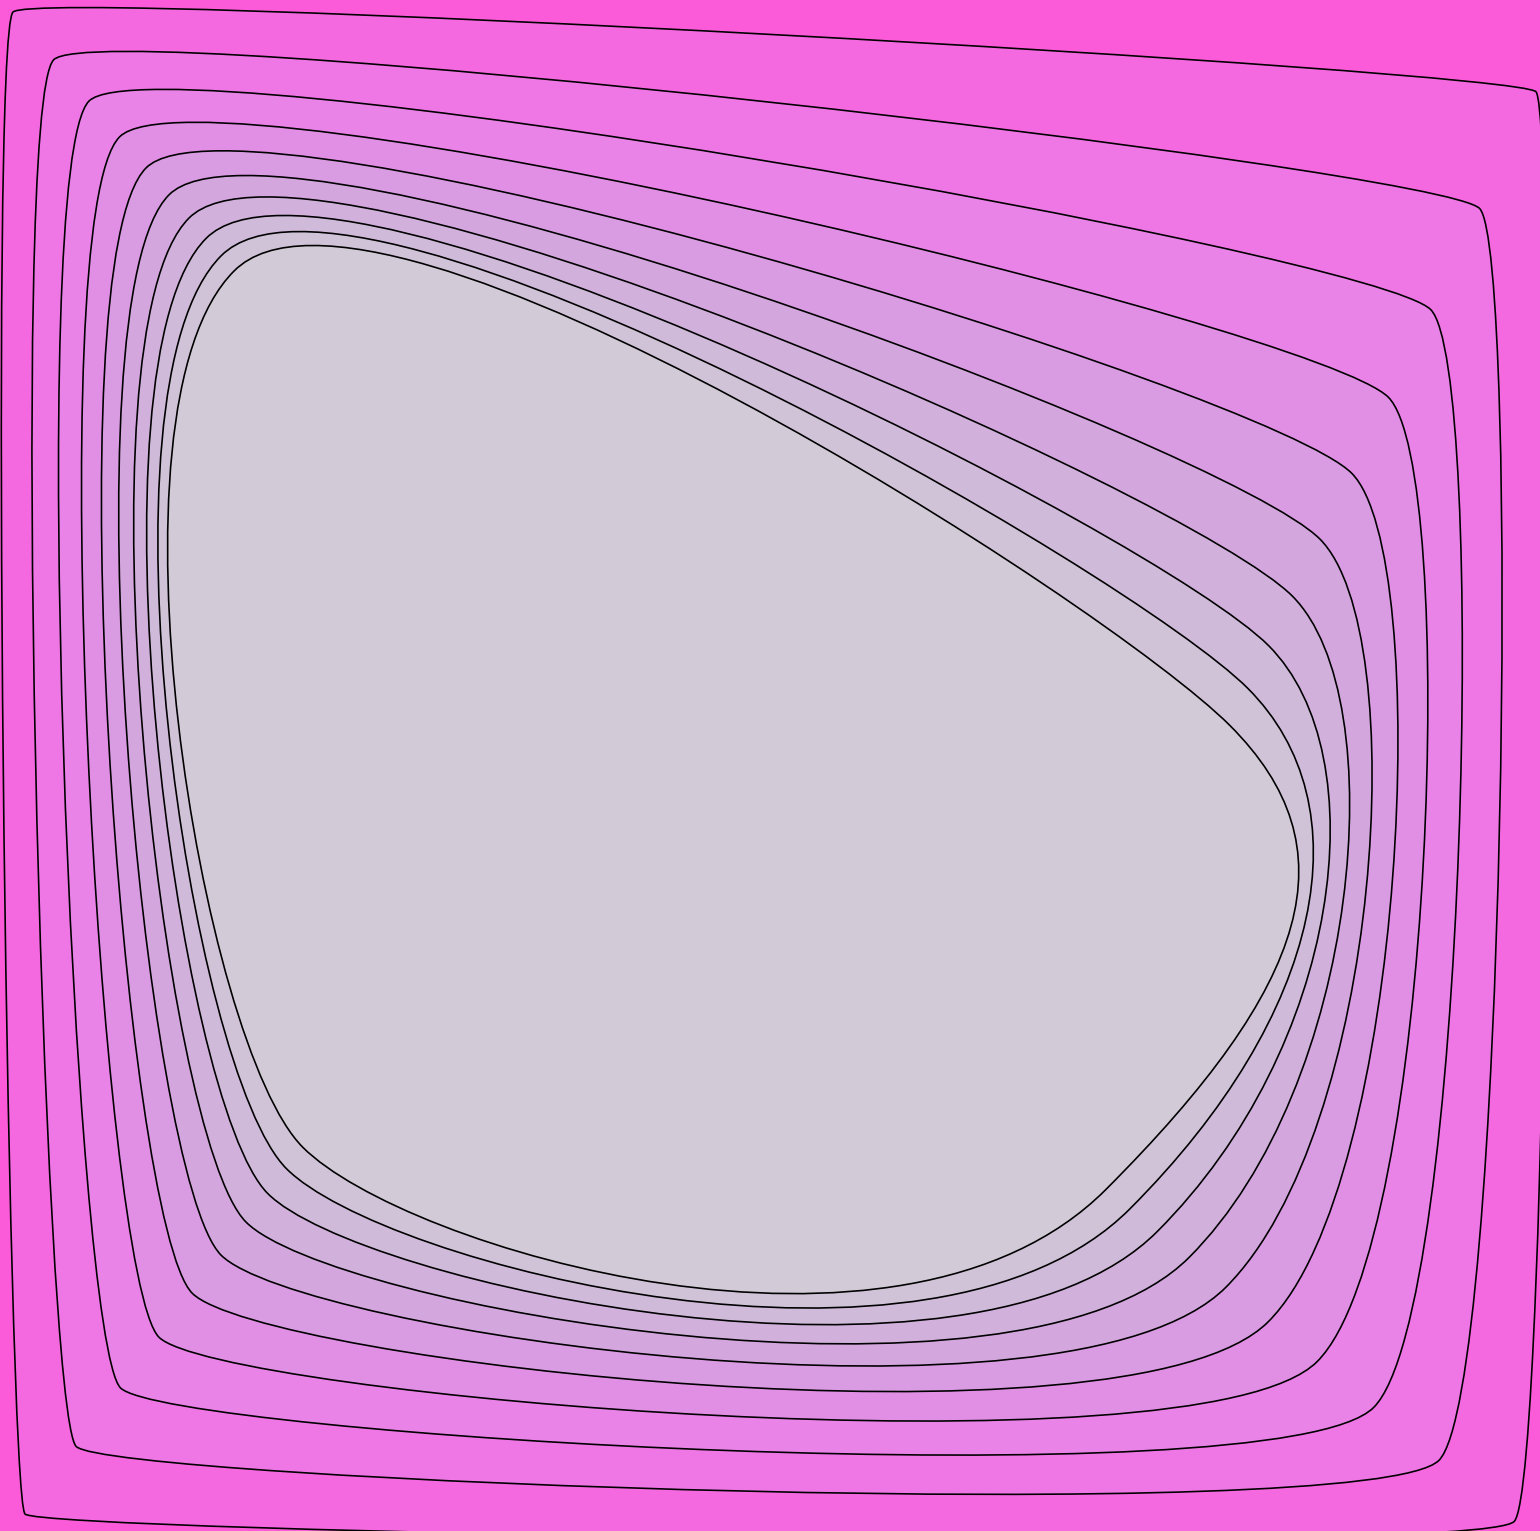

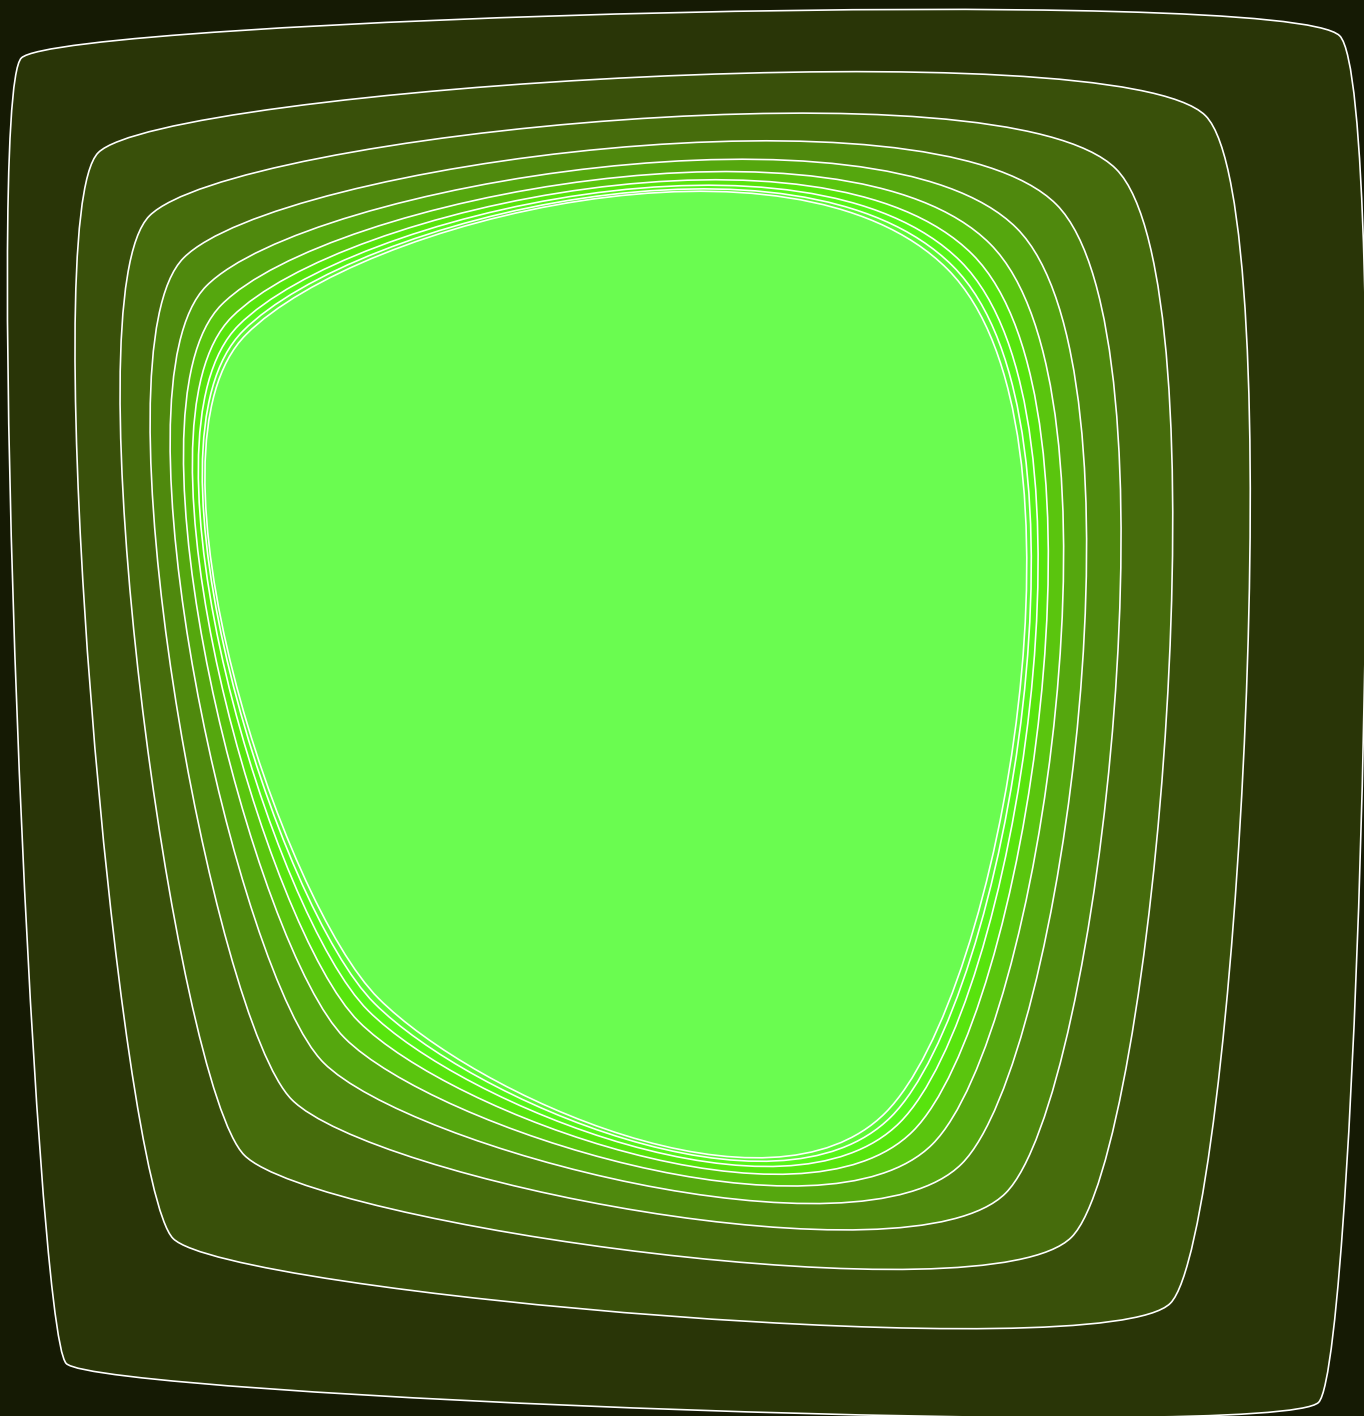

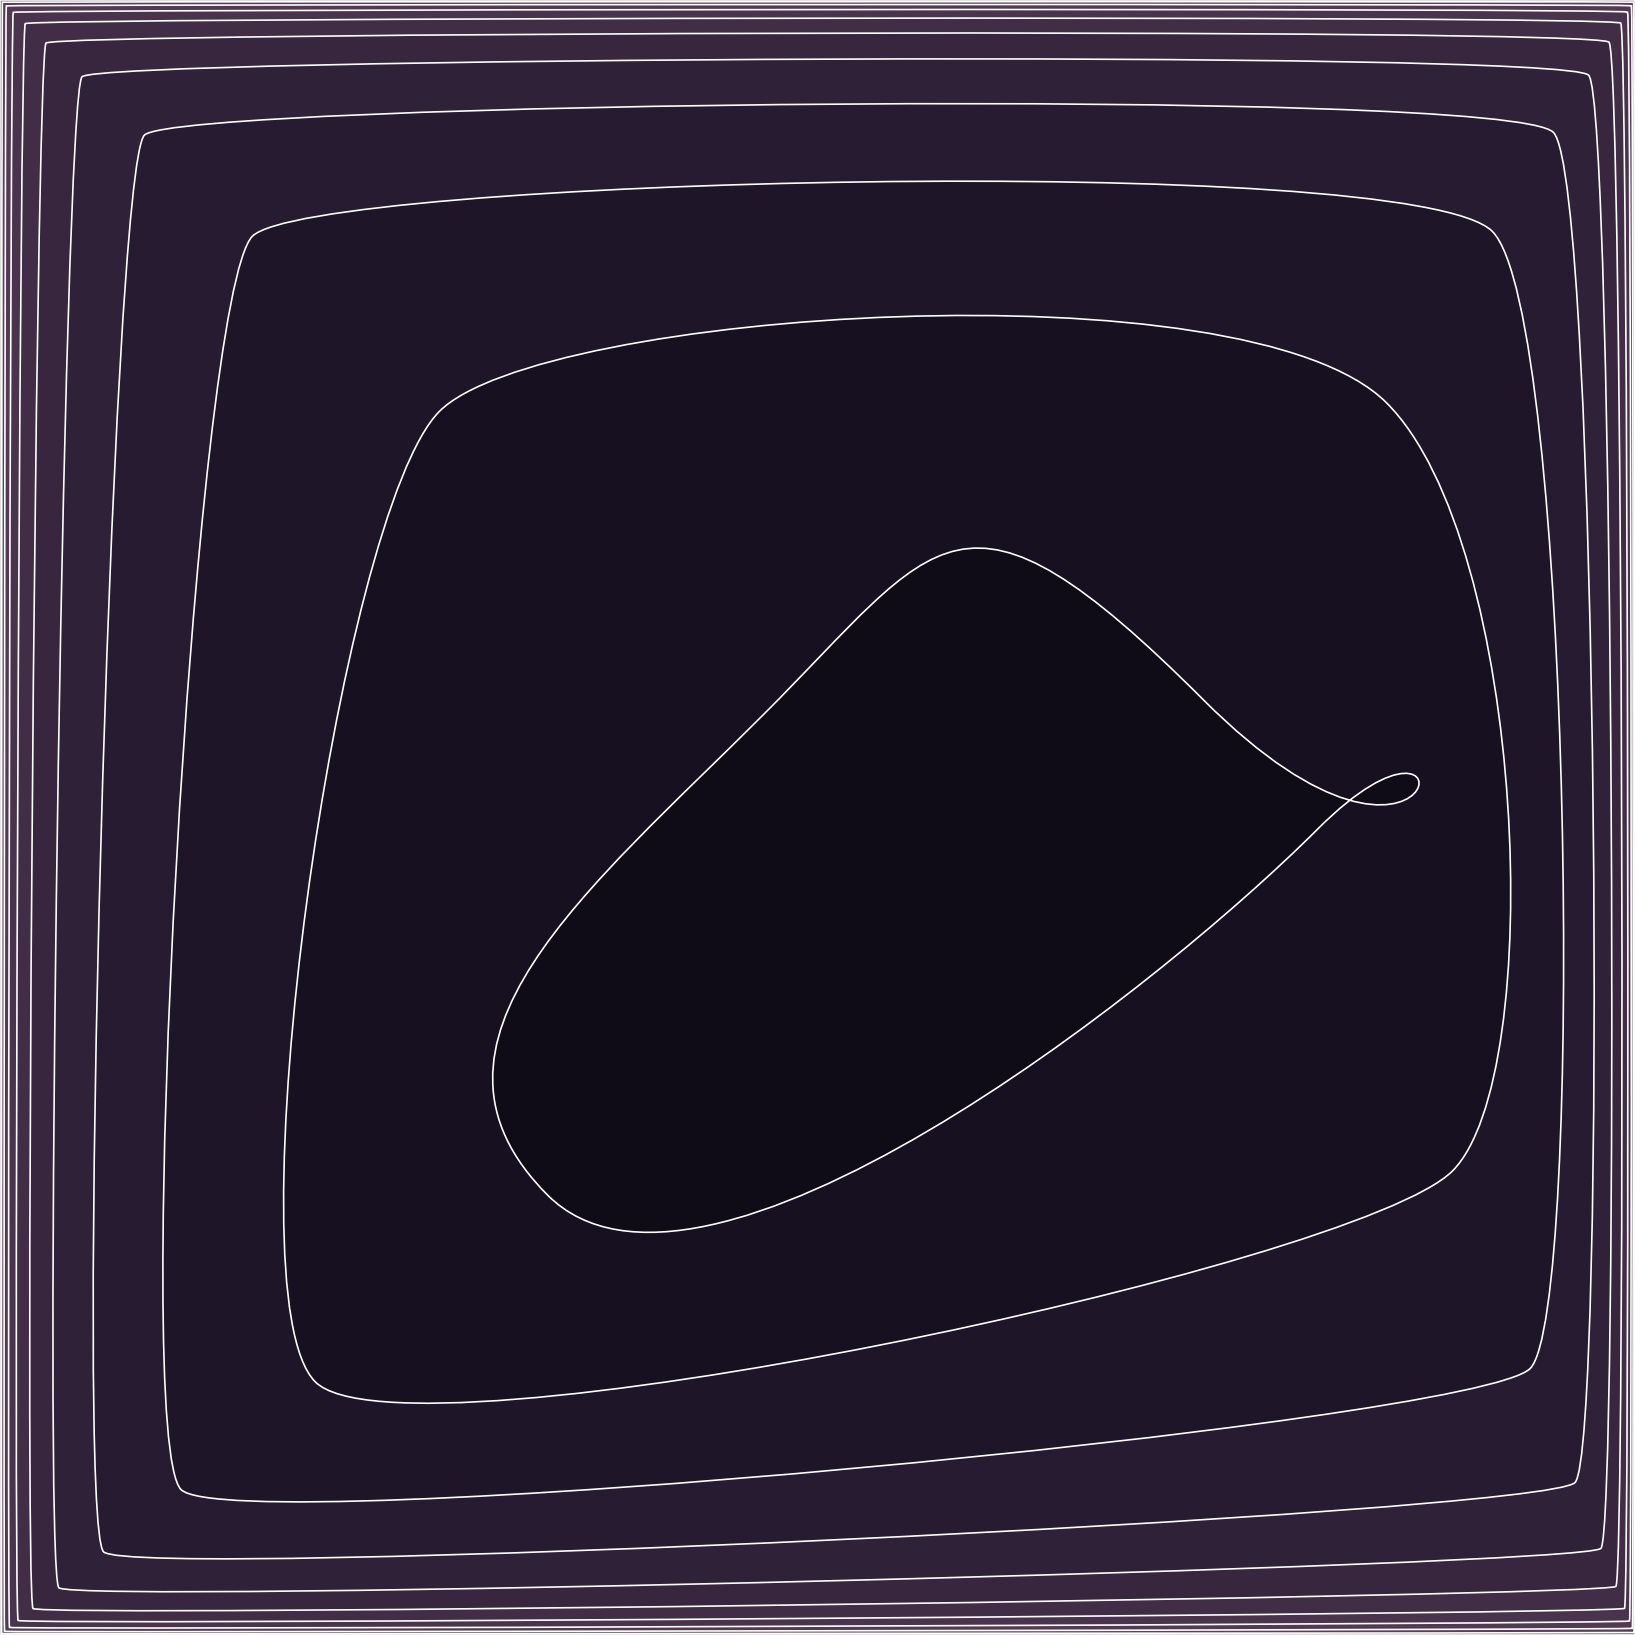

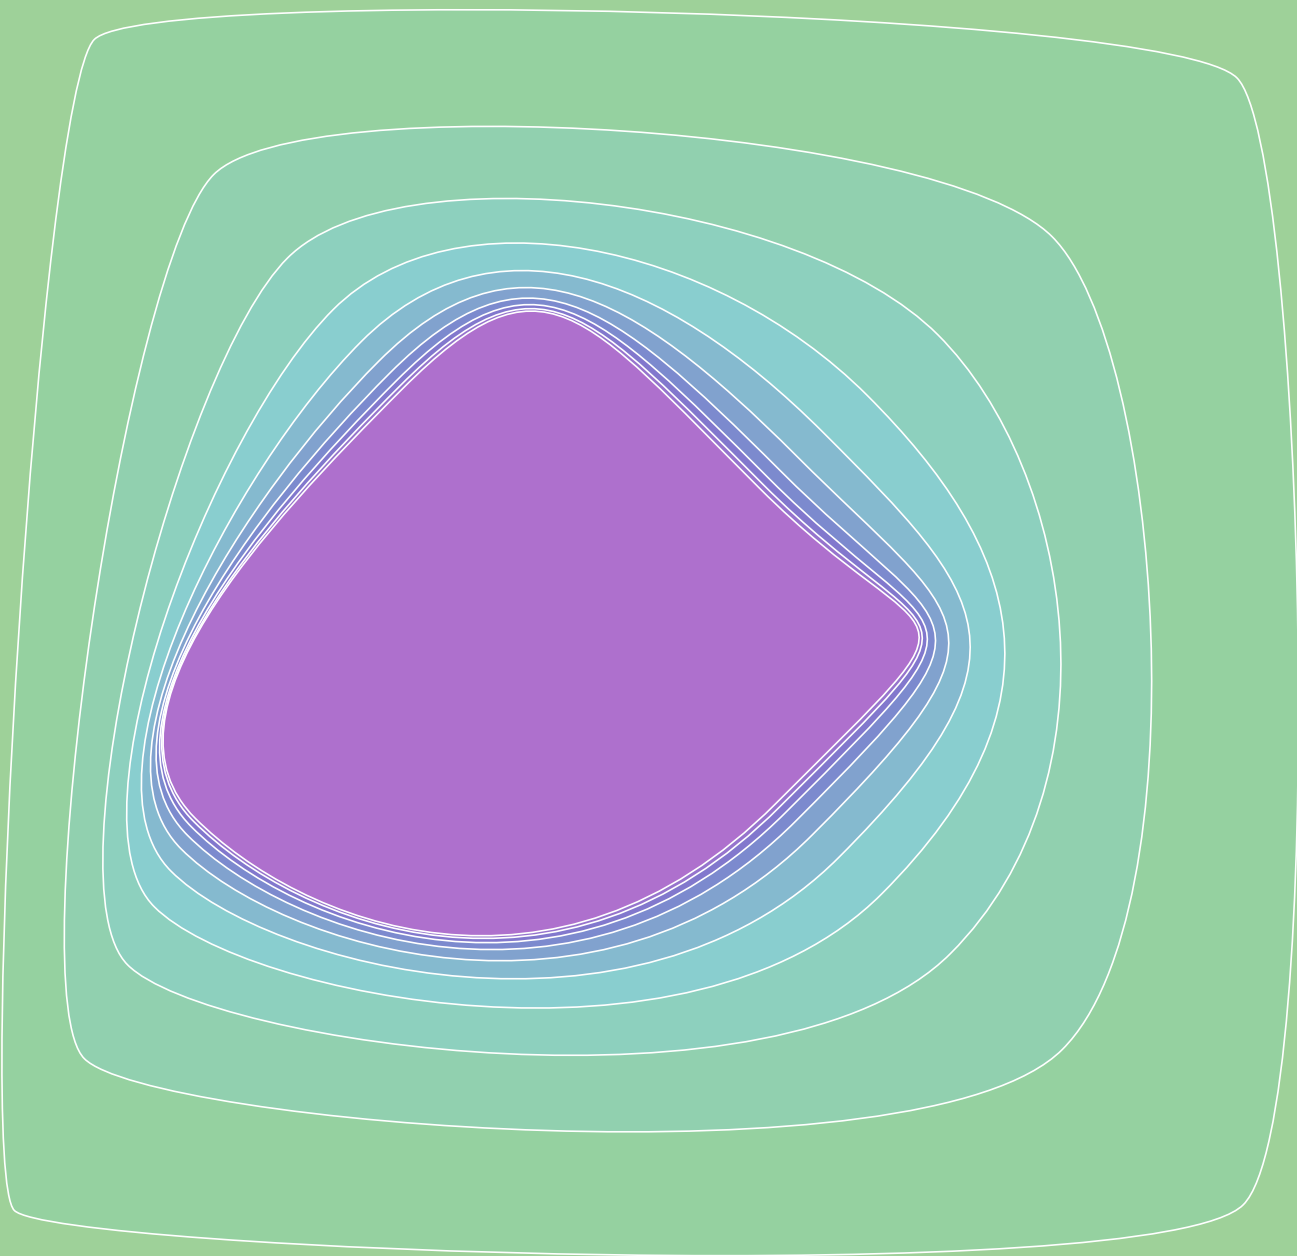

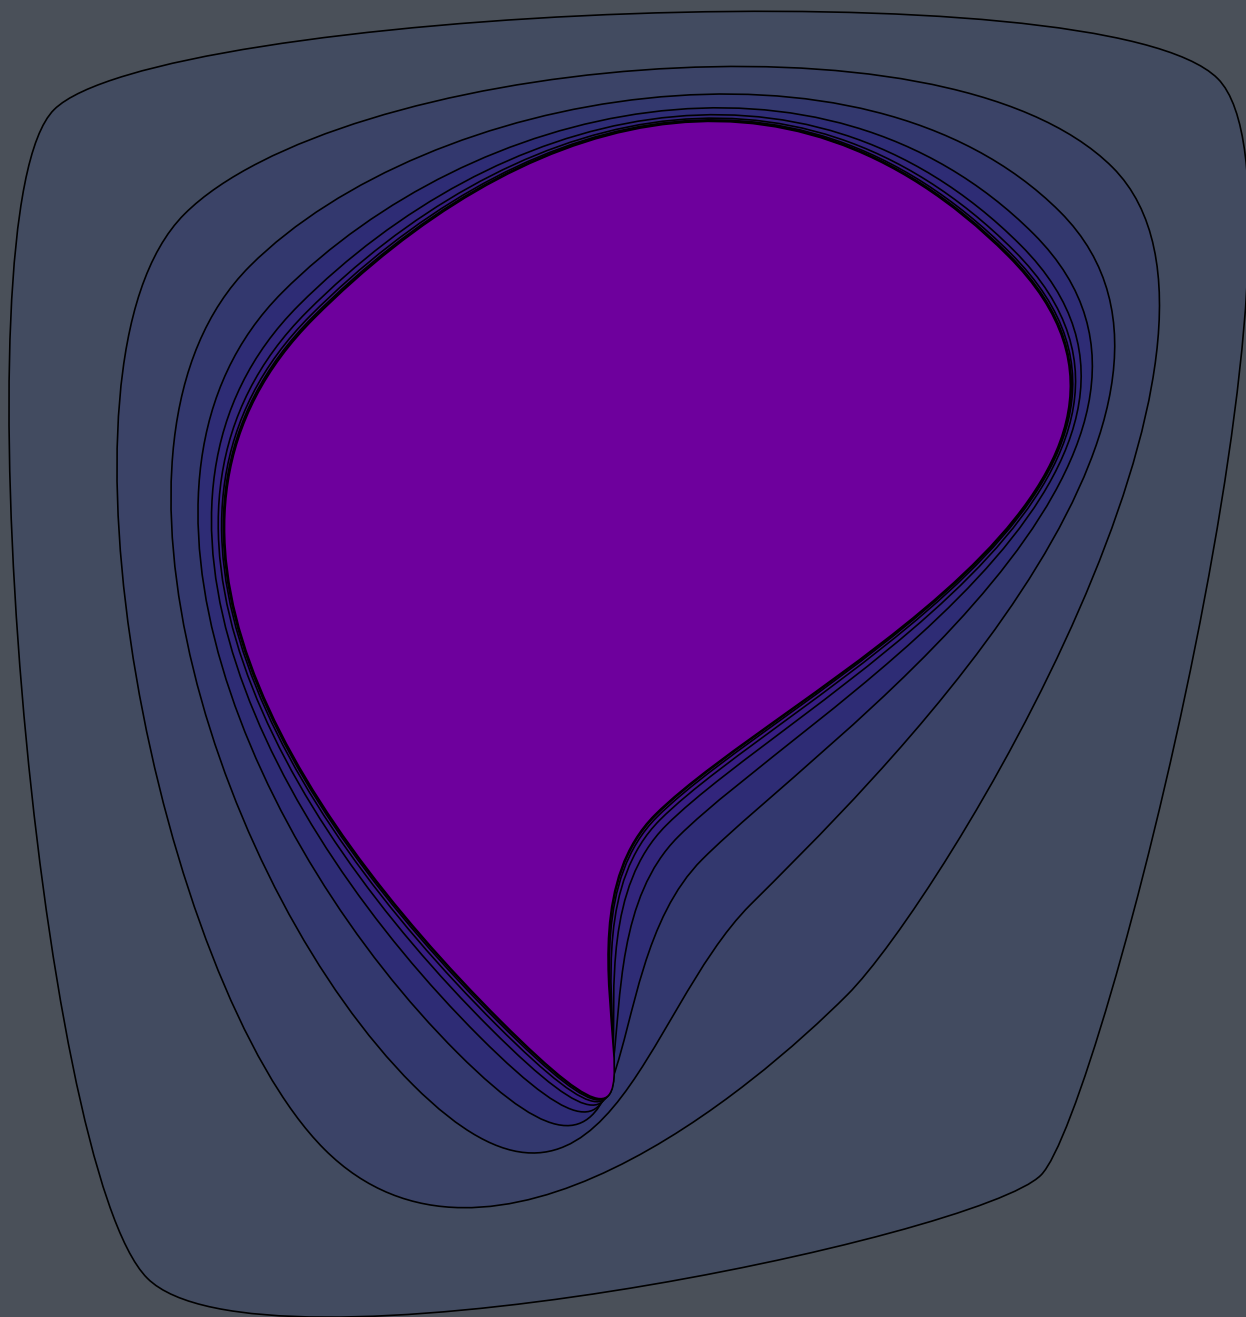

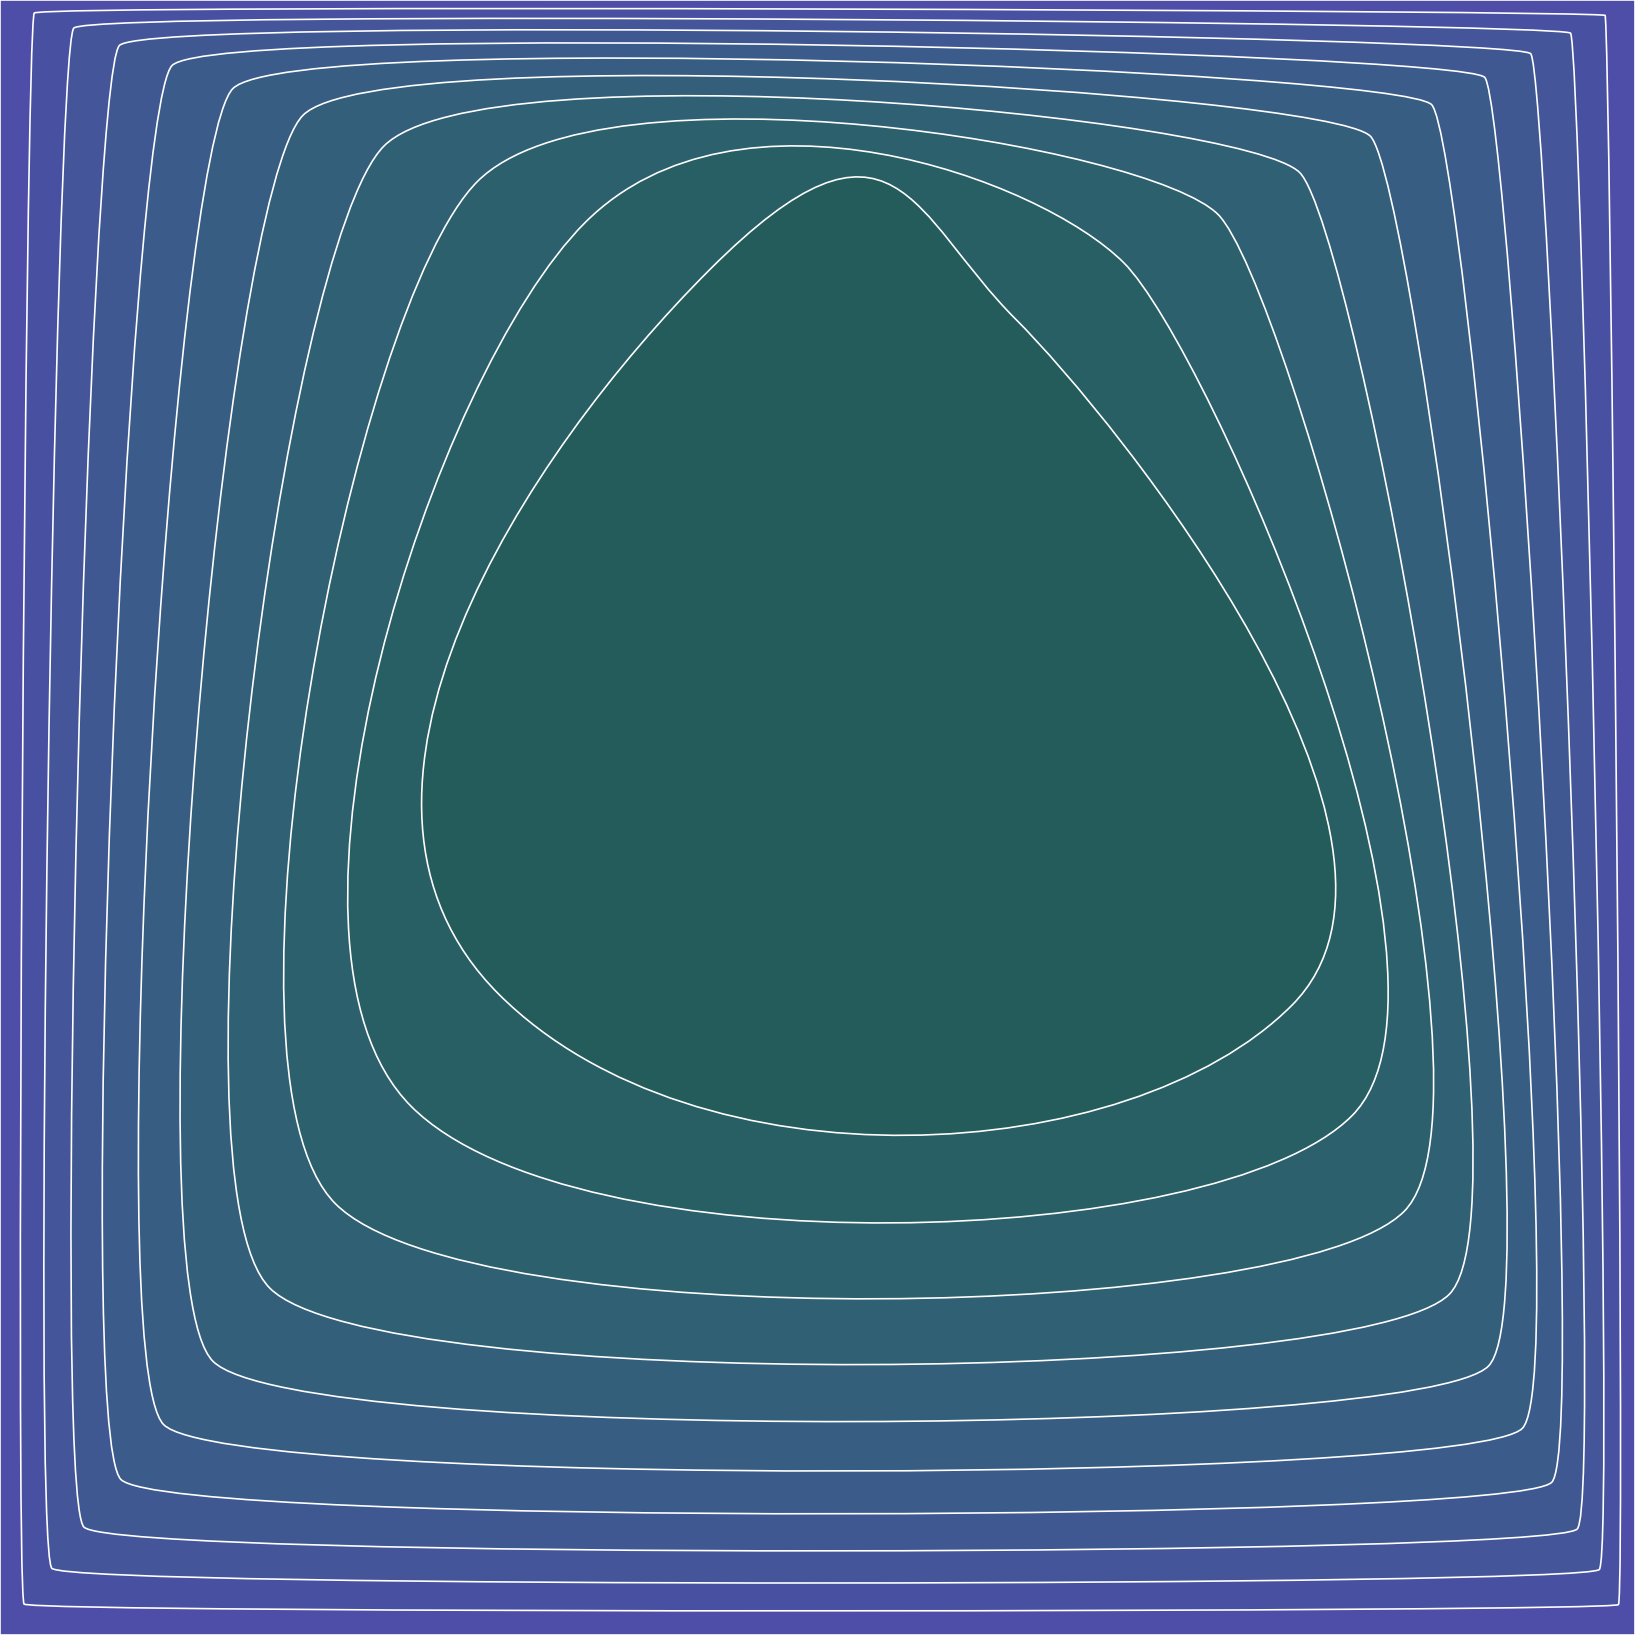

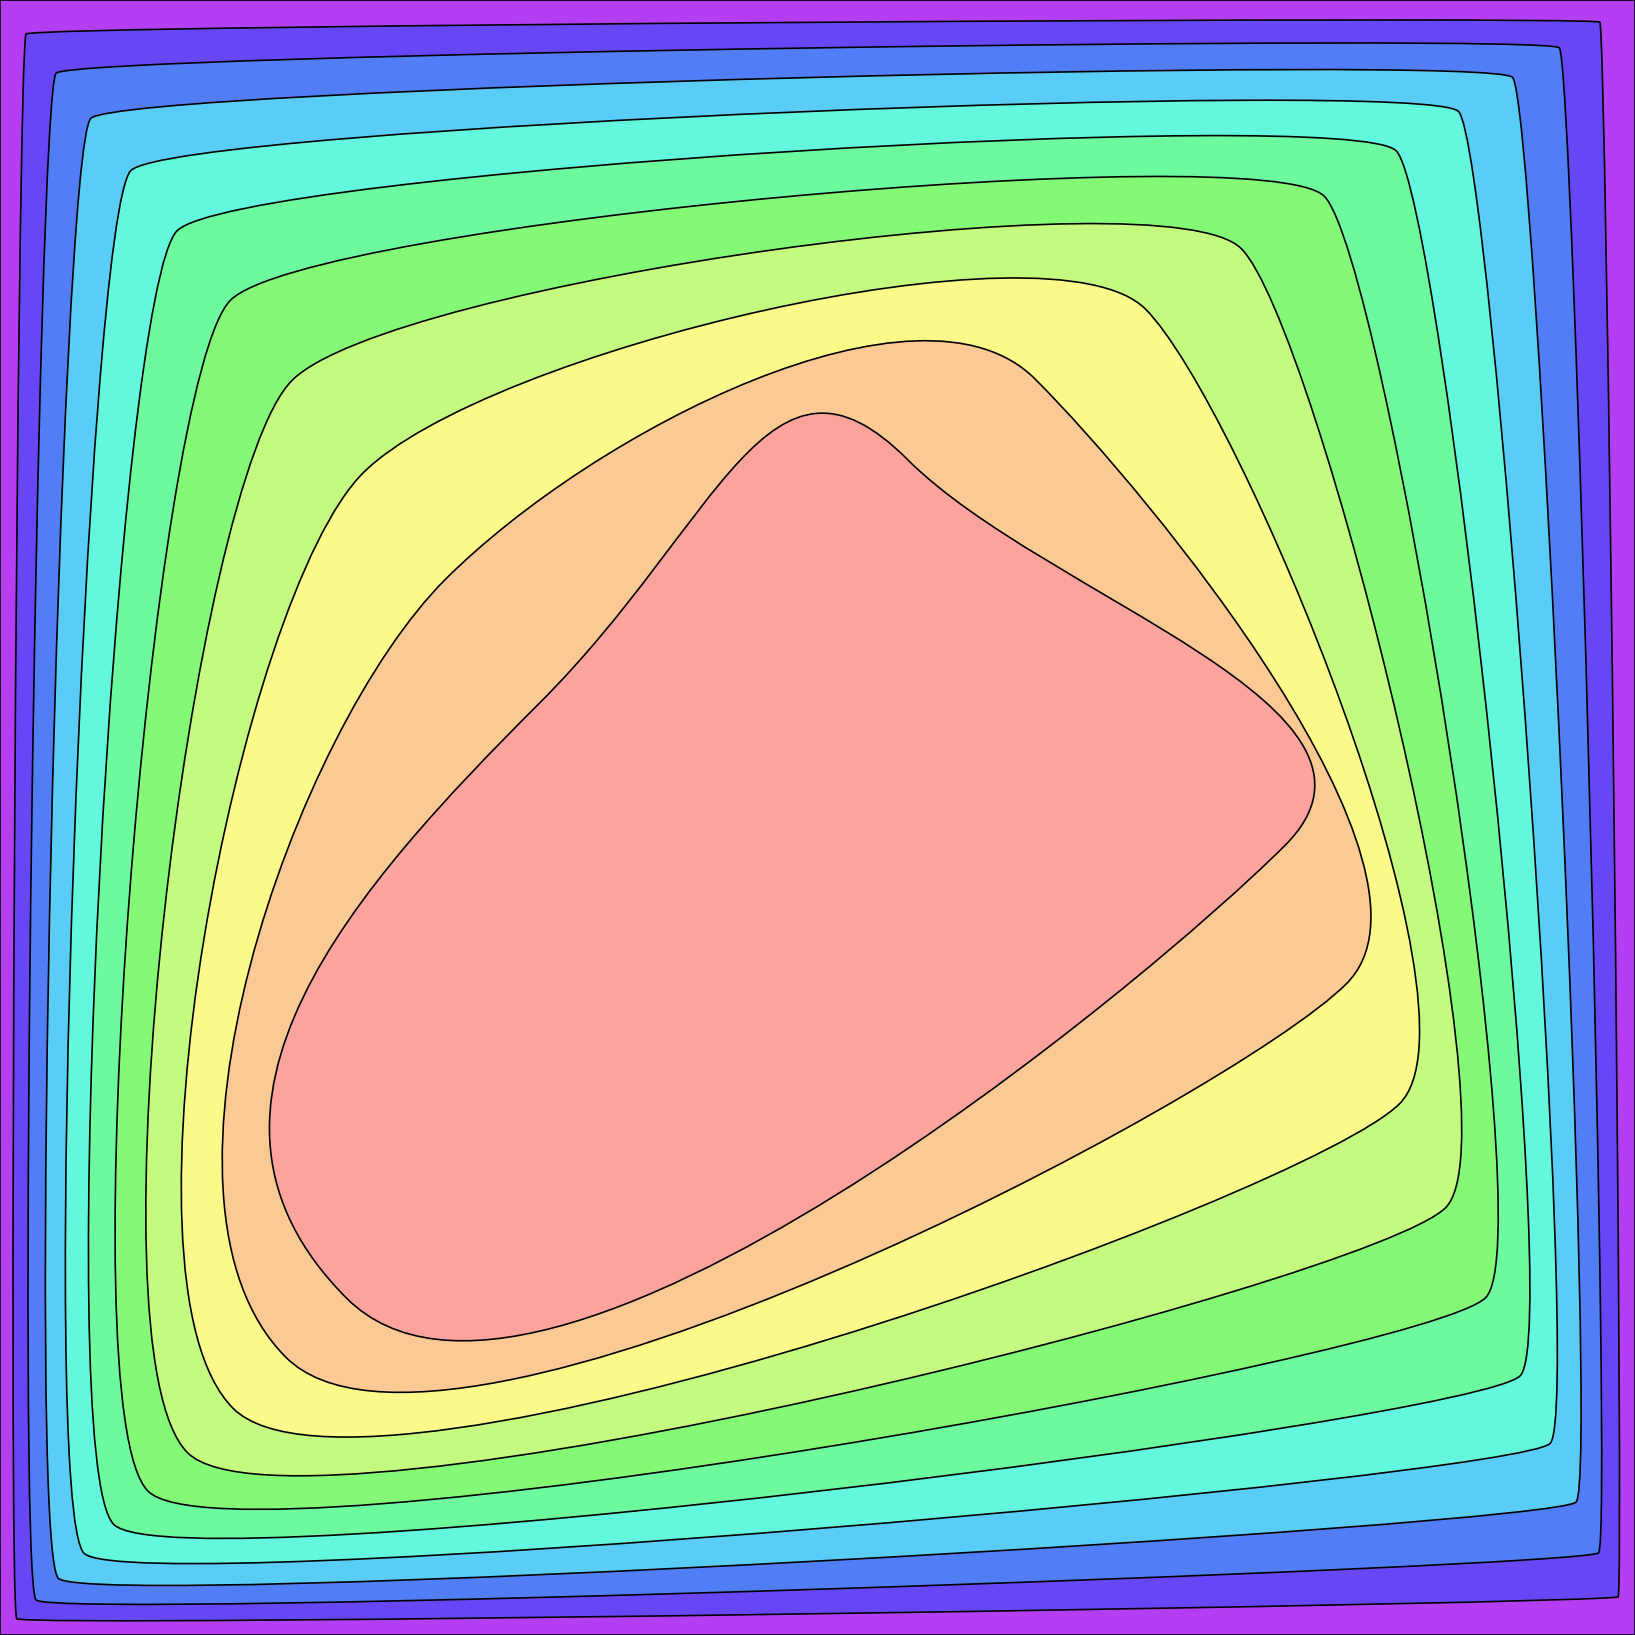

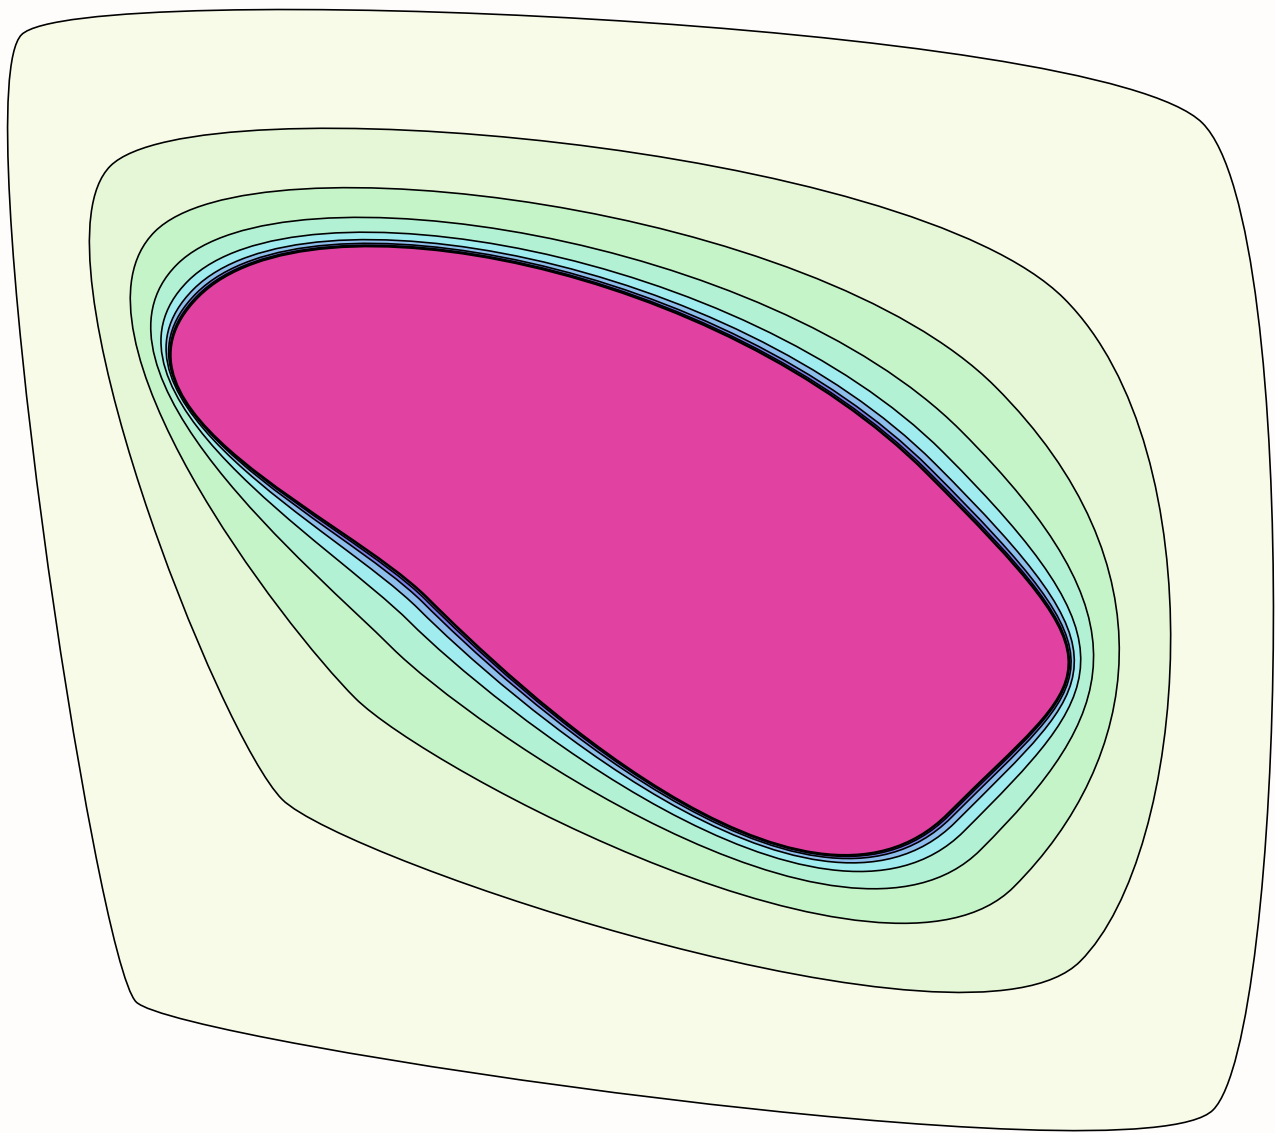

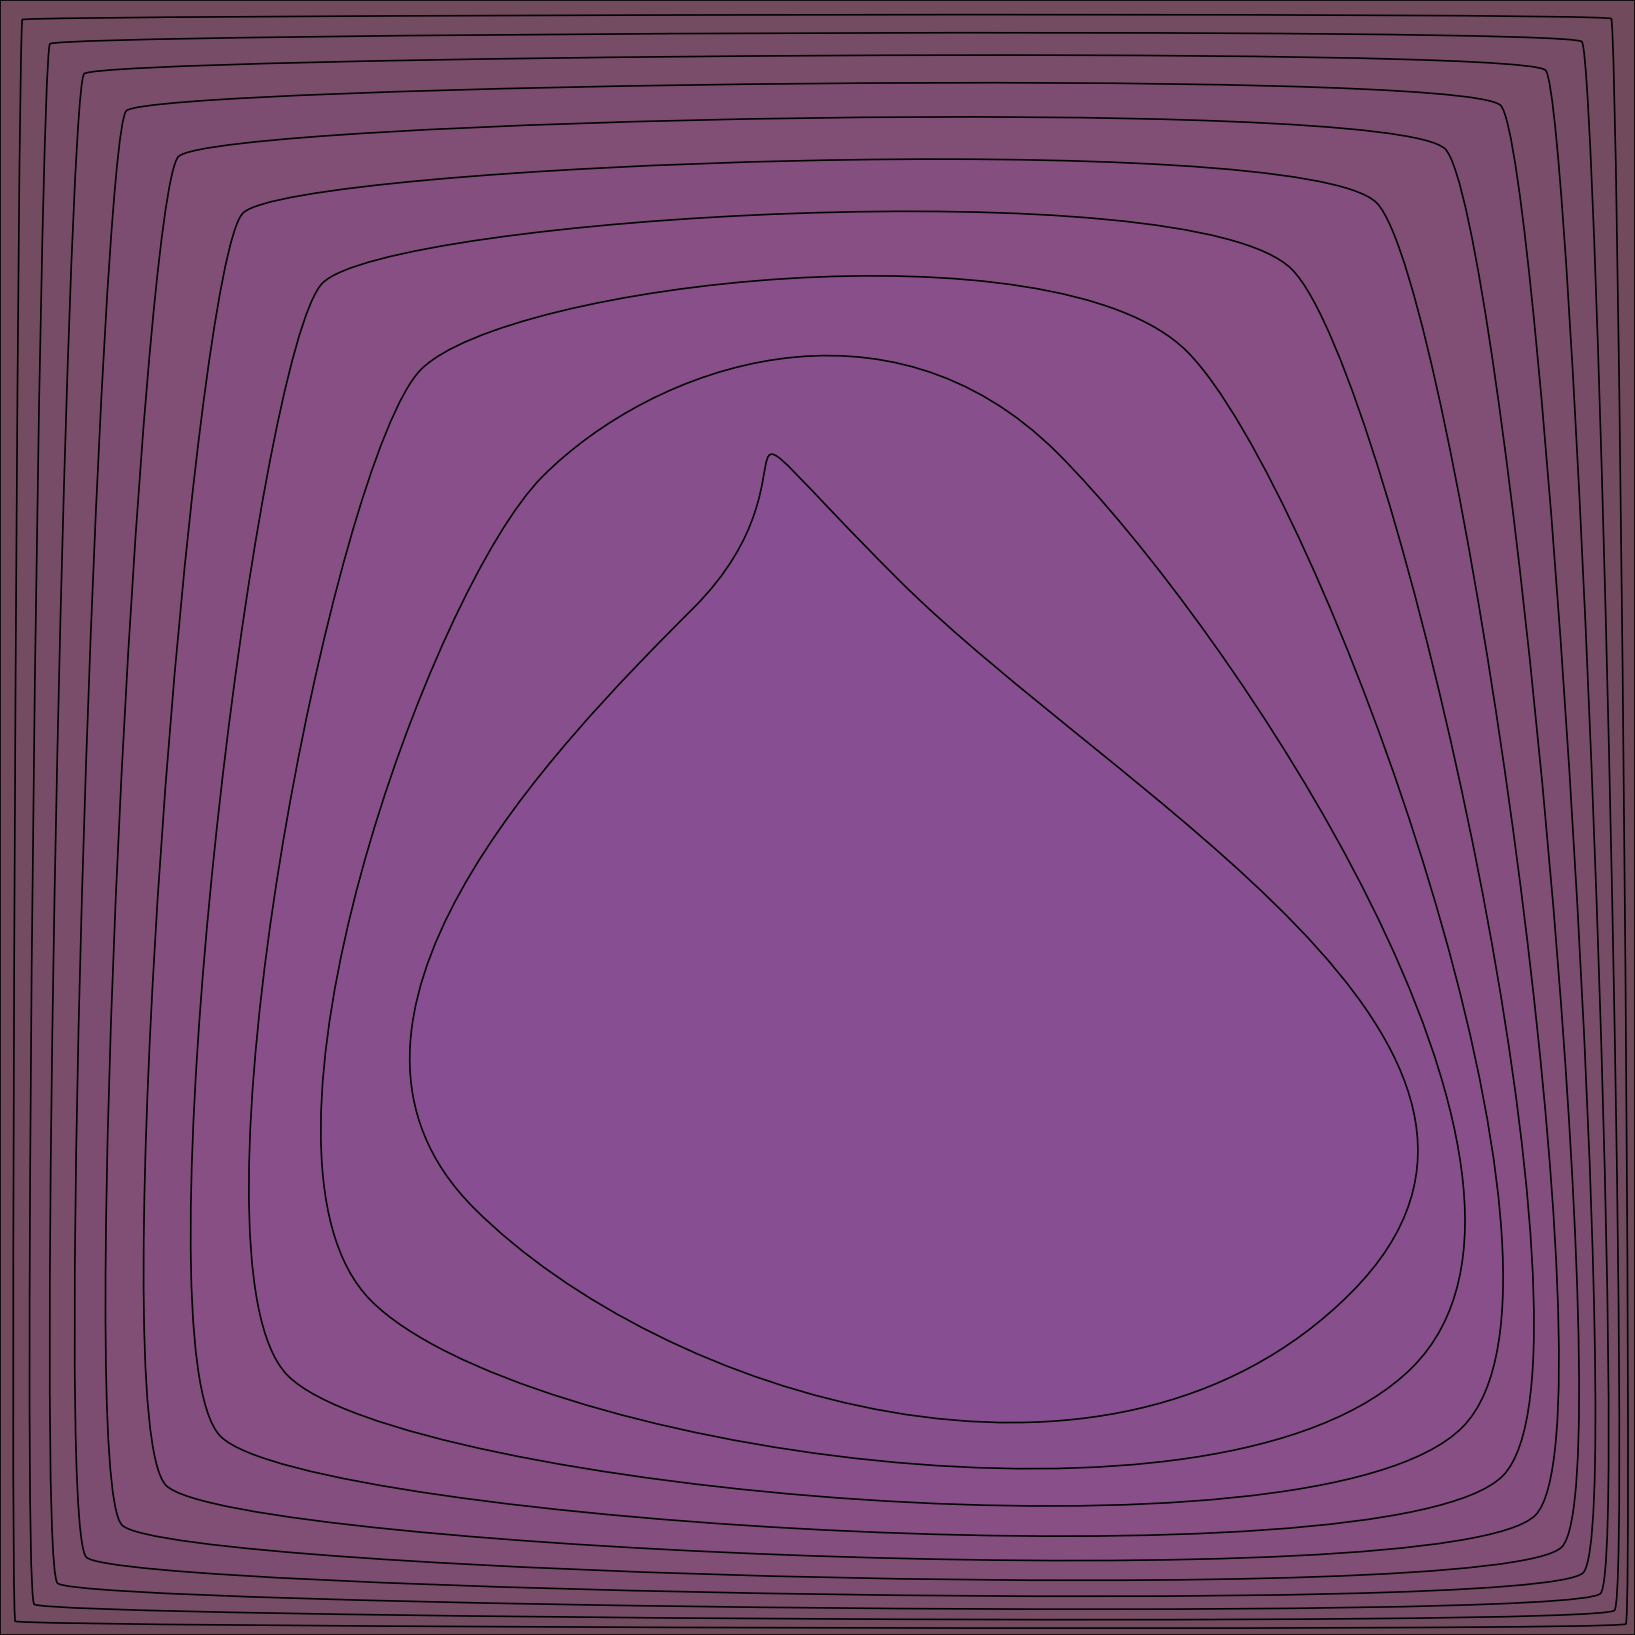

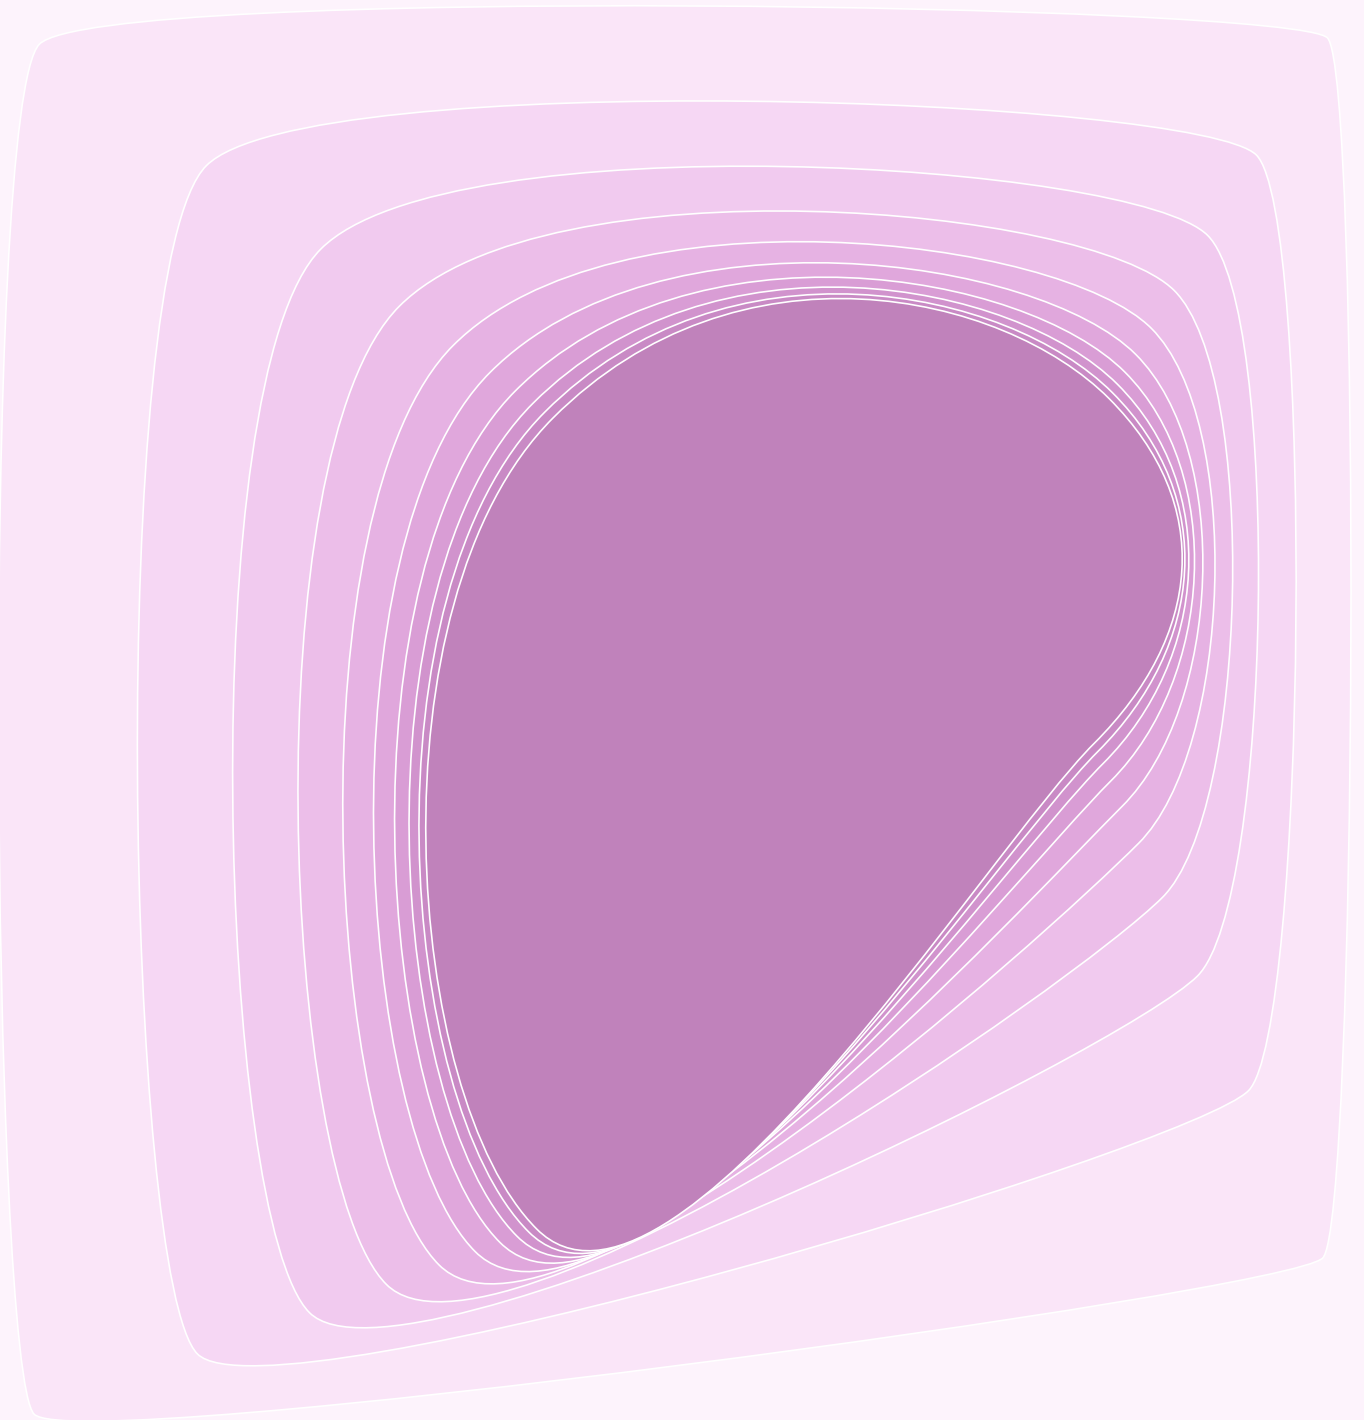

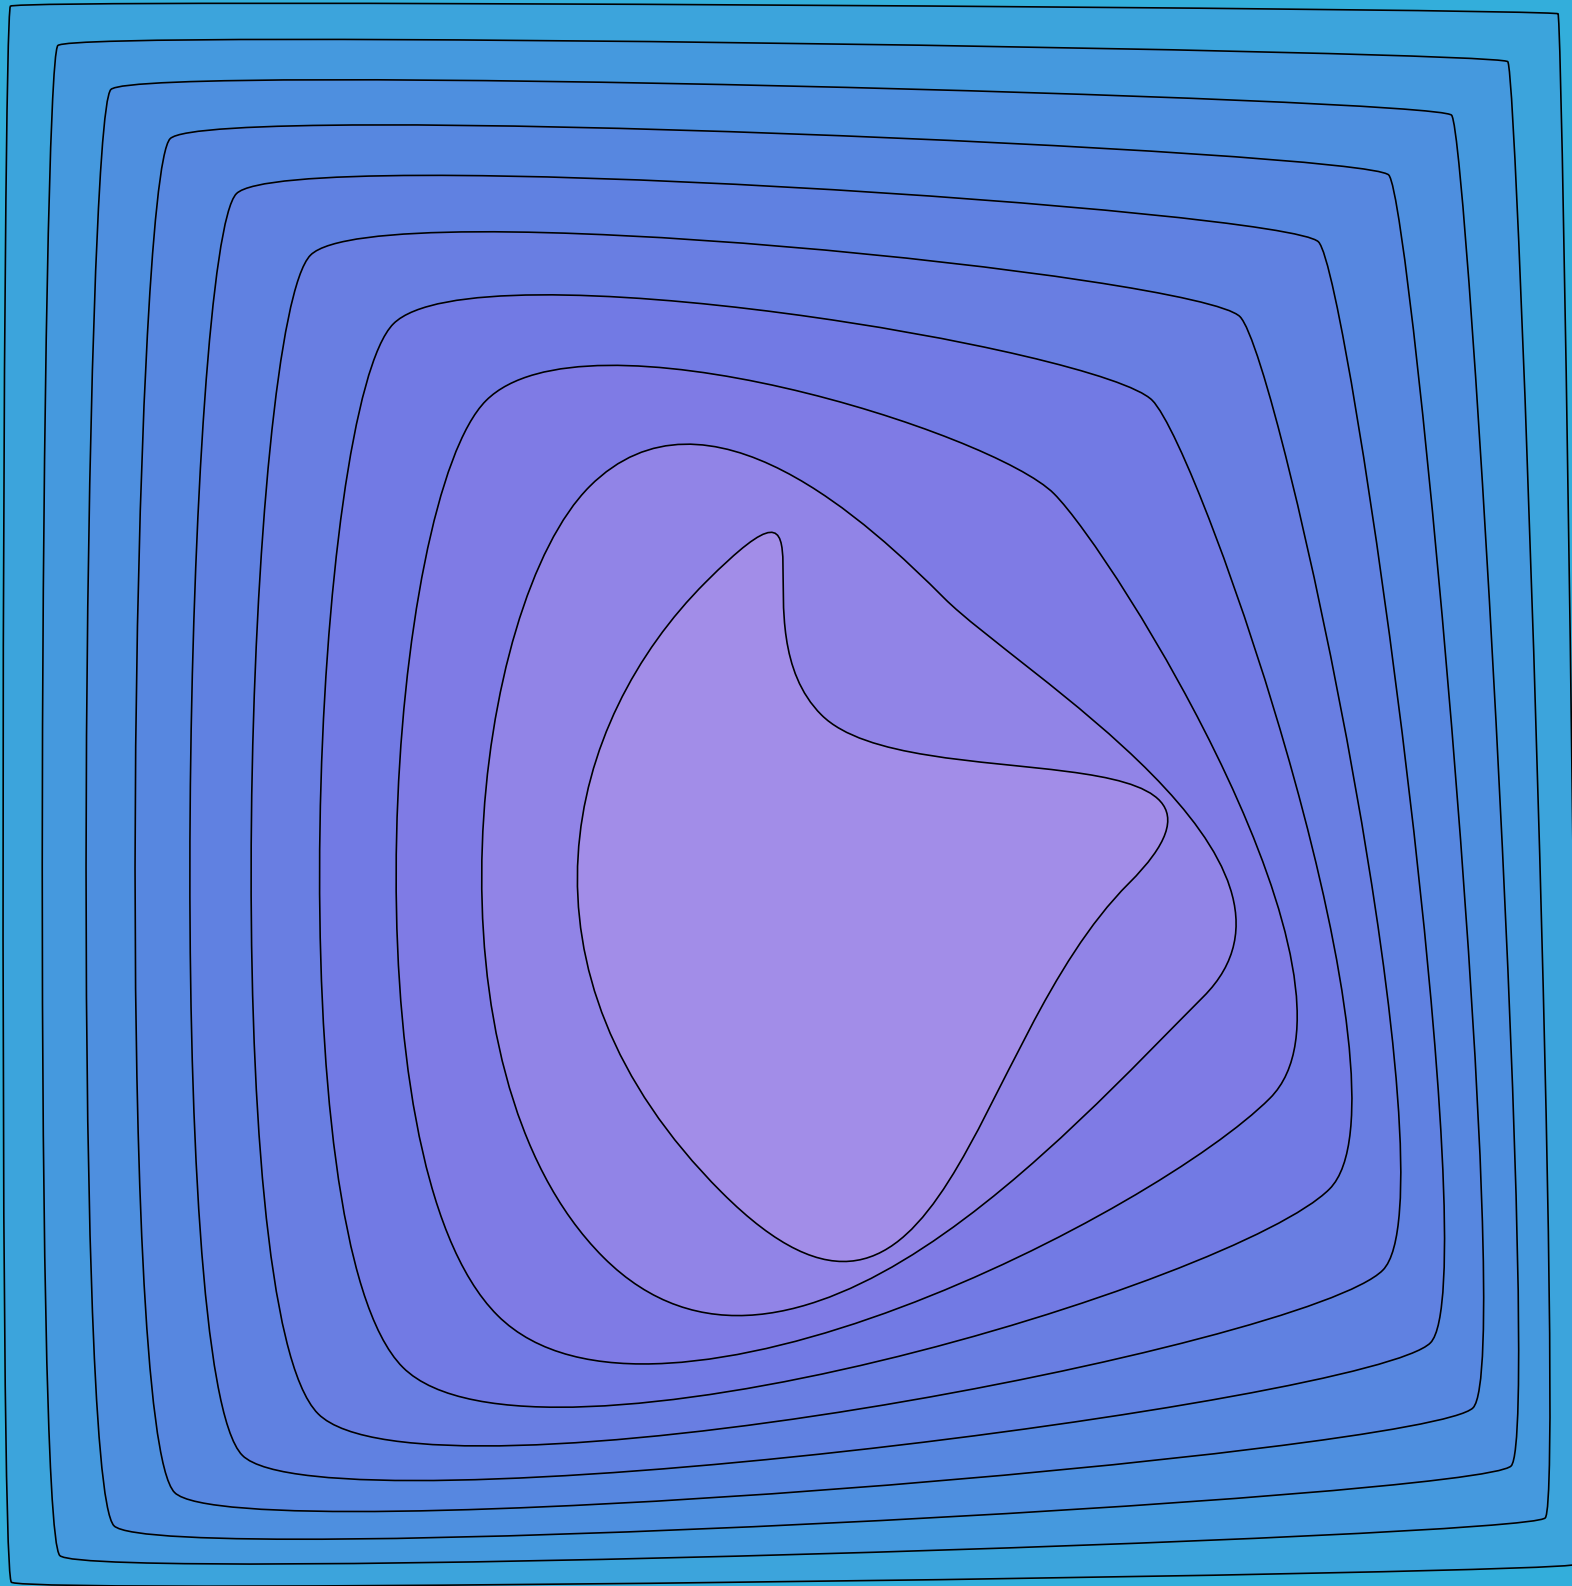

Every day my webserver generates a new book, filled with blobs of a random colour that turn into rectangles in ten steps. The blobs might have a border, and this border, if it exists, is either black or white. The ten steps follow a certain ratio. This ratio is one of the twelve so called excellent orthogons: The Quadrat, the Hemidiagon, the Trion, the Quadriagon, the Biauron, the Penton, the Diagon, the Bipenton, the Hemiolion, the Auron, the Hecton, and the Doppelquadrat.

Created for Vasilis van Gemert — and you — by his webserver.
